MICROMD PM SETUP SPECIFICATIONS FOR LABCORP BRIDGE

This document contains information regarding data format for the above bridge. If you need any in-depth information about any of the fields within MicroMD PM, please refer to the most recent version of the *MicroMD PM User's Reference Manual*.

INSTALLATION

This bridge requires a key code, and you must install the bridge from the MicroMD Installation and Tools disc. For detailed information about installing the bridge, please refer to your *MicroMD PM Software Installation Manual* under MicroMD PM Add-on Modules. You can find the manual on the installation disc or on the reseller web site.

VERSION AND BUILD

The client must have **at least the following** version and build/release date of MicroMD PM:

- MicroMD PM

    Version: 4.2

    Build/Release Date: Release

CONFIGURATION

This section details the specifics used for configuring MicroMD PM for this particular interface. All instructions for this are in the most current version of your *MicroMD PM Software Installation Manual*.

SPECIFICS FOR THE ADDITIONAL MODULES TAB IN MICROMD PM

On the **Additional Modules** tab in MicroMD PM, you need to choose the following:

- From the *Add-On* drop-down, select *LabCorp Bridge*.
- In the *Export Path* field, enter the location and file name required from LabCorp.
- Place a check mark in the *Auto* checkbox.

DATA CONTENTS

This export file contains patient demographic information in a custom pipe-delimited format, where each element is separated by a pipe character (|), and sub-elements are separated by a caret character (^).

SPECIFIC FIELDS EXPORTED

"H" Elements	Definition
1	Record ID "H"
2	(BLANK)
3	Sending Company Name ("Microsys Computing, INC")

"P" Elements	Definition
1	Record ID ("P1")
2	Sequence Number
3	Patient Account Number
4	(BLANK)
5	Patient Social Security Number

"P" Elements	Definition
6-1	Patient Last Name
6-2	Patient First Name
6-3	Patient Middle Initial
6-4	(BLANK)
6-5	Patient Medicare Number
7	(BLANK)
8	Patient Date of Birth ("YYYYMMDD")
9	Patient Gender
10	(BLANK)
11-1	Responsible Party Last Name
11-2	Responsible Party First Name
11-3	Responsible Party Address1
11-4	Responsible Party City
11-5	Responsible Party State
11-6	Responsible Party Zip

First "A" Segment Elements	Definition
1	(BLANK)
2	Phone
3-1	Referring Doctor Last Name
3-2	Referring Doctor First Name
3-3	Referring Doctor Upin
4	Insurance Plan Information
4-1	Insurance Plan Policy Group Name
4-2	Insurance Plan City
4-3	Insurance Plan State
4-4	Insurance Plan Zip

Second "A" Segment Elements	Definition
1-1	Insurance Address1
1-2	Plan Policy
1-3	Plan Group
2	(BLANK)
3	(BLANK)
4	(BLANK)
5	(BLANK)
6	(BLANK)
7-1	Work Comp ("Y" or "N")
7-2	Responsible Party Address2

ADDITIONAL NOTES

To create a list of plans for LabCorp to map, you can create the listing within MicroMD PM and export it to a file. Select **Reports** > **Reference Codes Listing** > **Plan Report** from the main menu. Once you generate the report, you can select **File** > **Save Rows As** to create the file in whatever format they need.
