

# Purchase a NetFlow Tracker software package of 10-devices or larger and receive a 25-device ResponseWatch software package free

NetFlow Tracker harnesses flow information from Cisco IOS NetFlow and other flow standards to give users detailed network traffic insight without the use of additional hardware. NetFlow Tracker can navigate and archive extensive details on all network traffic across your entire network. And now when you purchase NetFlow Tracker for 10-devices or more, you get a **25-device license for ResponseWatch – a Cisco IPSLA monitoring solution – worth \$5,000 (USD)!**

## Follow these steps to receive your free ResponseWatch software:

**Step 1:** Purchase any NetFlow Tracker software package of 10-devices or larger between February 1, 2008 and May 23, 2008.

Model	Description
NFT1010	NetFlow Tracker – 10 Devices
