Stateline Safety Workshop—2008 Topics and Agenda

7:30–8:00 a.m.	Registration and Continental Breakfast		
8:00–8:45 a.m.	Welcoming Session and Keynote: Driving Safety Commitment <i>Gordy Alexander, Hamilton/Sunstrand</i> Establishing and driving upper management commitment and worker responsibility for safety. Direction on how to get commitment from the upper management and how to drive the responsibility through the supervisor and worker will be provided.		
9:00–10:15 a.m.	Electrical Safe Work Practices—ESWP <i>Brian Downie, Town and Country Electric</i> ESWP and how to understand NFPA 70E and arc flash. Introductory look at how to develop NFPA 70E compliant ESWP at your facility.	Ergonomic Design Guidelines <i>Alvaro Taveira, UW-Whitewater</i> Ergonomic guidelines for the design of tasks and workstations in industrial settings. A brief review on the design and selection of hand tools will also be presented.	Substance Abuse Testing Update <i>Cindy Groves, Occupational Health Center</i> Is substance abuse testing worth it? Understanding the value of drug testing, the return on investment, the current testing methods and an overview of policy development and updating will be presented.
10:30–11:45 a.m.	C'est Moi? Potential Liability <i>Eric Hobbs, Michael Best & Friedrich LLP</i> State and federal laws recognize that supervisors and managers with safety and health responsibility can be held liable. Circumstances will be considered and best practices to avoid liability will be discussed.	Contractor Safety <i>Tim Zimmerman, GE Healthcare</i> Contractor management is reaching new levels. Learn GE's approach on selecting the "best of the best" contractors and creating corrective measures. Participants will learn the environment which ensures the highest levels of safety.	Hazard Analysis 101: Job Safety Analysis (JSA) <i>E. Andrew Kapp, UW-Whitewater</i> JSA is a simple yet powerful tool for recognizing many industrial hazards and for identifying proper corrective measures. Participants will learn the basics of how to conduct a JSA.
11:45–12:45 p.m.	Lunch		
1:00–2:15 p.m.	Confined Space Entry <i>John Dummer and Don Rohr, Frito-Lay</i> Overview of permit required confined space entry with fundamentals and requirements discussed.	Early Return to Work <i>Judy Tracy, Dean Health System</i> Benefits associated with early return to work. Emphasis on the individuals who need to participate, educating employees and examples of outcomes will be discussed.	PPE—Who's Buying <i>Leslie Ptak, Department of Labor—OSHA</i> Finally! OSHA issued the rule requiring employers to pay for PPE. Ask an OSHA official exactly what the new rule requires of employers.
2:30–3:15 p.m.	OSHA's at the Door <i>Department of Labor—OSHA, Madison Staff</i> What is an OSHA inspection really like? Elements of a typical OSHA inspection will be covered. Expect to be entertained and to participate!		
3:30–4:00 p.m.	Wrap-up and Prize Drawing
