CUSTOMER shall be solely responsible for insuring CUSTOMER's Gas against loss while it is in COMPANY's possession, and any such insurance shall include a waiver of subrogation in favour of COMPANY. If CUSTOMER has or obtains any such insurance, CUSTOMER shall provide a copy of such insurance to COMPANY at COMPANY's request.

VI. MEASURING EQUIPMENT

1. Metering by COMPANY: COMPANY will install and operate, or cause to be installed and operated, meters and related equipment (collectively, the "**Measuring Equipment**") as required in accordance with the Act.
2. Metering by Others: In the event that all or any Gas delivered to/by COMPANY hereunder is measured by a meter that is owned and operated by an Interconnecting

Pipeline, then COMPANY and CUSTOMER agree to accept that metering for the purpose of determining the volume and energy of Gas delivered to/by COMPANY on behalf of CUSTOMER. The standard of measurement and tests for the Gas delivered to/by COMPANY hereunder shall be in accordance with the general terms and conditions as incorporated in that Interconnecting Pipeline's gas tariff as approved by its regulatory body, as applicable.

3. Measurement of Interconnecting Pipelines: COMPANY shall cause CUSTOMER to obtain measurement of the total quantity of Gas to be received by COMPANY hereunder from the Interconnecting Pipeline. Such measurement shall be done in accordance with established practices between COMPANY and the Interconnecting Pipeline.
4. Measurement Error of Interconnecting Pipelines: In the event of an error in the Interconnecting Pipeline's metering or an Interconnecting Pipeline meter failure (such error or failure being determined by any available method, including check measurement if applicable), CUSTOMER shall enforce its rights with the Interconnecting Pipeline(s) to remedy such error or failure, or shall take reasonably necessary action to remedy such error or failure if CUSTOMER is the Interconnecting Pipeline(s), including enforcing any inspection and/or verification rights and procedures.
5. Check Measuring Equipment: CUSTOMER may install, maintain, and operate, at the interconnection of the COMPANY's Facilities to any Interconnecting Pipeline, at its own expense, such check measuring equipment as desired, provided that such equipment shall be so installed as not to interfere with the operation of the Measuring Equipment at or near the aforementioned interconnection, and shall be installed, maintained and operated in conformity with the same standards and specifications applicable to the Measuring Equipment.
6. Rights of Parties: The measuring equipment installed by either Party, together with any building erected by it for such equipment, shall be and remain its property. However, each Party shall have the right to have representatives present at the time of any installing, reading, cleaning, changing, repairing, inspecting, testing, calibrating, or adjusting done in connection with the other Party's measuring equipment used in measuring or checking the measurement of deliveries of Gas to/by COMPANY under the Agreement. Each Party will give the other Party reasonable notice of its intention to carry out the acts herein specified. The records from such measuring equipment shall remain the property of their owner, but upon request each will submit to the other its records and charts, together with calculations therefrom, for inspection and verification, subject to return within ten (10) days after receipt thereof.
7. Calibration and Test of Measuring Equipment: The accuracy of the Measuring Equipment shall be verified by COMPANY at reasonable intervals, and if requested, in the presence of representatives of CUSTOMER, but COMPANY shall not be required to verify the accuracy of the Measuring Equipment more frequently than once in any

thirty (30) day period. In the event either Party shall notify the other that it desires a special test of any Measuring Equipment, the Parties shall co-operate to secure a prompt verification of the accuracy of such equipment. The expense of any such special test, if called for by CUSTOMER, shall be borne by CUSTOMER if the measuring equipment tested is found to be in error by not more than two percent (2%). If, upon test, any measuring equipment is found to be in error by not more than two percent (2%), previous recordings of such equipment shall be considered accurate in computing deliveries of Gas, but such equipment shall be adjusted at once to record as near to absolute accuracy as possible. If the test conducted shows a percentage of inaccuracy greater than two percent (2%), the financial adjustment, if any, shall be calculated in accordance with the Act.

8. Preservation of Metering Records: COMPANY and CUSTOMER shall each preserve for a period of at least six (6) Years all test data and other relevant records.

