President's Message

TEAM

"Together...Educated Ambition Members"

First I want to congratulate our incoming board. Under their leadership we will help take back our country by electing a strong conservative Republican as the President of this great country. 2012 will be challenging since Obama MUST BE DEFEATED next November. While we are watching debate after debate, we all have our favorite candidate, but in the end we will support the nominee of the Republican Party! Please consider putting volunteering on your calendar next year, for as much time as you can spare.

There were only 4 of us that went to the CFRW Convention and all of us were able to vote for the 2012-2013 slate of officers. Carol Hadley from Central Division was elected to lead CFRW for the next two years. We were all treated to the movies as our Ambassador event on Friday night. Most of us were able to enjoy seeing Atlas Shrugged Part 1 and hear from Congressman Devin Nunes at the historic downtown Fox Theater. I have my full report in this newsletter.

Eight of us attended the CFRW Northern Division Convention. I want to thank our Dottie Linden, Regional Director, for hosting a great Capital Corridor Caucus on Saturday. It is always enlightening sharing ideas and accomplishments with our other local clubs. I have a complete report on the Convention in this newsletter.

Since this will be my last message to you, I want to thank all of you for your dedication, hard work and willingness to share your talents with this club. It has been both a pleasure and an honor to have served as your President for the past two years. I want to thank all of my board members for the terrific job they have done. I marvel at the exceptional women I have had the pleasure of working with the past two years. With their help our club has been honored with the highest honor: NFRW Diamond Award. All SRWF members can be proud of what we have accomplished. As I step down, I leave knowing that we have a great slate of Officers for 2012 so our club will be strong and productive for years to come!

It is time to reflect, relax and enjoy the upcoming holidays with all those family and friends that we neglected during this hectic year. Now let's do some of that relaxing and enjoying and make our Holiday Luncheon and Fundraiser the best yet! See you there!

Merry Christmas
Happy Hanukkah

CFRW-ND FALL CONVENTION 2011 PRESIDENT'S REPORT Janet Gardner, President SRWF

Beverly Acker, Terri Lyn Alexander, Bev Anderson, Karen Klinger, Fran Kruger, Dottie Linden, Suzanne Jones and I attended the CFRW Northern Division Fall Convention. Several of us attended the wonderful President's Reception Friday night. Our speakers Saturday morning California Assemblywoman, Beth Gaines, Senator Ted Gaines and CRP Chair, Tom Del Beccaro gave us the incentive to "Keep on Trucking".

We all had a great time visiting with many of the over 160 in attendance. The 2012-2013 slate was elected with no contest. We were all able to vote on the By Law changes as well. Roseann Slonsky-Breault was elected to lead us for the next two years. Dottie Linden was also elected to serve as the Capital Corridor Regional Director for two more years.

Saturday evening Author Janie Johnson "Don't Take My Lemonade Stand" was our featured speaker. You might have seen her on Fox News but if you haven't, pick up her book on her American Philosophy. It has sections to help parents teach their kids to think for themselves. Janie is an informed voter who cares deeply about our country and its founding principles. Her brand of Common Sense Conservatism focuses on children, patriotism and optimism.

On Sunday Sacramento RWF was awarded our Diamond Award. We received a CFRW-ND First Place Award and \$50 for our Newsletter in our category. We were surprised with a check for \$75 from CFRW for our First Place Newsletter Award. We also received a check for \$50 for First Place Website for CFRW-ND. I want to thank all of you for your hard work that made this possible and special thanks to Mary Croxen for her hard work on our outstanding newsletter!

A ONCE IN A LIFE TIME OPPORTUNITY

While we will again have an absolutely fabulous Opportunity Drawing during our Annual December Fundraising Luncheon, Helen Berndt (former Administrative Assistant to Governor Ronald Reagan) has donated several of her personal items for us to use for our Silent Auction. This truly is a unique opportunity to own a President Ronald Reagan personal item from when he was Governor of California. So, bring your checkbooks!

- One Gold Key Chain
- One pair large Gold Cuff Links
- One small Gold Cuff Links
- One large Paper Weight
- One Gold Tie Clasp
- Ronald Reagan Pen
- Large Reagan photo
- Car license

CHAPLAIN'S CORNER

Our Father In Heaven,

We are so grateful Lord, for this opportunity for the precious freedom we enjoy in our beloved America.

We thank You for the many blessings You bring to us each day. We love You and thank You for protecting our nation and its people from the beginning. The psalmist wrote: "It is good to give thanks to the Lord, and sing praises to Your name, O Most High."

Dear Father, let all Americans remember the sacrifices of our forefathers so that we may maintain our rights to freedom and self-determination with righteousness and strength of commitment.

We are a nation in need of Your guidance. Be with us as we work for what is best for our country in these perilous times.

In Your Name, Amen

Glenda Thompson, Chaplain (916) 481-5593

AMERICANISM

As we enter the Holidays in the United States when our thoughts turn to the celebration of Lord Jesus' birth that usually ushers in a time of brotherly love we find ourselves embroiled in a war amongst ourselves as the Occupy Wall Street protest spreads across the country. On the surface it would appear that this is a battle between the Haves—evil capitalists who are taking all the money from the poor man--and the Have Not's. On closer inspection it's really a battle of the Haves against the Have Mores. Students have taken out loans with no collateral to finance their futures so they could major in women's studies or Renaissance poetry, and have now graduated to find they have no saleable skills and a huge debt that they cannot or do not want to repay. President Obama said from the first that he wanted the government to take over education, and the government-run student loan industry. His goal was free college for everyone, with taxpayers giving students money to live on and help finance liberal professor's lifestyles. He wanted government control of the banking system, and ultimately the overthrow of capitalism. At the time, I thought that he would never get away with it, but apparently I was wrong. He's been in office for less than three years and he's getting everything he wanted. By the time of the elections in November 2012, there may be riots in the streets causing martial law to be declared and elections to be suspended. That's the worst case scenario; however, no matter how cynical I become about this administration, I still cannot keep up, so nothing would surprise me.

The reason there is such a difference between what the top percentage of people earn and the dearth of the middle class is due to several things. One is changes in the culture. Very few people who are not immigrants and who are married and raising a family are poor. Those are the people in the middle class. Cohabitation and children born out of wedlock is reducing the middle class. More and more single-parent families are on welfare or are headed by low-wage earners. The second reason is the technological explosion. The producers of Facebook for instance have become billionaires. The movie and entertainment industry pays astronomical sums to actors, Rap artists and professional sports players. The natures of these professions do not create a chain of sales that the older industries such as oil, agriculture, pharmaceutical, lumber or other industries (you know, the industries our college kids were taught to hate) did where a five-percent return on investment is the norm. With two years of government unemployment checks guaranteed, there will continue to be less incentive to return to work or accept a job out of a chosen field. Businesses are not eager to expand when the Democrats in office are threatening more regulations and higher taxes. We must be steadfast in refusing to let our government go the way of Greece. Stand up for America. Stand up against any and all tax increases at the local, state and federal level. And most importantly, work hard to rid our government of Democrats at every level. It's up to us—you and me—to save our wonderful country. God Bless America.

Excerpts from The Lawyers' Party By Bruce Walker (go to our website for the complete article)

A LAWYER WITH A BRIEFCASE CAN STEAL MORE THAN A THOUSAND MEN WITH GUNS.

The Democratic Party has become the Lawyers Party. Barack Obama is a lawyer. Michelle Obama is a lawyer. Hillary Clinton is a lawyer. Bill Clinton is a lawyer. John Edwards is a lawyer. Elizabeth Edwards is a lawyer. Every Democrat nominee since 1984 went to law school (although Gore did not graduate). Every Democrat vice presidential nominee since 1976, except for Lloyd Bentsen, went to law school. Look at leaders of the Democrat Party in Congress: Harry Reid is a lawyer. Nancy Pelosi is a lawyer. The Democrat Party is made up of lawyers. Democrats mock and scorn men who create wealth, like Bush and Cheney, or who heal the sick, like First, or who immerse themselves in history, like Gingrich & Hastert.

The Republican Party is different. President Bush is a businessman. Vice President Cheney is a businessman. The leaders of the Republican Revolution: Newt Gingrich was a history professor. Tom Delay was an exterminator. Dick Armey was an economist. House Minority Leader Boehner was a plastic manufacturer. The former Senate Majority Leader Bill Frist is a heart surgeon. The Republican Party is made up of real people doing real work, who are often the targets of lawyers.

The Lawyers Party sees these sorts of people, who provide goods and services that people want, as the enemies of America. Lawyers solve problems by successfully representing their clients, in this case the American people. Lawyers seek to have new laws passed, they seek to win lawsuits, they press appellate courts to overturn precedent, and lawyers always phrase language to favor their side. When politicians as lawyers begin to view some Americans as clients and other Americans as opposing parties, then the role of the legal system in our life becomes all-consuming. The United States has 5% of the worlds population and 66% of the worlds lawyers!

CFRW FALL CONVENTION 2011 PRESIDENT'S REPORT Janet Gardner, President SRWF

Terri Lyn Alexander, Dottie Linden, Suzanne Jones and I attended the CFRW Fall Convention. We all arrived on Friday and most of us were there in time to kick off the weekend by attending the Ambassador reception at the Historic Fox Theater in downtown Visalia for a private showing of the movie *Atlas Shrugged, Part 1*. While munching on popcorn, we had Congressman Devin Nunes giving us background on the area and the special needs of his district.

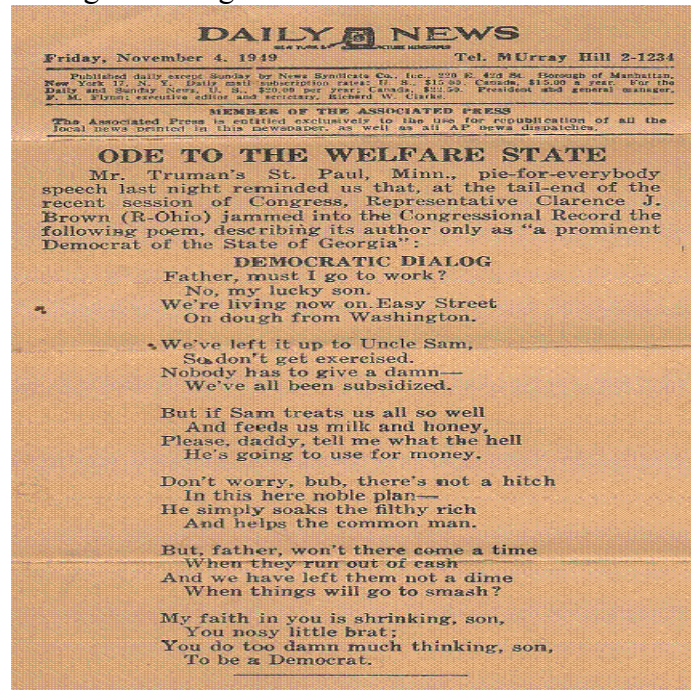

We all had a great time visiting with many of the over 290 in attendance. The majority of the 2012-2013 slate was elected with no contest. We were all able to vote on the By Law changes as well as the contested position. The following are the CFRW Slate of Officers for 2012-2013:

- From Central Division, Carol Hadley won the President position
- Vice President North is our own Karen Atteberry
- Vice President Central is Shirley Mark
- Vice President South is Pat Weiss
- Secretary from Southern Division is Jill McCauley
- Membership Secretary is Lorie Noble from Central Division
- And Treasurer is Carol Stein from Northern Division

We were welcomed by Visalia Mayor. We were entertained by Jacqueline Berger, author of "Love, Lies and Tears, The Lives of America's First Ladies, Volume II". Saturday evening the speakers were James Henderson, Tulare County Republican Party Chairman, the Honorable Jean Fuller, Senator 18th District, Honorable Connie Conway, Assembly Republican Leader, 34th District and Johnny Amaral, Chief of Staff for Congressman Devin Nunes.

Sacramento was recognized as being one of the clubs awarded the Diamond Award as well as recognition for our outstanding website at the NFRW Convention. We received a CFRW First Place Award for our Newsletter in our category. I want to thank all of you for your hard work that made this possible and special thanks to Mary Croxen for her hard work on our outstanding newsletter!

Received from Claudia Dickerson. Interesting how nothing has changed since 1949.

TOYS FOR TROOPS KIDS

Christmas is coming - the geese are getting fat,
Won't you please put a penny in the old man's hat?

Christmas is coming - that is true,
But, due to inflation a penny won't do!

We all like to shop! And, it's that wonderful time of the year when we get to satisfy the inner child in each of us by playing with, and picking out, toys and games for the little ones in our families. While doing that, please purchase extra gifts for the little ones of those who are literally giving us the most valuable gift that they have to offer. Our soldiers are sacrificing a part of their own lives by being absent from their families during the holidays. In doing so, they are selflessly working to ensure we keep the freedoms we love. The least we can do is help care for their little ones while they are gone.

