

# EANM'05 ISTANBUL - Continuing Medical Education Evaluation

**CME Evaluation Form - Session: 12**

**Received CME Forms: 100**

**Session Title:** PHYSICS (Quality and Regulatory issues in Nuclear Medicine)  
**Session Time, Date:** Wednesday, 07:00 - 09:30  
 1 = excellent, 2 = good, 3 = acceptable, 4 = inadequate

| Question   | S. Ebdon-Jackson | C. Chiesa | H. Bergmann |  |  |
|--|------------------|-----------|-------------|--|--|
| <b>Received Answers for this Session</b>                               |                  |           |             |  |  |
| Organizational and logical level of the presentation                   | 1,52             | 1,62      | 1,61        |  |  |
| Ability of speaker to keep my interest during the session              | 1,76             | 1,79      | 1,87        |  |  |
| Relevance of lecture to my clinical practice and/or research           | 1,91             | 1,72      | 2,06        |  |  |
| Ability of faculty to prompt critical thought about the subject matter | 1,84             | 1,84      | 1,99        |  |  |
| Ability of speaker to provoke critical thoughts on the subject         | 1,90             | 1,92      | 1,92        |  |  |
| The novelty of the content   | 1,95             | 1,93      | 1,79        |  |  |
| Impact on my daily practice  | 1,86             | 1,85      | 2,20        |  |  |
| The overall value of this session as a learning experience             | 1,74             | 1,75      | 1,83        |  |  |

## CME Session XII

**PHYSICS (Quality and Regulatory issues in Nuclear Medicine)**  
**Wednesday, 07:00 - 09:30**

**Moderator:** A. Britten (London)  
**Co-Moderator:** H. Bergmann (Vienna)  
**Speakers:**

S. Ebdon-Jackson (Oxford): The Regulatory Position in Europe: A British Perspective  
 C. Chiesa (Milan): Quality issues with Nuclear Medicine equipment: Gamma Cameras  
 H. Bergmann (Vienna): Quality issues with PET and PET-CT in 2005

| <b>TOTAL CME 2005: 584 Attendees</b>                                      |
|---|
| 181 at CME I: ENDOCRINOLOGY (NM in Endocrine Diseases)                    |
| 246 at CME II: ONCOLOGY PET/CT (Current role of PET and PET/CT in ...)    |
| 186 at CME III: ONCOLOGY (The role of NM in Gastroenterop. ...)           |
| 160 at CME IV: THERAPY (Interventional Radionuclide Therapy)              |
| 200 at CME V: CARDIOLOGY (NC for left ventricular dysfunction)            |
| 245 at CME VI: ORTHOPEDICS (Nuc. orthopedics today: old and new ...)      |
| 175 at CME VII: PAEDIATRICS (PET in Paediatrics)                          |
| 107 at CME VIII: NEUROLOGY (EANM-SNM Joint Seminar)                       |
| 222 at CME IX: INTERACTIVE NUCLEAR MEDICINE AND PET                       |
| 223 at CME X: INTERACTIVE CARDIOLOGY (Cases in Cardiology)                |
| 132 at CME XI: INTERACTIVE NEUROLOGY (Case Pres. in Neurology)            |
| 100 at CME XII: PHYSICS (Quality and Regulatory issues in Nuclear Medicin |
| 125 at CME XIII: RADIOPHARMACY (Radiopharmac. chemistry of SPECT...       |