VII. BILLING

1. Monthly Billing Date: COMPANY shall render bills on or before the tenth (10th) day of each month for all Storage Services furnished during the preceding month. Such charges may be based on estimated quantities, if actual quantities are unavailable in time to prepare the billing. COMPANY shall provide, in a succeeding month's billing, an adjustment based on any difference between actual quantities and estimated quantities, without any interest charge. If presentation of a bill to CUSTOMER is delayed after the tenth (10th) day of the month, then the time of payment shall be extended accordingly, unless CUSTOMER is responsible for such delay.
2. Right of Examination: Both COMPANY and CUSTOMER shall have the right to examine at any reasonable time the books, records and charts of the other to the extent necessary to verify the accuracy of any statement, chart or computation made under or pursuant to the provisions of the Agreement.
3. Accounting for Storage Services: All quantities of Gas delivered to/by COMPANY shall be accounted for on a daily basis.

VIII. PAYMENTS

1. Monthly Payments: CUSTOMER shall, unless otherwise directed by COMPANY, pay directly into COMPANY's Bank Accounts by electronic funds transfer so that COMPANY shall receive from CUSTOMER, on or before the twentieth (20th) day of each month, payment on the bill provided by COMPANY. If the payment date is not a Business Day, then the payment must be received in COMPANY's account on the first Business Day preceding the twentieth (20th) day of the month.
2. Remedies for Non-Payment: Should CUSTOMER fail to pay all of the amount of any bill as herein provided when such amount is due,
 - a. CUSTOMER shall pay to COMPANY interest on the unpaid portion of the bill accruing at a rate per annum equal to the minimum commercial lending rate of

COMPANY's principal banker in effect from time to time from the due date until the date of payment.

- b. If such failure to pay continues for thirty (30) days after the payment is due, COMPANY, in addition to any other remedy it may have under the Agreement may suspend the Storage Services until such amount is paid.

Notwithstanding such suspension, all demand charges shall continue to accrue hereunder as if such suspension were not in place. If CUSTOMER, in good faith, disputes the amount of any such bill or part thereof CUSTOMER shall pay to COMPANY such amounts as it concedes to be correct. At any time thereafter, within twenty (20) days of a demand made by COMPANY, CUSTOMER shall furnish financial assurances satisfactory to COMPANY, guaranteeing payment to COMPANY of the amount ultimately found due upon such bill after a final determination. Such a final determination may be reached either by agreement, arbitration decision or judgment of the courts, as may be the case. COMPANY shall not be entitled to suspend the Storage Services because of such non-payment unless and until default occurs in the conditions of such financial assurances or default occurs in payment of any other amount due to COMPANY hereunder.

Notwithstanding the foregoing paragraphs, CUSTOMER is not relieved from the obligation to continue its deliveries of Gas to COMPANY under the terms of any agreement, where CUSTOMER has contracted to deliver specified quantities of Gas to COMPANY.

3. Set Off: If either Party shall, at any time, be in arrears under any of its payment obligations to the other Party, under the Agreement, or otherwise indebted to the other Party, then the Party not in arrears shall be entitled to reduce any amount payable by it to the Party in arrears under the Agreement, or any other agreement, by an amount equal to the amount of such arrears or other indebtedness to the other Party. In addition to the foregoing remedy, COMPANY may, upon forty-eight (48) hours verbal notice, to be followed by written notice, take title to and possession for its own behalf of any or all of CUSTOMER's Gas under the Agreement and any enhancements to the Agreement, which shall be deemed to have been assigned to COMPANY, to reduce such arrears or other indebtedness to COMPANY.
4. Billing Adjustments: If it shall be found that any at time or times CUSTOMER has been overcharged or undercharged in any form whatsoever under the provisions of the Agreement and CUSTOMER shall have actually paid the bills containing such overcharge or undercharge, COMPANY shall refund the amount of any such overcharge and interest shall accrue from and including the first day of such overcharge as paid to the date of the refund and shall be calculated but not compounded at a rate per annum determined each day during the calculation period to be equal to the minimum commercial lending rate of COMPANY's principal banker, and CUSTOMER shall pay the amount of any such undercharge, but without interest. In the event COMPANY renders a bill to CUSTOMER based upon measurement estimates, the required adjustment to reflect actual measurement shall be made on the bill next

following the determination of such actual measurement, without any charge of interest. In the event an error is discovered in the amount billed in any statement rendered by COMPANY, such error shall be adjusted by COMPANY. Such overcharge, undercharge or error shall be adjusted by COMPANY on the bill next following its determination (where the term "bill next following" shall mean a bill rendered at least fourteen (14) days after the day of its determination), provided that claim therefore shall have been made within six (6) Years from the date of the incorrect billing. In the event any refund is issued with CUSTOMER's bill, the aforesaid date of refund shall be deemed to be the date of issuance of the bill.

