**Department of Guidance Services**

**PARENT/GUARDIAN BRAG SHEET**

**Parents/Guardians:** It's your turn to "fill us in" on your child! A School Counselor's letter of recommendation is a standard part of the package of materials that accompany your child's college application. The information that you provide will help us write a more informative letter of recommendation for your son or daughter.

We already have information on your child's classes and grades. Your child will complete the Senior Planning Update Sheet and the Student Activities Sheet which will provide us with information regarding extracurricular activities, test scores, hobbies, work experience and other areas of interest.

Please complete this form and return it with the Senior Planning Update and the Student Activities sheets (This is page 3 of the 3-page Senior Information Packet due in September). Thank you for your assistance.
