## AUCTIONEER'S NOTE

DoveBid is pleased to have been selected by Geocast Network Systems to conduct a complete liquidation of its capital equipment. Geocast was a broadband telecommunications firm delivering multicast transmission of audio, video and interactive content to the personal computer.

Accordingly, there are large quantities of very sophisticated telecommunication gear of current vintage, much of it being less than one year old, with special emphasis on Sun Servers and Storage as well as Cisco Routers and Switches. We urge you to attend the preview on April 24 to thoroughly acquaint yourselves with the vast assortment of desirable equipment that will be auctioned the following day. We would like to thank you in advance for your interest, and look forward to your participation whether you will be bidding onsite in the auction room, or whether bidding online. Good Luck!

Over 700 IBM Computers with monitors ranging 667/P3 to Pentium 200. Apple G4's with Video Editing Equipment, Qty. 6. Also over 50 Dell 733mhz P3's.
