13<sup>th</sup> October 2014

Dear Parent / Carer

## GCSE Science Revision Guides

I would like to offer you the opportunity of helping your son/daughter to prepare for their Science GCSEs which they will be taking at the end of Year 11. We would strongly recommend that all Year 10 Science students purchase these easy to use, informative Revision Guides. We have found that this is an extremely supportive text for learning and revision, and students have always expressed how very useful they find it. The cost of purchasing the Revision guide will be £2.75. To make the process easier, the reply slip indicates the revision guide that your son/daughter needs for their Science group.

If you would like to take this opportunity please complete the reply slip attached and return it together with cash or cheque made payable to Philip Morant School to the Accounts Office, by Friday 24<sup>th</sup> October 2014. **Please do not staple cheques.**

If you have any queries about the Science Revision materials, please feel free to contact your son/daughter's Science teacher by phoning the school.

Yours sincerely

Mrs E Booth  
Subject Leader: Science