At our December meeting, we will be collecting new toys and games to be given to the children of our deployed troops in Iran and Afganistan. Please do not pre-wrap gifts so "Santa's elves" will be able to determine and disburse the items, age and gender appropriately. If for any reason you are unable to shop yourself, you may donate funds so someone else can shop for you. Receipts will be available upon request.

This is the web site for information: www.toysforthetroopskids.org

Thank you, once again, for your care and generosity.

Following is the letter that Senate Republican Leader Bob Dutton (Rancho Cucamonga) sent to the governor outlining the immediate need for a special session focused solely on pension reform:

November 8, 2011

The Honorable Jerry Brown

Governor, State of California

State Capitol, First Floor

Sacramento, CA 95814

RE: Special Session on Pension Reform

Dear Governor Brown:

Senate Republicans applaud the recent release of your 12-point plan to reform California's unsustainable public employee pension system. In a spirit of bipartisanship, I am urging you to immediately call a special session of the Legislature to focus solely on pension reform.

This special session will provide the focus needed to fill in the details of your 12-point pension plan and draft a constitutional amendment to go before the voters. A vote of the people is necessary to ensure that these important pension reforms are not undone in the future by a simple majority vote of the Legislature.

Additionally, it is important that any savings or cost avoidances derived from the pension reforms be dedicated to reducing the state's unfunded pension liability.

Although there is a Joint Legislative Conference Committee on Public Employee Pensions hearing next month to review your 12-point plan, it is not clear that action will be taken in the near term. The Senate Republican Caucus believes it is critically important to engage the entire Legislature on pension reform now.

Thank you for considering a special session on pension reform. Senate Republicans look forward to working with you and our legislative colleagues on this critical issue.

Sincerely,

Bob Dutton

Senate Republican Leader

CHRISTMAS 2011—GO AMERICAN

As the holidays approach, the giant Asian factories are kicking into high gear to provide Americans with monstrous piles of cheaply produced goods -- merchandise that has been produced at the expense of American labor.

This year will be different. This year Americans will give the gift of genuine concern for other Americans. There is no longer an excuse that, at gift giving time, nothing can be found that is produced by American hands.

Yes there is! It's time to think outside the box, people. Who says a gift needs to fit in a shirt box, wrapped in Chinese produced wrapping paper?

Everyone -- yes **EVERYONE** gets their hair cut. How about gift certificates from your local American hair salon or barber?

Gym membership? It's appropriate for all ages who are thinking about some health improvement.

Who wouldn't appreciate getting their car detailed? Small, American owned detail shops and car washes would love to sell you a gift certificate or a book of gift certificates.

Are you one of those extravagant givers who think nothing of plonking down the Benjamin's on a Chinese made flat-screen? Perhaps that grateful gift receiver would like his driveway sealed, or lawn mowed for the summer, or driveway plowed all winter, or games at the local golf course.

There are a bazillion owner-run restaurants -- all offering gift certificates. And, if your intended isn't the fancy eatery sort, what about a half dozen breakfasts at the local breakfast joint.

Remember, folks this isn't about big National chains -- this is about supporting your home town Americans with their financial lives on the line to keep their doors open. How many people couldn't use an oil change for their car, truck or motorcycle, done at a shop run by the American working guy?

Thinking about a heartfelt gift for mom? Mom would LOVE the services of a local cleaning lady for a day.

My computer could use a tune-up, and I KNOW I can find some young guy who is struggling to get his repair business up and running.

OK, you were looking for something more personal. Local crafts people spin their own wool and knit them into scarves. They make jewelry, and pottery and beautiful wooden boxes.

Plan your holiday outings at local, owner operated restaurants and leave your server a nice tip.

And, how about going out to see a play or ballet at your hometown theater. Musicians need love too, so find a venue showcasing local bands.

Honestly, people, do you REALLY need to buy another ten thousand Chinese lights for the house? When you buy a five dollar string of light, about fifty cents stays in the community. If you have those kinds of bucks to burn, leave the mailman, trash guy or babysitter a nice BIG tip.

You see, Christmas is no longer about draining American pockets so that China can build another glittering city. Christmas is now about caring about US, encouraging American small businesses to keep plugging away to follow their dreams. And, when we care about other Americans, we care about our communities, and the benefits come back to us in ways we couldn't imagine. THIS is the new American Christmas tradition.

Forward this to everyone on your mailing list -- post it to discussion groups -- throw up a post on Craigslist in the Rants and Raves section in your city -- send it to the editor of your local paper and radio stations, and TV news departments. This is a revolution of caring about each other, and isn't that what Christmas is about?
