Our main focus of this camp is to improve your fundamentals of skating, puck handling, passing and shooting in a positive and fun environment. The finer points of each of those skills include shooting techniques, shot accuracy, puck control, hand-eye coordination, along with skating agility and maneuverability. Along with on-ice instruction, campers will receive off-ice dry land training daily which will help equip players with the knowledge of how to properly strengthen and stretch without injuring themselves. A classroom session is also included in the camp, featuring video and off-ice teaching to develop the mental aspect and strategy of a player's game. Players will also be given P.E. time. This is a chance for them to unwind with their friends in a game of soccer, football, or street hockey. A tour of the Carolina Hurricanes official practice facility locker room will also be included for every player. **\$515**
