2014

SPECIAL OFFERS

Enhanced discount on Nigel's Controlled Drugs Textbook

DISPEX CAN PROVIDE YOU WITH ALL YOUR NEEDS IN CONTROLLED DRUGS

Every General Medical Practice, Registered Pharmacy, Veterinary Practice and Care Home will be aware that it is a legal requirement to record the obtaining and supply of Schedule 2 Controlled Drugs.

Controlled Drug Registers

Every general medical practice and registered pharmacy are legally required to record the obtaining and supply of Schedule 2 Controlled Drugs.

The Controlled Drugs Registers are fully compliant with Controlled Drugs current legislation.

Denaturing Kits

The denaturing of Controlled Drugs could be classified as 'waste processing', and as such, may require a waste processing licence.

However, the Environment Agency and the Home Office have agreed that the denaturing of medicines as required under the Misuse of Drugs Regulations will not be subject to this requirement. Instead a Denkit should be used.

Controlled Drugs Training Courses

The purpose of this course is to provide delegates with detailed up to date information on the legislation covering controlled drugs, how it affects the work of GP Practices, Private Clinics and Pharmacies, examples of good practice and guidance on writing of SOPs for controlled drugs.

Obtain your copy of Nigel Morley's Controlled Drugs Textbook- The Law, Probity & Good Practice for only £20 inc postage (list price £39.99)
