NOTICE TO COMPETITORS

Competitors, through submission of entry, acknowledge that they are knowledgeable of USDAA Rules and Regulations, as amended March 30, 2007, including but not limited to the following rules regarding entry. USDAA's official Rules and Regulations are hereby incorporated by reference, an electronic version of which may be accessed online at www.usdaa.com, Rules & Regulations.

- This test is open to all dogs being at least 18 months of age, including purebred and non-purebred, except bitches in season, dogs suffering from any deformity, injury or illness that may affect the dog's ability to perform safely, or dogs exhibiting signs of aggression.
- All dogs must be registered with USDAA in order to compete in USDAA sanctioned events. To obtain a registration number immediately and a height card prior to the show, go online to www.usdaa.com, General Information, Dog Registration. Registration may be made concurrently with entry to this show, a form for which is included in this Agility Test Schedule. Additionally, all junior handlers must be separately registered in order to compete in the Junior Handler Program classes. Registration number has a "J" prefix.
- Order of classes as listed on the cover of this Agility Test Schedule is not necessarily the running order. The tentative running order as listed in this Schedule may be changed.
- No leads, collars, food, toys or other aids or devices shall be permitted on the course except as provided for in the USDAA Rules and Regulations for the Junior Handler Program. No training, pinch or shock collars will be permitted on or around the course at any time.
- Safety shall be of foremost consideration at all times. Handlers, through entry at this event, accept full responsibility for themselves, their guests and the actions of their dogs.
- The Organizing Committee of an event may refuse the entry of any competitor or dog for just cause should the committee view that participation by competitor would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing entry and a brief explanation of the basis for the committee's decision. The burden of responsibility for appropriateness of such action rests solely with the host group and its Organizing Committee.
- No entries shall be accepted, changed, or altered after the closing date of Friday, February 1, 2008, except as outlined under ENTRIES and CLOSING DATES.
- There shall be no refunds in the event a dog and/or handler are dismissed from competition, regardless of the reason.
- 100% of entry fees will be refunded if requested before or on the closing date of Friday, February 1, 2008. Refunds for withdrawals requested after the closing date but before the first competition date listed in this Schedule will be made only for injured or ill handlers or injured, ill or in-season dogs. Owner/handler will receive a refund less a \$20 per dog handling fee. Verification from a doctor or vet may be requested.
- There shall be no refunds for withdrawals requested on or after the first competition date listed in this Schedule, regardless of the reason.
- Returned checks do not constitute a valid entry. There will be a \$20.00 service charge for returned checks. Payment of entry fees and service charges shall be made in cash or money order within 30 days of postmark notice of returned check where notification is received after event date. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog's registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse by owner/handler.
- Dogs must remain on leash at all times, except when competing in the ring or in the warm-up jump area.
- No dogs may be left unattended except when properly kenneled in designated kennel areas. Day kenneling only is permitted, unless otherwise posted at the show site. USDAA and Willamette Agility Group cannot and do not assume any liability for loss of any items left unattended.
- No entry fees will be refunded if the Test cannot open or be completed by reason of riots, civil disturbances, fire, Act of God, public emergency, act of a public enemy, strike or any other cause beyond the control of the organizers.
- Agility obstacles shall meet the requirements of USDAA Rules and Regulations.
- Dogs must be exercised only in designated areas. Please pick up after your dog.

- **There shall be no smoking in the boundary of the show site, which shall include the building and the entries to the buildings.**
- All competitors, through entry at this event, waive any and all rights relative to video broadcast of this event. Competitors shall have the right to videotape portions of this event for their personal use only. No portion of this event may be videotaped for commercial or other purposes. All video, broadcast and telecast rights for this event are the exclusive property of United States Dog Agility Association, Inc.
- Portions of this event may be taped for television. Through entry at this event, ALL COMPETITORS and HANDLERS HEREBY GRANT to USDAA and its representatives, agents, and assigns, all rights and permission to use or appropriate his/her and their dog's name, biography, likeness, photograph, voice, performing persona, or other indicia of identity for broadcast, telecast, cablecast, transmission or distribution in any format or media now known or hereafter to become known. All competitors and handlers hereby release USDAA and its representatives, agents, and assigns from any claim or cause of action for invasion of the rights of privacy, right of publicity, right of personality, or any similar right.

USDAA AGILITY TITLING PROGRAM

Two certification programs will be offered at this event: Championship and Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e. Standard at any level in both programs). Classes include Standard agility, Gamblers, Jumpers, Pairs Relay and Snooker agility as set forth in Chapters 3-7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

CHAMPIONSHIP DOG AGILITY PROGRAM

The Starters Standard classes shall be for dogs that have not earned the *Agility Dog*® title or a Starters Standard title. Starters non-standard classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Agility Dog* title.

The Advanced Standard classes shall be for dogs that have earned the *Agility Dog*® title or a Starters Standard title. Advanced non-standard classes shall be for dogs that have earned the *Agility Dog*® title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Advanced Agility Dog* title.

CHAMPIONSHIP DOG AGILITY PROGRAM (continued)

The Masters Standard classes shall be for dogs that have earned the Advanced Agility Dog® title or the Advanced Standard title. Masters non-standard classes shall be for dogs that have earned the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

PERFORMANCE DOG AGILITY PROGRAM

Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the Standard, Jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program. Eligibility is determined as follows:

The Performance I Standard classes shall be for any dog that has not earned the Performance Dog ISM title, the Performance Standard I title, or a qualifying score in the Performance II or Performance III Standard classes. Performance I non-standard classes shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the Performance Dog ISM title.

The Performance II Standard classes shall be for any dog that has earned the Performance Dog ISM title, the Performance Standard I title, the Agility Dog® title or the Veteran Agility DogSM title, but has not earned the Performance Dog IISM title or Performance Standard II title, or a qualifying score in the Performance III standard class. Performance II non-standard classes shall be for dogs having earned the Performance Dog ISM title, the Agility Dog® title or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Performance Dog IISM title.

The Performance III Standard classes shall be for any dog that has earned the Performance Dog IISM title, the Performance Standard II title, the Advanced Agility DogSM title, or the Veteran Advanced Agility DogSM title. Performance III non-standard classes shall be for dogs having earned the Performance Dog IISM title, the Advanced Agility Dog® title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

CLASS DESCRIPTIONS

Competitors may enter both Championship and Performance programs at this event. A dog may be entered in any program for which it is eligible and may enter a Championship program class and Performance program class at the same level (e.g. Masters Gamblers and PIII Standard); however a dog may not be entered in the same or similar CLASS in both Championship and Performance (e.g. Masters Gamblers and PII or PIII Gamblers). In each of the following descriptions, it can be assumed that the Performance Program parallels the Championship program unless otherwise noted.

- Standard Agility: A standard agility course consists of a numbered sequence of obstacles. It demonstrates a dog/handler team's speed, accuracy, and teamwork. All non-standard classes are scored pursuant to the provisions of Chapters 3-5 of USDAA Rules and Regulations. Please note: Effective January 1, 2004, the table count will be five CUMULATIVE (not consecutive) seconds in the Advanced Standard class.

Non-standard Class Descriptions - These non-standard classes are scored pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

- Gamblers Class: consists of a course with no pre-determined route and each obstacle is assigned a point value. In the 'opening' period the handler seeks to accumulate points by performing the obstacles of his / her choice in the time allotted. At the conclusion of the 'opening' the handler attempts the 'gamble', as a sequence designated by the judge to be handled from a distance, for additional points.
- Jumpers Class: consists of a course of jumps and may include a tire and tunnels.
- Snooker Class: has an 'opening' sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. Roughly parallels the billiards game of 'Snooker', requiring the dog to successfully complete a 'red' jump prior to attempting an obstacle designated as any other color.
- Pairs Relay: consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be from the same level and height division, mini (Ch 12/16", Perf 8/12") or open (Ch 22/26", Perf 16/22"). In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may NOT be recruited to form a qualifying pair.

JUNIOR HANDLER TITLING PROGRAM – Use separate entry form!

The Junior Handler Program is for children 18 years of age and younger. Four progressive levels of competition are offered. Each Junior Handler must separately register with their dog (see registration form) to be eligible for entry in the following classes. A dog may not compete with two different handlers in the same class level on the same day. Since the 2 runs per class per level are being offered on the same day, back to back, there will be no move-ups allowed as per USDAA® rules. Jump heights are the same as for the Performance Program: 8", 12", 16", 22". As described in Section 8.2 of the current USDAA rule book, classes offered are:

- Beginners Agility Class: The JH - Beginners AgilitySM certificate requires completion of one round of competition with no penalties. Entrants must complete an eight to ten question examination, and items missed on the exam must be reviewed prior to or during the judge's briefing. Completion of the course within the designated time without fault shall result in the award of USDAA's JH - Beginners Agility certificate of accomplishment. The obstacle course shall be comprised of ten (10) obstacles set in a simple horse shoe or simple "M" design, including an A-Frame (apex at 4'6"), Table at 12" for all dogs (to be performed in the down position for five cumulative seconds), Pipe Tunnel, Collapsed Tunnel and Six Hurdles (wings, if any, should be no more than 18" in width). The standard course time shall be 60 seconds. Dogs may compete on leash using a buckle collar. Election to do so must be designated on the entry form.
- Elementary Agility Class: The JH - Elementary AgilitySM certificate requires completion of two rounds of competition with no penalties. Successful completion of the two rounds will earn the JR - Elementary Agility certificate of accomplishment. The obstacle course shall be comprised of ten obstacles set in a simple horseshoe or simple "M" design. The same agility obstacles and related modifications shall be used as in the Beginners class, except that the A-frame shall measure 5'0" at the apex. The standard course time shall be the same as in the Beginners class, set at 60 seconds. Dogs may wear a buckle collar, but must compete off leash.