5. Final Determination: For the purpose of completing a final determination of the actual quantities of Gas handled in any of the Storage Services to CUSTOMER, the Parties shall have the right to amend their statements for a period equal to the time during which the Interconnecting Pipeline retains the right to amend its statements, which period shall not exceed three (3) Years from the date of termination of the Agreement.

IX. **ARBITRATION**

If and when any dispute, difference or question shall arise between the Parties regarding the Agreement or anything herein contained, or the construction hereof, or the rights, duties or liabilities of the parties in relation to any matter hereunder, the matter in dispute shall be submitted and referred to arbitration within ten (10) days after written request of either Party. Upon such request COMPANY and CUSTOMER shall each appoint an arbitrator, and the two so appointed shall appoint a third. A majority decision of the arbitrators shall be final and binding upon the parties. In all other respects the provisions of the *Arbitration Act*, 1991, S.O. 1991, c. 17, or any act passed in amendment thereof or substitution therefor, shall apply to each such submission. Operations under the Agreement shall continue, without prejudice, during any such arbitration and the costs attributable to such arbitration shall be shared equally by the Parties.

X. **FORCE MAJEURE**

1. Definition: The term "**Force Majeure**" as used herein shall mean acts of God, strikes, lockouts or any other industrial disturbance, acts of public enemy, sabotage, wars, blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, washouts, arrests and restraints of governments and people, civil disturbances, explosions, breakage or accident to machinery or lines of pipe, freezing of wells or lines of pipe, inability to obtain materials, supplies, permits or labour, any laws, orders, rules, regulations, acts or restraints of any governmental body or authority (civil or military), any act or omission by parties not controlled by the Party claiming Force Majeure, and any other similar cases not within the control of the Party claiming Force Majeure, which by the exercise of due diligence such Party is unable to prevent or overcome.
2. Notice of Force Majeure: In the event that either CUSTOMER or COMPANY is rendered unable, in whole or in part, by Force Majeure, to perform or comply with any obligation or condition of the Agreement, such Party shall give notice and full

particulars of such Force Majeure and the Party's reliance on this Article as a result thereof in writing delivered by hand, facsimile or other direct written electronic means to the other Party as soon as possible after the occurrence of the Force Majeure.

3. Effect of Force Majeure: An event of Force Majeure shall suspend a Party's obligations under the Agreement, except for payment obligations, to the extent such obligations are affected by, and for the duration of, such Force Majeure, and the Party's failure to perform such suspended obligations shall be deemed to not be a breach of this Agreement.
4. Exceptions: A Party shall not be entitled to the benefit of the provisions of this Article in the following circumstances: if the Force Majeure was caused solely by the negligence of the Party claiming Force Majeure; to the extent the Party claiming Force Majeure fails to remedy the condition by making all reasonable efforts (short of litigation, if such remedy would require litigation); to the extent the Party claiming Force Majeure fails to resume the performance of its affected obligations with reasonable dispatch after the cessation of the Force Majeure; if the Force Majeure was caused by lack of funds; if the Party claiming Force Majeure did not, as soon as possible after determining, or within the period within which it should acting reasonably have determined, that an occurrence was in the nature of Force Majeure and would affect its ability to observe or perform any of its obligations under the Agreement, give to the other Party the notice required hereunder.
5. Notice of Cessation of Force Majeure: The Party claiming Force Majeure shall give notice as soon as possible after the Force Majeure condition is remedied, to the extent that the same has been remedied, and that such Party has resumed or is then in a position to resume the performance of its obligations under the Agreement.
6. Upstream or Downstream Force Majeure: An event of Force Majeure upstream or downstream of COMPANY's Facilities shall not relieve CUSTOMER of its obligation to pay any charges hereunder.
7. Demand Charge Relief: If on any Day COMPANY fails to receive or deliver or receive the Authorized Quantity (up to the Daily Maximum Injection Demand or Daily Maximum Withdrawal Demand, as applicable) by reason of Force Majeure, then for that Day COMPANY shall credit to CUSTOMER's bill an amount equal to half of the applicable Daily Demand Rate as defined in this paragraph, multiplied by the difference between the quantity of Gas actually delivered to or received by COMPANY during such Day and the Authorized Quantity (up to the Daily Maximum Injection Demand or the Daily Maximum Withdrawal Demand, as applicable) on such Day. The term "**Daily Demand Rate**" shall mean the monthly demand charge or equivalent (as stipulated in the Agreement) divided by the number of days in the month for which such rate is being calculated.
8. Alternate Arrangements: If on any Day COMPANY fails to receive or deliver the Authorized Quantity by reason of Force Majeure and CUSTOMER agrees to accept

