All new lessons every class - here are some samples of what's coming up in the weeks ahead!

## Young Rembrandts Lesson Summary

### PICNIC

Today we draw a still life drawing featuring a spring picnic lunch. We analyze shapes of the basket and food items. Learn how to overlap multiple objects. Also draw simple patterns and textures and shading.

### CARTOON ALLIGATOR

We'll draw a cartoon style alligator along with feathered friend. We create our alligator with simple shapes and add details, patterns, textures, and a sly expression to bring him to life.

### JET PLANE

We'll draw a realistic jet plane flying over a landscape. We illustrate our jet with authentic markings and details. We choose an overhead, aerial view which provides a detailed look at the textured and patterned fields below.

### FARM ANIMALS

Cartoon farm animals convey how characters are feeling. Facial expressions and emotions. We exaggerate their facial features and give them lots of personality.

### AUDUBON/BIRD

Inspired by artist John Audubon. Famous for his detailed studies of birds. We draw a detailed bird sitting in a complex nest. We also add colorful patterns to our bird's wings.

### PUDDLE SEQUENCE

A fun cartoon sequence depicting a child splashing through puddles after the rain. We learn how to tell a story through a series of drawings. We also practice our figure drawing

Your child will learn these skills and techniques during Young Rembrandts' classes. Each week your child draws new images, learns new vocabulary and has fun discovering art and the Power of Drawing!
