BEHIND THE WHEEL

By Scott Lickteig, President

Well here it is Show month and it is time for the MCMC to put on the best regional, again. This is one of our fund raising events and not to mention a lot of fun to see some beautiful vehicles. This club has been recognized as putting on some of the best events within the ranks of MCA. The club has hosted the biggest national, the largest Grand National and who could forget the 40th Anniversary last year. We have a proven track record and I for one would like to see it be the best regional MCA event.

As we complete another year it is time for everyone to think about running for an officer and or board position within the club. Many of the current serving team has decided not to run again which means we need people interested in continuing in operating the club. If you have questions please ask any officer or board member.

Happy Mustanging,

—Scott

RUNNING OF THE DRAGON

July 15,16,17th

Story by Terri Roach

Photos by Terri Roach and Stacy Shuss

There were supposed to be 8 or 9 people going. For one reason or another, everyone bailed until it was Stacy Shuss and children, Mike Bice, and myself left. I have been wanting to do this run for 3 years, so I was going regardless! And Ivana, true to her name, flipped the "check engine" light as soon as I hit the interstate. After a quick check of the gauges, I wasn't going to let that stop me, either. I was a woman on a mission: To conquer the Dragon! I met up with Stacy and Mike, and we were on our way. We stopped in Cleveland, Tn to eat, guess where, a Cracker Barrel. Realizing we had an hour and half before the hotel closed for the night, so we hightailed out of there. We were still 3 hours from the Dragon. We broke every speed limit through Lenoir City and played "Dukes of Hazard" jumping intersections through Maryville. Well okay I played Dukes of Hazard jumping intersections. Needless to say, we made it on time.

Our first encounter of the Dragon was the night before in the dark and fog. After breakfast at our hotel, The Tapaco Lodge, we set out to conquer again.

It was nice to have a smaller group. It was easier to stop for photo ops. The Dragon is a section of Hwy 129 running from Maryville, Tn to Robbinsville, NC. The speed limit is 35mph and with 318 curves in 11 miles, any faster would be ugly. We stopped at all photo ops and even visited the local biker lodge. Boy did we get strange looks! Once back in Maryville, we hit up the Walmart and ate a late lunch. We decided to head back and tackle the Dragon again to get to the hotel. We went to the pool for a little R and R. Once the rain started, we headed to the cabin.

Now it's 6:30pm, it's raining and we have no television, no phones, and no radio. Now what?! We found that we can entertain ourselves quite well with a few beers and a deck of cards! HaHa

The next morning, we checked out and headed up the Dragon for one last conquer. We had a blast! The cabin in the woods was exactly what the doctor ordered. The scenery was beautiful. And the bonds with my club mates made memories of a lifetime.
