Brian de Jong of Saratoga Raceway asked to be heard after the meeting was already in session and Chairman Hogan told him that the Board does not allow comments other than during the open comment period but would make an exception in this case due to Mr. De Jong's inexperience in this regard.

Mr. de Jong expressed his concerns in relation to Item D-6, that it would be difficult to get prompt prior approval from the Board for new items listed for redemption in the Player Extras Program catalogue. He stating that certain items may be out of stock or discontinued and they would have to find substitute items quickly.

Mr. Feuerstein suggested that the Board approve the substitution of generic items with a limited range for the value of the items (similar items – same value).

The Board agreed that they may substitute similar generic items in the absence of their original items as long as they were of equivalent value.
