## e-File DECLARATION FOR ELECTRONIC FILING

#### **Purpose of Form EL101**

Form EL101 is the signature document for an e-Filed return filed by an online electronic transmitter or Electronic Return Originator (ERO). It also serves as a declaration document regarding consent for: direct deposit of refund, electronic funds withdrawal (direct debit) for a liability and for a return to be electronically filed. This form should be completed for all Maryland e-Filed returns and retained by the taxpayer and ERO for 3 years from the return due date or Maryland received date, whichever is later. Do not send this form to the State of Maryland unless specifically requested to do so.

#### **ERO Responsibilities**

#### The ERO must:

- Enter the name(s) and Social Security Number(s) of the taxpayer(s) at the top of the form. Do not use the ERO's address.
- Complete Part I using the amounts from the taxpayer's 2014 tax return.
- 3. If the taxpayer(s) elected to have direct deposit of their refund, or electronic funds withdrawal (direct debit) for all or part of their liability, check the appropriate box in Part II. The taxpayer(s) should check with their financial institution to make sure their deposit or debit will be accepted and to get the correct routing and account numbers. For direct debit only account (1) should be used.
- After completing the form through Part II, give the taxpayer(s) Form EL101 for review and signature(s). This can be done in person, by mail or by secure e-mail.
- 5. The originator (paid preparer) must sign Form EL101 and include their Electronic Filer Identification Number (EFIN) and firm name and address. An electronically transmitted income tax return will be considered incomplete unless and until a correctly completed Form EL101 is signed by the taxpayer(s) and/or by the ERO if applicable. If a joint return is filed, both taxpayers must sign. The taxpayer(s) must sign the completed EL101 before the electronic record is transmitted.
- 6. If the ERO makes changes to the electronic return after EL101 has been signed by the taxpayer(s), but before the return is transmitted, the originator must have the taxpayer(s) sign a corrected Form EL101. See the 2014 Maryland Personal MeF e-File Handbook.
- Provide a completed copy of Form EL101 to the taxpayer(s) for their records.
- 8. A copy of Form EL101 with applicable attachments must be retained for 3 years at the site of the ERO. The ERO must make a copy of Form EL101 available to the State of Maryland if specifically requested to do so by the Revenue Administration Division.

### **Taxpayer Responsibilities**

Taxpayer(s) must:

- Verify the accuracy of the prepared income tax return, including direct deposit and direct debit information if applicable.
- 2. Sign and date Form EL101 authorizing electronic transmission of the state income tax return, even if the return is filed from a personal computer and the federal PIN is used as electronic signature on the state return
- 3. Retain a copy of the Form EL101 along with a copy of the state income tax return for a period of 3 years from the return due date or Maryland received date, whichever is later.
- 4. Make a copy of the Form EL101 available to the State of Maryland if formally requested to do so by the Revenue Administration Division.

The Form EL101 should not be mailed to Maryland Revenue Administration Division unless specifically requested to do so.
