Sandals Ceremony Enhancements

The Sandals Sand Ceremony

The Sand Unity Ceremony has become a very popular aspect in exchanging vows signifying the joining of the two families. The following is an example of what can be include in your Wedding Ceremony:

***Jane and Matthew**, you are making a commitment of your eternal love for one another. As you each hold your sand, the separate containers of sand represent your lives to this moment; individual and unique. As you now combine your sand together, your lives also join together as one. You may wish to leave a small amount of sand in each container to symbolize that although you are now joined as one, you each remain individuals. Today, this relationship is symbolized through the pouring of these two individual containers of sand one, representing you, **Jane** and all that you were, all that you are, and all that you will ever be, and the other representing you, **Matthew**, and all that you were and all that you are, and all that you will ever be. As these two containers of sand are poured into the third container, the individual containers of sand will no longer exist, but will be joined together as one. Just as these grains of sand can never be separated and poured again into the individual containers, so will your marriage be.*

Presentation of Floral

Most commonly seen when the bride offers her new mother-in-law a flower and the groom his new mother-in-law as well as the bride and groom exit the ceremony; a nice way to show someone how special they are.

We will discuss these items during our Planning Session phone call should you be interested in adding any of these options.

Frequently Asked Questions

What are the wedding sites on property?

Most of our properties offer a beach, a garden and a gazebo location. The location is the couple's choice. It can be as private or public as you wish.

What is the flavor of the wedding cake?

You have a choice of vanilla, chocolate or Caribbean fruit.

What is the best way to travel with a wedding dress?

Any arrangement for transportation of a wedding dress should be discussed directly with your airline carrier. The Dessy Group has designed lightweight dresses perfect for travel exclusively for Sandals.

When will I receive my marriage certificate?

Your marriage certificate will be sent via air courier 8 - 10 weeks after your wedding.

If I purchase from your online shop, will they be sent to the resort where I am staying?

The most convenient way to shop for Accessories is through your Wedding Consultant. She can have the items you purchase ready and waiting for you at your resort. Due to customs requirements anything you purchase online or on your own will need to be shipped to you prior to your wedding and you will be responsible for bringing with you to the resort and also carrying home. While there are items available at the resorts for purchase, it is always best to purchase them with your Wedding Consultant prior to traveling to ensure you have the items you want.
