Terms and Conditions

International Safety requests that all cylinders/tanks be purged/emptied of air prior to shipping. It is your responsibility to ship the unit to International Safety. The SCBA should be shipped in the hard case that it came in. International Safety will not be held responsible for damages during shipping.

International Safety reserves the right to refuse service on any unit which, upon examination, is unfit for service or exhibits signs of excessive damage and/or soiling. If additional repairs/parts are required, International Safety will provide an additional quote detailing such repairs.

Taxes will be applied depending on your province/territory.

Additional Notes

Is there anything else you would like to tell us? _____

Thank you for submitting this Work Order Request Form. Our Service Administrator will contact you soon with your Order Number and next steps. Please allow up to 24 hours for processing.