delayed receipts or deliveries as contemplated by this Section; then COMPANY shall make all reasonable efforts to receive or deliver the Authorized Quantity as soon as practicable and on such Day or Days as are agreed to by CUSTOMER and COMPANY. To the extent that CUSTOMER receives or delivers the Authorized Quantity on this basis, CUSTOMER shall not receive any demand charge relief as contemplated in Section 7.

9. Allocation: If on any Day, by reason of an event of Force Majeure, COMPANY is unable to receive or deliver the Authorized Quantity of Gas nominated on that Day, the available storage capacity of COMPANY's Facilities shall be allocated by COMPANY to each Firm Storage Services customer whose Authorized Quantities are affected by the Force Majeure as a percentage of the Authorized Quantity of such Firm Storage Services customer for that Day divided by the sum of all Firm Storage Services customer Authorized Quantities for that Day multiplied by the actual quantity of gas delivered or received by COMPANY.

XI. DEFAULT AND TERMINATION

In the case of the bankruptcy, insolvency, liquidation, winding-up or making of an assignment for the benefit of its creditors or breach by a Party, or the non-observance or non-performance on the part of a Party of any covenant, proviso, condition, restriction or stipulation contained in the Agreement (but not including any failure to take or make delivery in whole or in part of the Gas delivered to/by COMPANY hereunder occasioned by any of the reasons provided for in Articles X or XV) which has not been waived by the other Party (the "**Non-Defaulting Party**"), then and in every such case and as often as the same may happen, the Non-Defaulting Party may give written notice to the other Party (the "**Defaulting Party**") requiring it to remedy such default and in the event of the Defaulting Party failing to remedy the same within a period of thirty (30) days from receipt of such notice, the Non-Defaulting Party may at its sole option declare the Agreement to be terminated and thereupon the Agreement shall be terminated for all purposes other than and except as to any liability of the Parties incurred before and subsisting as of such termination. Additionally, if the Non-Defaulting Party is COMPANY, the Non-Defaulting Party may exercise, without notice, its rights of set-off pursuant to Article VIII (3) and its rights under the Initial Financial Assurances and the Security (if any). The rights hereby conferred upon each Party shall be in addition to, and not in derogation of or in substitution for, any other right or remedy which the parties respectively at law or in equity shall or may possess.

XII. STORAGE SERVICE PROVISIONS

CUSTOMER's Storage Account is to be zero as of the Termination Date. It is the CUSTOMER's responsibility to schedule its deliveries to ensure that CUSTOMER's Storage Account is zero on the Termination Date, except in the event that a Force Majeure, as provided in and subject to Article X hereof, has prevented delivery of quantities by COMPANY to CUSTOMER such that the CUSTOMER could not reasonably comply with this provision. Any Gas remaining in CUSTOMER's Storage Account as of the Termination Date, subject to other agreement of the Parties, shall be immediately forfeited to COMPANY without further recourse.

XIII. LAWS, REGULATIONS AND ORDERS

1. Compliance: The Agreement and the respective rights and obligations of the Parties are subject to all present and future valid laws, orders, rules and regulations (including the Affiliate Relationships Code for Gas Utilities) of any competent legislative body or duly constituted authority now or hereafter having jurisdiction, including the OEB, and the Agreement shall be varied and amended to comply with or conform to any valid order or direction of any board, tribunal or administrative agency which affects any of the provisions of the Agreement.
2. Law of Contract: COMPANY and CUSTOMER agree that the Agreement is made in the Province of Ontario and that, subject to Article IX, the courts of the Province of Ontario shall have exclusive jurisdiction in all matters contained herein. The parties further agree the Agreement shall be construed exclusively in accordance with the laws of the Province of Ontario.

XIV. LIMITATIONS OF LIABILITY

1. Consequential Damages: The liability of the Parties hereunder is limited to direct damages only and all other remedies or damages are waived. In no event shall either Party be liable to the other Party for consequential, incidental, punitive or indirect damages, whether in tort, contract or otherwise.
2. Loss of Gas: COMPANY shall not be liable to CUSTOMER for loss of Gas in COMPANY's possession except to the extent such loss is caused by COMPANY's gross negligence or wilful misconduct.

