**Horoscope for today:**

Today's Birthday (07/03/11). Friends and family play an important role this year. Now is a good time to clear out old misunderstandings and rekindle old friendships (even if it requires giving up being right ... a very powerful position). Home is where the heart is.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19) -- Today is a 9 -- Get more done in less time by taking a moment to think it through before launching into action. Check the facts; review the plan; and coast to victory.

Taurus (April 20-May 20) -- Today is an 8 -- Let yourself lounge for a deliciously easy morning. Then pursue fun with friends through an adventure of discovery. Climb the tallest mountain? Search for buried treasure? Play.

Gemini (May 21-June 21) -- Today is a 9 -- Old friends offer great new ideas. Consider an outrageous request. Get your body in motion and take action. What comes around goes around, and inspiration loves a workout.

Cancer (June 22-July 22) -- Today is a 9 -- You're backstage, well-rehearsed and ready to go. You've got power and charm to inspire. Sometimes it's even more effective from the wings. Have another person succeed.

Leo (July 23-Aug. 22) -- Today is a 9 -- A lazy morning hits the spot. What adventure for today? You know the right road to take, so go for it. A little sweat seems a small price for such fun. Get out and move.

Virgo (Aug. 23-Sept. 22) -- Today is a 5 -- As long as you're going through a pensive phase, you might as well consider new career opportunities. Thinking outside of the box is highly recommended.

Libra (Sept. 23-Oct. 22) -- Today is a 5 -- Speak your heart's desire, but don't forget to stop and listen. Communication goes both ways. You find treasure in a friend's words. Let them know.

Scorpio (Oct. 23-Nov. 21) -- Today is a 6 -- Finances could pose a challenge today. Focus on doing what you love and try not to worry about the money. Keep in action, and it will come. Value your work highly.

Sagittarius (Nov. 22-Dec. 21) -- Today is a 6 -- A surprise reveals a fresh perspective, much to your amazement. Don't worry about the work ahead. Check the money angle and make adjustments. The outcome is brilliant.

Capricorn (Dec. 22-Jan. 19) -- Today is a 5 -- If travel has been on your mind for a while, don't delay. Pack lightly and hit the adventurous road. It doesn't have to cost much. A picnic would satisfy.

Aquarius (Jan. 20-Feb. 18) -- Today is a 6 -- Stop and smell the roses. Meditation provides some answers (and peace) during challenges today. Good fortune comes along with change. It gets easier by afternoon.

Pisces (Feb. 19-March 20) -- Today is a 6 -- Don't make decisions about money, if you can avoid it, but keep bringing in new ideas for increased productivity at work. The details will sort themselves out.
