

Concept Development Workshop for Trials and Translational Research Studies

Friday 25th November 2011

This one day workshop will help clinical investigators refine their concept for the evaluation of an intervention into a proposal for a clinical trial and/or translational research study. It will provide information, advice and guidance on how to develop a concept outline from an initial idea or clinical question by specifying a suitable aim, objectives, population, interventions, study design, outcome measures, sample size, analysis plan and funding strategy, as well as further tips and hints on developing your proposal into a funding application, letter of intent (LOI) and full study protocol.

Who should attend?

This workshop is designed for investigators (clinicians & scientists) who have an idea for a clinical trial and are suitably qualified individuals pursuing clinical research. Investigators from any therapeutic area or discipline are able to attend.

Workshop Registration – Please register your interest by COB Friday 11th November 2011 as there are a limited number of spaces in the workshop. A fee of \$100 will be payable at registration to offset administrative costs. Those developing Oncology proposals may apply for a workshop scholarship. Travel expenses to the workshop will be the responsibility of the participant.

What should you do to prepare?

Each participant will be required to bring a concept outline for a study or a protocol currently being written. This will be developed further during the workshop. ***A one page draft concept outline for your study must be submitted for review by the workshop faculty by COB Friday 11th November 2011***

Workshop Faculty

The workshop faculty based at the NHMRC Clinical Trials Centre has extensive experience and expertise in the development of clinical trials, teaching clinical trials and translational research methods, statistical design and analyses.

Workshop Venue & Times

This workshop is being convened by the NHMRC Clinical Trials Centre at the following address at The University of Sydney:

Medical Foundation Building
92-94 Parramatta Rd,
Camperdown NSW

This workshop will be run from 9am to 5pm

Workshop Program

The program will include a number of interactive sessions and topics including:

- *Structure and Purpose of a Concept Outline*
- *Developing a Health Intervention*
- *Trial Design and Sample Size Calculations*
- *Specifying Suitable Target Populations*
- *Outcomes*
- *Feasibility and Funding Strategies*

The program format will consist of a combination of presentations, exercises and interactive group discussions. Participants will work on their proposed concepts throughout the day and present them for discussion and feedback in small group sessions supported by faculty experts.

REGISTRATION / TAX INVOICE

Concept Development Workshop for Trials and Translational Research Studies

University of Sydney (NHMRC Clinical Trials Centre)

ABN: 15 211 513 464

This registration form is a valid **tax invoice**

Mr / Mrs / Ms / Dr / Other _____

Name _____

Work Affiliation and Department _____

Address _____

State _____ Postcode _____

Phone Work _____

Phone Home _____

Phone Mobile _____

Fax _____

Email _____

Dietary request _____

Therapeutic Area _____

ONCOLOGY STUDIES ONLY:

Tumour type _____

Descriptive title for your proposed trial (max 30 words)

I would like to apply for a workshop scholarship (tick)

NB: scholarship covers workshop cost only, travel is at the attendee's expense

Please register me for:

Tick	Course	Date	Price (GST included)
<input type="checkbox"/>	Concept Development Workshop	Friday 25 November 2011	\$100.00
TOTAL			\$100.00

Payment Options:

I will be applying for a workshop scholarship (ONCOLOGY concepts only)

OR

Please find enclosed a cheque (in \$AUD) made payable to 'The University of Sydney'

OR

Please charge my VISA Mastercard

Card No: _____ - _____ - _____ - _____

Expiry: ____ / ____ Amount \$ _____

Name on card _____

Signature: _____

Registration will not be confirmed until full payment is received
