& Order Form

ACKNOWLEDGEMENTS

This document was made possible through the cooperative support and contribution of educators, industry leaders, and labor representatives. Through the development of courses and the lending of teaching materials, this curriculum guide reflects the best practices in instruction in community and technical colleges state-wide. Special thanks goes to Steve Quinn from Olympic College for his thoughtful suggestions and development of the levels represented in several courses and Barbara Clappett from Peninsula College for her creation of the skill standards assessment inventories. Administrative Assistant, Diane Hagen, from Renton Technical College also needs to be recognized for her diligent research and technical support. Without a doubt, no project of this magnitude could happen without the tireless and forgiving efforts of 'Yoshi' Tsuji, our indefatigable graphic designer.

DEVELOPMENT:

Norma W. Goldstein, Ph.D. Assistant Dean/Project Director, Renton Technical College
Sharon B. Marcy, Project Coordinator, Renton Technical College
Diana Hagen, Administrative Assistant, Renton Technical College
