Completing Your Basic Profile

You can speed completing basic profile information by importing a resume from LinkedIn, or by uploading a file. The supported file formats for uploading a resume are .pdf, .text, .doc and .docx (Word).

To create your Basic Profile you will complete a series of steps (entries or screens).

Your progress and current step in the process is shown on the left. In the next example, the information step is in progress:

As you work on your application, refer to the progress bar to see the number of items for each entry, and errors. In the next example, the work entry contains eight items, and the questions entry contains errors:

The screenshot shows a vertical list of form sections. At the top, there are two tabs: 'Job Details' (active) and 'Apply'. Below the tabs are several sections, each with a progress indicator on the right: 'Info' (info icon, checkmark), 'Work (8)' (briefcase icon, checkmark), 'Education (3)' (book icon, checkmark), 'Additional' (three dots, checkmark), 'Questions' (play icon, warning icon), 'Review' (magnifying glass icon), and 'Submit' (checkmark icon).

For each step, the buttons on the bottom allow you to save or discard your work on this entry.

The screenshot shows three buttons in a row: 'Remove' (text link), 'Save' (orange button), and 'Cancel' (grey button).

Although your typing is periodically automatically saved, it is good practice to click on the **SAVE** button.

The **CANCEL** button discards any changes you have made since the last save.

For some entries, the Remove link is present. It deletes the current entry, after a confirmation. Once deleted, the data cannot be recovered.

The last time that the entry was saved is also displayed at the top:
