

► **Training for Your Entire Crew**

Convenient and easy, training is provided when and where you want it.

► **Get Trained on Only What You Use**

Training is customized based on your unique needs.

► **Be More Profitable**

Troubleshooting problems is easier and faster when your team has the right knowledge and skills.

Customized Training for Your Company

Training brought to you by industry experts

"We chose to host a training event for our staff because it was more convenient to have all of our staff trained at our facility rather than sending them to class at another location. I think the team benefited by being together in a smaller class setting with their co-workers."

*James Hardy
Classic Landscape*

Whether it's a day-long or multi-day training, Customized Training is the convenient way to get your team trained.

Each training event is customized to your needs using professionally developed materials delivered by industry-recognized experts. We train on all manufacturer brands using industry best practices. Our training never includes a sales pitch for Rain Bird products.

Plan Your Customized Training Event

COMPANY NAME <i>(write or type company name above)</i>		CITY	STATE
CONTACT NAME	CONTACT PHONE	CONTACT E-MAIL	

Where would you like to hold the training? <i>(please indicate the city and state, and type of facility e.g. your office or store, or hotel)</i>	
When would you like to hold the training? <i>(please list specific dates)</i>	
How many people do you anticipate in the class?	Who will be attending? <i>(e.g. employees, customers)</i>
What is your goal with the training? <i>(e.g. I want my team to learn specific troubleshooting techniques with residential controllers - or- I want my customers to learn how to operate their central control system.)</i>	
What is your budget for this event? How many consecutive days can you hold training? <i>(The more training days, the more you save on the per day cost.)</i>	
How would you like to pay for training? <i>(e.g. rewards points)</i>	Member ID#

CHOOSE THE TOPICS YOU WOULD LIKE TO COVER AT THIS EVENT.
