

PLUGGED-IN WORLD

Adolescents in a Digital Media Age

Friday 4th October 2013

Time: 10.00am to 4.00pm

Venue: NSCAP in Leeds

Fee: £25 (Lunch provided)

A ONE-DAY INTER-DISCIPLINARY CONFERENCE

Adolescents seem to be plugged into digital media most of the time: at home, in front of the TV, on the bus, in college, in therapy sessions and even when asleep. Modes of accessing digital media are ubiquitous, fast and portable: Smartphones, tablets, laptops, games consoles, TVs, glasses, watches...

How do we understand this plugged-in world? How is it used or encountered?

What effects do we fear? What effects do we see?

The conference will be of interest to a wide audience including clinicians, academics and others working with adolescents who want to think about the relationship adolescents have to digital media.

CONFERENCE PROGRAMME

Chaired by Lynda Ellis, Clinical Director and Jason Kaushal, Adolescent Development Lead, NSCAP

The programme will be interactive, including the use of Twitter, with space for discussions.

**We invite you to bring your Smartphone or digital device to the event with Twitter installed or the ability to send text messages.*

To book your place on this conference please complete the form overleaf...
