Building To Touch Lives

There Is Just “Something”
About A New Church Building....

By Joy Henley

Commit to the Lord whatever you do, and your plans will succeed. Proverbs 16:3 (NIV)

Everyone is talking about Highline Christian Church! Have you noticed how the community seems to be “embracing” the new sanctuary? People who have no connection to Highline are intrigued with the day-to-day development. They are literally following the construction progress! Step-by-step. Day-by-day. On some days, they update *me* about the latest changes.

I have found myself in many community settings and places- i.e. grocery stores, conducting an interview, etc. with people asking me specifics about the new sanctuary. “What is the one part of the building that faces 1st Avenue?” “Where will the entrance be?” One person gleefully entered my office and announced to everyone, “I can’t believe how fast your church is being built. I just drove by the other day and saw it....now today it looks totally different!” People who have no affiliation with Highline Christian Church have already approached me with hope that in the future, perhaps a community ecumenical service or musical concert can be held in the new sanctuary!

Is it just me or have others driven by the construction site and seen the same workers at 6:30 P.M. that were there on the way to work at 8:30 A.M? One Sunday evening I drove by and saw workers in the pouring rain. These workers are the epitome of commitment and dedication. Their efforts and accomplishments echo a loud voice. Their hard work conveys the nurturing we provide for our church and our love for our Heavenly Father. Mere words could never express our devotion in such a clear way.

(Continued top next column)

(Continued from previous column)

Upon leaving worship one recent Sunday, I observed several people peering at the construction. An older gentleman approached me, simply motioned to a section and proudly exclaimed, “That is where I worked the other day.” The structure projects such a majestic presence- it is in some ways a “conversation piece,” and in others, validation of our dreams and faith. Just marvel at that construction...and celebrate each step closer to our goal!

I sometimes feel that the community is “on the outside looking in.” You know what I think some of the onlookers *really* want? They just want an invitation, an extended hand, or a “welcome mat.” When someone asks questions about our new church, invite them to “Work Day.” Encourage them to get closer! Direct them to the church website so they can see the progress in pictures. We do not have to wait until the new sanctuary is completed and everything is perfect to touch lives. Let your own enthusiasm overflow ... I promise that it will be “contagious!”

There truly is just “something” about a new church. What is it? The beauty is that we don’t exactly know! It represents “something” different for each of us. Whatever surfaces in us, we know we are growing closer to God’s love. SO, it’s ok to be a “look-e-loo!” It is not necessary to simply stand on the outside of a construction site, or peer through wood. Invite others to join our flurry of excitement, learn more... and come a little closer!

Are you someone who loves to plan events? Do you have a flair for decorating? Would you like to work with brides as they plan their weddings and receptions? The Highline Christian Church is looking for women who would like to be involved in a bridal ministry. If you are interested but have questions, please contact Kathy Bledsoe, head of the Women's Ministry Team.

That The World May Know

A series of video and Bible studies by Ray Vander Laan will be offered on Sunday Evenings from 6:00 to 7:30 P.M. (plus or minus - to coordinate with those with youth in their programs) beginning in February. The class is open to anyone interested in learning more about the Bible and strengthening their faith through the coordination of Bible study, archaeology presentation and discussion. We will be viewing and studying on "Faith Lessons on the Promised Land."

February's Schedule of Presentations:

- February 5 Standing At The Crossroads: From the ruins of Gezer, why did God place Israel where it is?
- February 12 Wet Feet: Crossing the Jordan River and entering the Promised Land.
- February 19 First Fruits: The taking of Jericho and its meaning.
- February 26 Confronting Evil: The culture Samson was born into.
- March 5 Iron of Culture: David and Goliath in the setting of technology and Israel's struggle.

Each lesson is designed to be stand-alone, so you can miss some, take only the ones you find interesting, etc. without losing any lesson value.

In all there are five series Ray Vander Laan has produced through the encouragement of Focus on the Family, who discovered him giving tours in Israel and felt that his unique presentation style and incredible knowledge of Israel's history would be of value to Christians at all levels of knowledge, age and experience.

Hope you can come and share in the excitement of seeing our Bible presented in a new and interesting manner.