JUNIOR HANDLER TITLING PROGRAM – Use separate entry form! (continued)

- **Intermediate Agility Class:** The JH - Elementary AgilitySM class requires three rounds of competition with no penalties. Dogs completing three clear rounds in this class shall be awarded the JH - Intermediate Agility certificate of accomplishment. The courses shall be of simple design, being slightly more challenging than a figure of "8", and shall include twelve (12) to fourteen (14) obstacles, including an A-Frame (apex at 5'6"), Dog Walk (elevation at no more than 3'0" and planks of no less than 7'0" in length), Pipe Tunnel, Collapsed Tunnel, Short set of weave poles (five or six), Table at 12" for dogs jumping in the lower two height classes and at 16" for dogs jumping in the two higher jump height classes (to be performed in the down position for five consecutive seconds), Long Jump, Tire Jump and four to six hurdles. The standard course time shall be 75 seconds. Dogs must compete off leash without a collar.
- **Senior Agility Class:** The JH - Senior AgilitySM class requires three rounds of competition with no penalties. Dogs completing three rounds without fault in this class level shall be awarded the JR - Senior Agility certificate of accomplishment. The courses shall be of simple design, being slightly more challenging than a figure of "8", and shall include thirteen (13) to fifteen (15) obstacles, including the same obstacles as in the JH - Intermediate class with the following modifications: A-frame apex at approximately 5'10" effective March 30, 2007 (5'6" for the 8" and 12" height classes) and the addition of a see-saw. The standard course time shall be computed at the rate of two yards per second not to exceed 75 seconds. Dogs must compete off leash without a collar.

CHAMPIONSHIP AND PERFORMANCE JUMP HEIGHTS

Following are the jump heights for the Championship Program with Performance Program and Junior Handler heights in parentheses:

<u>Dog Height</u>	<u>Jump Height</u>	<u>Long Jump*</u>	<u>Table**</u>
Over 21"	26" (22")	60" (48")	24" (16")
21" or less	22" (16")	48" (36")	24" (16")
16" or less	16" (12")	36" (24")	16" (12")
12" or less	12" (8")	20" (12")	12" (12")

NOTE: Effective March 30, 2007, the A-frame is set as follows: For dogs entered in Championship classes at 22" and 26" jump heights, the apex of the A-frame is approximately 5'10" (at a 99 degree angle). For dogs entered in Championship classes at 12" and 16" jump heights, and for all dogs entered in Performance program classes, the apex is approximately 5'6" (at a 104 degree angle). Because of minor variations in construction standards and terrain, the angle measurement at the apex of the A-frame shall overrule the height measurement when setting the A-frame in accordance with these regulations.

* The long jump is required in the Steeplechase and Performance Speed Jumping.

** See Junior Handler Program class descriptions for table heights used at each level.

2008 DOG AGILITY STEEPLECHASE® LOCAL QUALIFIER

Description: The "Steeplechase" is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and weave poles. Either the A-Frame or weave poles shall be required to be performed twice. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prize money and Tournament Top Ten points. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships to be held in autumn of 2008. This tournament is open to all competitors not entered in Performance Speed JumpingSM qualifier at this event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualification & Advancement (For the purposes of this explanation, a score is anything other than elimination.)

Local Qualifiers: Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in the 12" or 16" height classes or 7 scores in the 22" and 26" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score qualify.

Further, in the event that fewer than five competitors in any height class receive a score, the top three scores must be determined from the combined height division for small dogs (12" and 16") or large dogs (22" and 26") to determine the maximum qualifying score for all dogs competing in that division in the manner described above.

However, if there are fewer than five scores in a division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Nonqualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing and at the Regional level are not eligible to earn a bye based upon their score in Round 2. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Regional Championships: The same process used for determining qualifying scores in Round 1 at the local qualifier will be applied in Round 1 at a Regional. To determine the maximum qualifying score in Round 2 at a Regional, the same method is applied, but the multiplier of 1.15 will be utilized. Any competitor in Round 2 with a score less than or equal to the maximum qualifying score as calculated in this manner will earn a 'bye' into the Steeplechase semifinals championships. Non-qualifying competitors are not eligible to run in Round 2 to satisfy numerical minimums. Any 'bye' that is earned may only be used by the handler/dog team who earned it and may not be transferred to another dog and/or handler.