XV. MAINTENANCE OR CONSTRUCTION

COMPANY's Facilities and/or any Interconnecting Pipeline may from time to time require maintenance or construction. If such maintenance or construction is required, and in COMPANY's sole opinion, acting reasonably, such maintenance or construction may impact COMPANY's ability to meet CUSTOMER's requirements, COMPANY shall promptly provide notice of same to CUSTOMER, provided that if it is COMPANY's Facilities that are undergoing maintenance or construction, COMPANY shall provide at least five (5) Business Days notice to CUSTOMER, except in the case of an emergency. In the event the maintenance impacts COMPANY's ability to meet CUSTOMER's requirements, COMPANY shall not be liable for any damages and shall not be deemed to be in breach of the Agreement.

To the extent that COMPANY's ability to accept and/or deliver CUSTOMER's Gas is impaired, the monthly demand charge shall be reduced in accordance with Article X.

COMPANY shall use reasonable efforts to determine a mutually acceptable period during which such maintenance or construction on COMPANY's Facilities will occur and also limit the extent and duration of any impairments. COMPANY will endeavour to schedule and complete such maintenance and construction on COMPANY's Facilities which would normally be expected to impact on COMPANY's ability to

meet CUSTOMER's requirements during the period from April 1 through November 1 of each year.

XVI. NOTICES

then CUSTOMER shall within five (5) Business Days of receipt of such written notice by COMPANY, obtain and provide to COMPANY a letter of credit or other security in the form and amount reasonably required by COMPANY (the "**Security**").

In the event that CUSTOMER in good faith, reasonably believes that it should be entitled to reduce the amount of or value of the Security previously provided, it may request such a reduction from COMPANY and to the extent that the Material Event has been mitigated or eliminated, COMPANY shall return all or a portion of the Security to CUSTOMER within fourteen (14) Business Days after receipt of the request.

CUSTOMER represents and warrants that any Security (including the Initial Financial Assurances) required to be provided pursuant to the Agreement shall remain in place throughout the term hereof, unless CUSTOMER and COMPANY agree otherwise. CUSTOMER shall notify COMPANY in the event of any changes to the Security (including the Initial Financial Assurances) throughout the term hereof.

7. Joint and Several Liability: In the event that CUSTOMER is more than one Person, the obligations of all such Persons shall be joint and several and the COMPANY shall not be required to exhaust its rights and remedies against any one Person prior to exercising its rights and remedies in respect of any other Person.
8. Confidentiality: Except for credit purposes, unless the Parties otherwise expressly agree in writing, the terms of this Agreement will remain strictly confidential except as otherwise required by applicable law or by any competent regulatory body or court of competent jurisdiction.
9. Waiver of Breach: No waiver of any provision of the Agreement shall be effective unless the same shall be in writing and signed by the Party entitled to the benefit of such provision and then such waiver shall be effective only in the specific instance and for the specified purpose for which it was given. No failure on the part of CUSTOMER or COMPANY to exercise, and no course of dealing with respect to, and no delay in exercising, any right, power or remedy under the Agreement shall operate as a waiver thereof. 3. COMPANY, in its sole discretion, may amend or modify the nominating procedures at any time. Nominations shall be submitted so as to be received by COMPANY in accordance with timelines established by COMPANY, which reflect the NAESB standard nomination cycles. COMPANY will accept all Nominations on each of the nomination cycles. Nominations made after the applicable deadline shall not be accepted except at the sole discretion of COMPANY. All times referred to herein are Eastern Clock Time. For greater certainty, NAESB nomination cycle timelines are as follows:

- a. The Timely Nomination Cycle: 12:45 pm for Nominations leaving control of the nominating party; 3:30 pm for receipt of Quantities Available by CUSTOMER; 4:30 pm for receipt of completed confirmations by COMPANY from upstream and downstream connected parties; 5:30 pm for receipt of Scheduled Quantities by CUSTOMER (Day prior to flow).
 - b. The Evening Nomination Cycle: 7:00 pm for Nominations leaving control of the nominating party; 9:00 pm for receipt of Quantities Available by CUSTOMER; 10:00 pm for receipt of completed confirmations by COMPANY from upstream and downstream connected parties; 11:00 pm for receipt of Scheduled Quantities by CUSTOMER (Day prior to flow).
 - c. The Intra-day 1 Nomination Cycle: 11:00 am for Nominations leaving control of the nominating party; 1:00 pm for receipt of Quantities Available by CUSTOMER; 2:00 pm for receipt of completed confirmations by COMPANY from upstream and downstream connected parties; 3:00 pm for receipt of Scheduled Quantities by CUSTOMER, on that Day. Quantities Available resulting from Intra-day 1 Nominations should be effective at 6:00 pm on the same Day.
 - d. The Intra-day 2 Nomination Cycle: 6:00 pm for Nominations leaving control of the nominating party; 8:00 pm for receipt of Quantities Available by CUSTOMER; 9:00 pm for receipt of completed confirmations by COMPANY from upstream and downstream connected parties; 10:00 pm for receipt of Scheduled Quantities by CUSTOMER on that Day. Quantities Available resulting from Intra-day 2 Nominations should be effective at 10:00 pm on the same Day.
4. COMPANY shall determine whether or not all or any portion of the Nomination will be scheduled at each nomination cycle. With respect to each nomination cycle, in the event COMPANY determines that it will not schedule such Nomination, COMPANY shall advise CUSTOMER of the reduced quantity (the "Quantities Available") for Storage Services at the applicable points as outlined in each nomination cycle. After receiving such advice from COMPANY, but no later than one half hour after the Quantities Available deadline, as outlined in each nomination cycle, CUSTOMER shall provide a revised Nomination ("Revised Nomination") to COMPANY which shall be no greater than the Quantity Available. If such Revised Nomination is not provided within the time allowed as required above or such Revised Nomination is greater than the Quantities Available, then the Revised Nomination shall be deemed to be the Quantities Available. If the Revised Nomination (delivered with the time allowed as required above) is less than the Quantity Available, then such lesser amount shall be the Revised Nomination.
5. For Storage Services requiring CUSTOMER to provide compressor fuel in kind, the nominated fuel requirements will be calculated by rounding to the nearest whole GJ.
6. All Timely Nominations shall have rollover options. Specifically, CUSTOMER shall have the ability to nominate for several Days, Months or Years, provided the Nomination start date and end date are both within the term of this Agreement.

7. Nominations received after the nomination deadline shall, if accepted by COMPANY, be scheduled after Nominations received before the nomination deadline.
8. All Storage Services are required to be nominated in whole Gigajoules (GJ).
9. To the extent COMPANY is unable to complete a Nomination confirmation due to inaccurate, untimely or incomplete data involving an Interconnecting Pipeline entity, COMPANY shall undertake reasonable efforts to confirm the transaction on a non-discriminatory basis until such time that the transaction is adequately verified by the Parties, or until such time that COMPANY determines that the Nomination is invalid at which time COMPANY shall reject the Nomination.
10. That portion of Nomination or Revised Nomination, as set out in paragraphs 1 and 4 above, which COMPANY shall schedule for Storage Services hereunder, shall be known as CUSTOMER's "Authorized Quantity".
11. If on any Day the actual quantities handled by COMPANY, for the Storage Services authorized, exceed CUSTOMER's Authorized Quantity, and such excess was caused by either CUSTOMER's incorrect Nomination or by its delivering or receiving too much Gas, then the amount by which the actual quantities handled for each of the Storage Services exceed CUSTOMER's Authorized Quantity shall be deemed "Unauthorized Overrun".
12. The daily quantity of Gas nominated by CUSTOMER will be delivered by CUSTOMER at rates of flow that are as nearly constant as possible, however, COMPANY shall use reasonable efforts to take receipt of Gas on any Day at an hourly rate of flow up to one twentieth ($1/20^{\text{th}}$) of the quantity received for that Day. COMPANY shall have the right to limit Storage Services when on any Day the cumulative hourly imbalance between receipts and deliveries exceeds one twentieth ($1/20^{\text{th}}$) of the quantity handled for that Day, for the Storage Services.
13. CUSTOMER may designate a third party as agent for purposes of providing a Nomination, and for giving and receiving notices related to Nominations, and COMPANY shall only accept Nominations from the agent. CUSTOMER shall provide COMPANY with written notice of such designation, such notice to be acceptable to COMPANY. Any such designation, if acceptable to COMPANY, shall be effective starting the Month following the receipt of the written notice and will remain in effect until revoked in writing by CUSTOMER.