Green Thumbs Needed

Are you a "green thumb" or do you like working with plants? We need a team of people to start working to purchase and place in the ground plants that will go around the new parking lot. The architectural plans specify what kind of plants are needed and where they go. Now is the time to start getting them in the ground so they have time to settle in before spring. If you are interested in helping with this mandatory part of the construction project, please contact Scott Barnes, or send an e-mail to:

buildingteam@highlinechristian.org

Michelle Parker is Leaving To Serve In Chile

I am leaving on Monday January 30 to return to Maipu, Chile. I will meet up with the Kallestad family where they are serving in numerous churches and schools they have helped plant around the surrounding Santiago area. I will return in six months on August 2. I will be doing numerous ministries while serving with the Kallestad family including serving in a summer youth outreach program at the San Luis church, helping with children's ministries, construction, translating and helping U.S. teams who come to serve, music and dramas, and much more. I hope to get a great tan and come back speaking fluent Spanish! I know God will use me to touch many people's lives while in Chile, and many seeds will be planted. Who knows? Maybe I'll be able to witness someone coming to Christ through one of the ministries! Please keep my mission in your prayers as I start this journey. Specific prayer requests include:

- ◆ For God to prepare the hearts of those who I will come in contact with.
- ◆ For the unsaved in Chile to be saved.
- ◆ For the people of Chile who claim to be Christians (or Catholics) but have no true relationship with Christ to be able to start a personal relationship with Him and experience His deep love.
- ◆ For many opportunities to share my faith with others
- ◆ Boldness and obedience to God's will
- ◆ Good health and safety
- ◆ Joy, peace and endurance

Please visit my website to contact me while in Chile at:

Thank you to the entire congregation and those who have supported me! God bless you. Verte cuando vuelvo!

Sports Ministry Update

The winter sports season is in full swing with four teams spread around South King County.

1. There is a **co-ed soccer team** playing at the Starfire indoor sports arena in Tukwila on Tuesday evenings (they are still looking for more female participants).
2. Also on Tuesday evenings is **co-ed no-spike volleyball** at the Tukwila Community Center.
3. Playing at the Renton Community Center on Tuesday evenings is the **men's basketball team**.
4. We also have a group of hardcore **volleyball** players playing in the **spike league** on Wednesday evenings at the Renton Community Center.

Schedules for these teams are posted on the sports ministry board in the hallway by the bathrooms and in the bulletin on the "This Week" page.

Our **sports teams have multiple objectives** in each of these leagues. Number one is to honor God. Number two is to protect Highline Christian Church's reputation. Number three is to encourage all participants. Lastly, we play to win. Playing in non-church leagues can make these objectives difficult to maintain. Please remember us in your prayers that we may adhere to these goals and that our players may remain injury free.

I am looking for special people to **help organize upcoming events**. Anyone who would like to organize the popular bowling tournament or fall golf tournament please contact Clint Kelly (mailbox #79).

Now is also the time to start thinking about **softball**. League play will begin April 24th. If interested, contact Mike Dettling or Bill Bird. We are limited to a maximum number of players on the roster. Please, respond as soon as possible. Once we start to experience drier weather, we will start throwing and hitting balls around on Sundays after church.

For Women!

This is a chance for the ladies of the congregation to get together for

fellowship and conditioning. Debbie Osborne is working up routines that will involve strength training and cardiovascular activities. There is no cost to join. Apparatus to be used will be hand weights and stability balls. There will be some aerobic exercise involved, also. Debbie can furnish some apparatus if you are unable to bring any. This class will begin once we have enough participants. Sign up sheets are posted on the sports ministry board and on the women's ministry board located on the North wall of the Fellowship Hall close to the kitchen doors. Questions may be directed to Debbie (mailbox #239) or Clint Kelly.

Mid-Week Painters Needed

The new building construction team has an important task coming up starting on February 6th. The project is to paint some large steel brackets. After they are painted, the construction crew can begin installing them. They play a vital role in the construction because they hold together the beams that are the foundation for the roof system.

We can't have 20 people show up on one day, however, to do the painting. We need four people each day of the week for 1-2 weeks.

If you're available on a weekday between Feb 6 and 17 and are willing to help with this project, please contact Randy Nye by sending an e-mail to buildingteam@highlinechristian.org or if you don't have e-mail call Randy.
