The SMC Alumni Association

Dear Colleagues and Friends:

The St. Mary's College Alumni Association is celebrating the 50th Anniversary of the establishment of St. Mary's College, a high school dedicated not only to provide quality education but also to instill Christian value and beliefs in its students.

The SMC Alumni Association has been established to foster, renew and promote activities which have as their purpose the enrichment of both the lives of its members and the students of St. Mary's College.

It is dedicated to supporting students' academic and social achievements through scholarships and bursaries and to provide financial assistance to both athletic and cultural activities.

Additionally, it has provided assistance to students and families who are experiencing financial difficulties whether it be by way of provision of food, clothing or other necessities, as well as providing assistance to students with special needs.

In celebration of this 50th Anniversary, the SMC alumni association has established a not for profit foundation known as the **SMC Alumni Foundation**. The Foundation will be dedicated to meeting the charitable objectives and goals which are established and to ensure that the Foundation's activities are funded.

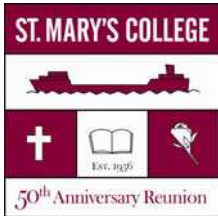

We are honoured to write you this letter on behalf of the many young men and women who have graduated from St. Mary's College to seek your financial support in the Foundation.

Attached is a brochure which sets out the goals of the Foundation and method of giving.

On behalf of the SMC Alumni Association and Foundation, we thank you for your support and look forward to your participation in the creation of a long-standing legacy of which we can all be proud.

Harvey Barsanti,
Honourary Chairman

St. Mary's College Alumni Association

Dear Friends,

St. Mary's College (SMC) will be celebrating its 50th anniversary reunion October 7-9, 2005. This is a very special weekend where our alumni will have the opportunity to renew friendships, reflect on our high school experiences and accomplishments.

As part of the celebration, the St. Mary's College Alumni Association is in the process of establishing a non profit "**St. Mary's College Alumni Foundation**". The Foundation will be dedicated to meeting the charitable goals and objectives established by the SMC Alumni Association.

These goals include the establishment and operation of an Educational Foundation for the purposes of:

Promoting educational pursuits in support of St. Mary's College, Sault Ste. Marie, Ontario Secondary School of the Huron Superior School Board and programs through:

- i. Establishing and granting prizes, awards, scholarships, fellowships, bursaries and financial assistance for secondary and post-secondary students through fundraising and the procurement of grants, funding, endowments, sponsorship and donations;
- ii. Providing equipment furnishings, teaching aids, and supplies to St. Mary's College and its programs;
- iii. Supporting educational programs offered by St. Mary's College in order to promote the knowledge respecting teaching methods, teaching skills, and teaching aids through research education and publication and distribution of books, papers, periodicals and pamphlets and to provide funds to secondary and post-secondary educational institutions to support such endeavors;
- iv. Developing databases of present and past students of St. Mary's College;
- v. Support of athletic and cultural pursuits of St. Mary's College students;
- vi. Preservation of historic religious values of St. Mary's College as established by the Basilian Fathers.

And other complimentary purposes not inconsistent with these objects.

The foundation will be a legacy created as a gift of the alumni but also in recognition of the Basilian Fathers who established St. Mary's College (SMC) in 1956 with little money and resources but a wealth of compassion and commitment to support the teachings of Christ and people in need.

We look forward to your support of the St. Mary's College Alumni Foundation and the 50th Anniversary Reunion. Thank you.

Harvey Barsanti,
Honourary Chairman
