

OUR MISSION

Since 1972, the Adult Learning Center has been providing quality education to the people of the greater Nashua area. Our students discover skills, which are theirs for a lifetime. By becoming educated, trained, employed, and independent, and by ensuring that their children are educated, our students are making a very personal contribution to a healthy, prosperous community.

The Adult Learning Center serves more than 3,000 individuals each year. We are located in two facilities, Lake Street and Arlington Street, a satellite program in Milford, and have before and after school programs at twenty-two area elementary schools.

The Adult Learning Center is a private, not-for-profit agency. We receive financial support from United Way, program-related federal, state, county, and city grants, and donations from businesses, individuals, foundations and civic organizations.

"Please note all donations will go to support the mission of the Adult Learning Center and may not be used specifically for the items listed."

Support
Our
Students

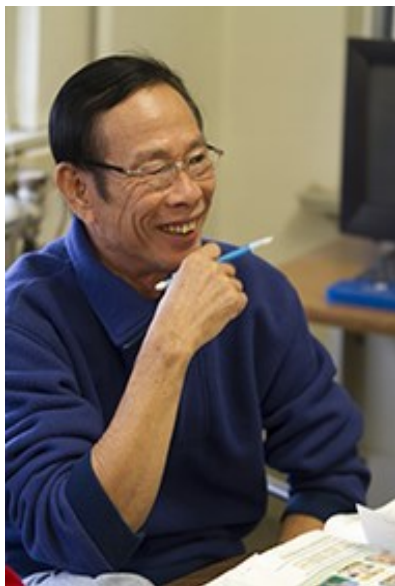

*A simple giving
program where you
become a life saver!*

Hundreds of students come through the doors of the Adult Learning Center every year. All have a unique story.

You can become part of that story by helping them reach their education goal! For one that may mean covering the cost of their English for Speakers of Other Languages course. For another it may be simply covering the cost of the book they need to complete their Microsoft Excel Training. Either way, you will make a huge impact on a student's story!
