The Tennessee River Athletic Club

Our goal, simply put, is to create an organization for all people who want to improve their fitness and quality of life through running, jogging and walking. We want to provide an opportunity to participate for every interested person, regardless of ability or whether that person wants to run, jog or walk. We want to create group opportunities for all our members, so that they can carry on these activities in the presence of friends with a common interest. Our races and other events will reflect this philosophy.