Eligibility for Entry:

Regional Championships: A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.

World Championship:

Quarterfinals: Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

Semifinals: Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a 'bye' at a Regional Championship.

Program eligibility in Regional and National/World Championships shall be determined as follows: Where a competitor has qualifying scores in Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program tournaments is greater.

2008 DOG AGILITY STEEPLECHASE® LOCAL QUALIFIER (continued)

Awards:

Local Qualifiers: Prize money shall be computed based upon 20% to 40% (at club's discretion) of the total Steeplechase entry fees to be allocated in accordance with the payout table below regardless of the size of entry in any height class.

2008 PERFORMANCE SPEED JUMPINGSM TOURNAMENT QUALIFIER

Description: This is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include a long jump and an A-frame and weave poles. Either the A-Frame or weave poles shall be required to be performed twice. All obstacles are set according to Performance specifications. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prizes or awards. This tournament is open to all competitors not entered in the Steeplechase qualifier at the same event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualification & Advancement at Local Qualifiers: (For the purposes of this explanation, a score is anything other than elimination.)

Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in the 8" or 12" height classes or 7 scores in the 16" and 22" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score qualify.

Further, in the event that fewer than five competitors in any height class receive a score, the top three scores must be determined from the combined height division for small dogs (8" and 12") or large dogs (16" and 22") to determine the maximum qualifying score for all dogs competing in that division in the manner described above.

However, if there are fewer than five scores in a division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for prizes and awards, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Program eligibility in Regional and National/World Championships shall be determined as follows: Where a competitor has qualifying scores in Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program tournaments is greater.

Eligibility for Entry into the Championships: Two qualifying scores as defined herein are required to enter the semifinals at the Performance Speed JumpingSM Championships to be held in autumn of 2008.

Awards: Local Qualifier: Prizes or awards shall be provided at the club's discretion. NOTE: Prize money shall be awarded at this trial and shall be computed based upon 20% to 40% (at club's discretion) of the total PSJ entry fees to be allocated in accordance with the payout table below regardless of the size of entry in any height class.

Local Qualifier held in conjunction with a Regional Championship: Prizes or awards shall be awarded to first through third places in each jump height. Should prize money be awarded, the following table shall be utilized:

If you would like to be a vendor at this trial, please contact Bart Pierce (bartpierce@comcast.net) by Friday, February 29, 2008. Camping:

There are three types of camping available at the Benton County Fairgrounds (BCF) for the WAG trial.

- 1) **\$15.00 per night:** Electrical hook-up; most also have water. These spaces are at the front of the Fairgrounds, near the arena where the trial is being held.
- 2) **\$25.00 per night:** Full hook-up with electrical, water, cable and other goodies. These spaces are in the Benton Oaks RV Park, next to the Fairgrounds.
- 3) **\$11.00 per night:** Tent camping (up to 4 people in a tent).

The **\$15.00 per night fee** for the approx. 25-30 such spaces is a special rate negotiated with BCF for the WAG trial. If you want one of these spaces, check the correct line on your trial entry form and send the additional \$15 per night to WAG with your entry fee. With your trial confirmation letter, you will receive a camping tag, which must be displayed in your camping rig. You are not allowed to park in the full hook-up spots for this price. These are available on a first-come, first-served basis.

If you would like a full hook-up space or would like to tent-camp, you must contact BCF directly at (541) 766-6521, 766-6088, or 766-6089. BCF has told us to tell you that it is better to reserve the spot than wait and that your credit card does get charged when you reserve. With 24 hours notice, BCF will refund your money via a County check.

DIRECTIONS TO SHOW SITE

BENTON COUNTY FAIRGROUNDS, 110 SW 53rd Street, Corvallis, Oregon

DOG REGISTRATION APPLICATION

If your dog does not yet have a USDAA registration number, you may obtain a registration number immediately and a measurement card prior to the show by registering online at www.usdaa.com. Click on General Information → Dog Registration. You may instead clip out the form below and return it with your entry and include the appropriate amount with your entry fees. A reduced registration fee is available through [online](#) registration.

- DOG REGISTRATION APPLICATION - \$20.00**
- JUNIOR HANDLER REGISTRATION APPLICATION - \$17.00**

Dogs must be registered with USDAA in order to compete in USDAA sanctioned events. A registration card and number with a "U" prefix will be issued to facilitate entry at USDAA events and tracking of show results in the regular classes.

Junior handlers (those 18 years of age and younger) and their dogs must be separately registered for participation in the USDAA's Junior Handler Program (UJHP). A registration number with a "J" prefix will be assigned for use in entering UJHP events. A dog competing in both programs (regular classes and UJHP) must be registered separately for each program, for which the total fee is \$37.00.
