MUNICIPAL TRANSPORTATION AGENCY**

**DIVISION:** Finance & Information Technology

**BRIEF DESCRIPTION:**

Public Hearing and discussion of the FY 2017 and FY 2018 Operating Budget, including possible modifications to various fares, fees, fines, rates and charges; possible new revenue sources and new expenditures; and revenue and expenditure reductions; discussion of the FY 2017 and FY 2018 Capital funding through development fees and Population-based General Fund allocation included in the FY 2017 and FY 2018 Operating Budget and approving changes to towing related fees, including a discount program for low income vehicle owners and adding a new fee for vehicle liens, and amending the Transportation Code Division II to reflect these changes and rectify other non-substantive omissions.

**SUMMARY:**

- Charter Section 8A.106 provides that the SFMTA must submit a two-year budget by May 1 to the Mayor and Board of Supervisors.
- The SFMTA Board considered various options related to the budget at the January 26 Workshop and the February 26 SFMTA Board meeting. Staff will present a balanced budget at the April 5 meeting.
- Before the Board can approve the Agency's Operating Budget, a Title VI analysis for proposed fare changes must be approved.
- The Board of Supervisors has requested consideration of the administrative fee for towed cars and the establishment of a program to provide discounts for low income drivers.
- The proposed action for the changes to towing related fees is the Approval Action as defined by the S. F. Administrative Code Chapter 31.

**ENCLOSURES:**

1. Resolution
2. New Proposals on Revenues and Expenditures
3. Comparative Fares
4. Indexed Fares and Cost Recovery Fees included in FY17/FY18 Baseline Budget
5. Off-Street Parking Rates and Fees included in FY17/ FY18 Baseline Budget
6. FY17/ FY18 Capital funding through development fees and Population-based General Fund allocation included in the FY17 and FY18 operating budget
7. Preliminary Title VI Analysis
8. Transportation Code Division II amendment

Public hearing and discussion of the FY 2017 and FY 2018 Operating Budget, including possible modifications to various fares, fees, fines, rates and charges; possible new revenue sources and new expenditures; and revenue and expenditure reductions; discussion of the FY 2017 and FY 2018 Capital funding through development fees and population-based General Fund allocation included in the FY 2017 and FY 2018 Operating Budget and approving changes to towing related fees, including a discount program for low income vehicle owners and adding a new fee for vehicle liens, and amending the Transportation Code Division II to reflect these changes and rectify other non-substantive omissions.

**GOAL**

This item supports all of the Strategic Plan Goals.

Goal 1: Create a safer transportation experience for everyone

Goal 2: Make transit, walking, bicycling, taxi, ridesharing and carsharing the most attractive and preferred means of travel

Goal 3: Improve the environment and quality of life in San Francisco

Goal 4: Create a workplace that delivers outstanding service

**DESCRIPTION**

The SFMTA is preparing a two-year Operating Budget for FY 2017 and FY 2018 for submittal by May 1, 2016 to the Mayor and Board of Supervisors as required by Charter Section 8A.106.

On January 26, 2016, the SFMTA Board of Directors reviewed the Operating Baseline Budget for FY 2017 and FY 2018 that included a \$13.5 million shortfall for FY 2017 and a \$14.3 million shortfall for FY 2018, based on projections as of early February 2014. The Operating Baseline Budget for FY 2017 and FY 2018 are summarized below.

**REVENUES (\$ million)**

<b>Revenue Category</b>	<b>FY 2017 Baseline Budget</b>	<b>FY 2018 Baseline Budget</b>
Transit Fares	205.9	207.9
Operating Grants	144.8	147.1
Parking and Traffic Fees & Fines	324.2	331.4
Other (Advertising, Interest, Inter-departmental Recovery, Taxi)	49.0	50.4
General Fund Transfer	282.6	294.1
Capital Projects (Development Fees, Population Based General Fund Allocation)	52.5	43.8
Use of Reserves	TBD	TBD
<b>TOTAL</b>	<b>\$1,059.0</b>	<b>\$1,074.7</b>

**EXPENDITURES (\$ million)**

<b>Expenditure Category</b>	<b>FY 2017 Baseline Budget</b>	<b>FY 2018 Baseline Budget</b>
Salaries & Benefits	649.6	673.4
Contracts and Other Services	140.7	140.9
Materials & Supplies	76.0	76.0
Equipment & Maintenance	10.6	10.6
Rent & Building	11.8	12.8
Insurance, Claims & Payments to Other Agencies	66.0	66.0
Work Orders	65.3	65.5
Transfer to Capital Projects	52.5	43.8
<b>TOTAL</b>	<b>\$1,072.5</b>	<b>\$1,089.0</b>

The Baseline Operating Budget includes the following:

- Continuation of Free Muni for Low and Moderate Income Youth, Seniors and Disabled Riders
- Implementation of the SFMTA Board's approved Automatic Indexing Policy and Cost Recovery calculations for various fares, fees, fines, rates and charges subject to the California Vehicle Code
- Population General Fund Baseline (for Capital use only)
- Development Fees (for Capital use only)
- Low Carbon Transit Operations Program (State Cap & Trade funds) to fund the increase transit service
- Current estimates from the Controller's Office on the General Fund Baseline transfers
- Current estimates from MTC on the state and regional operating grants
- Positions added during FY 2015 & FY 2016
- Pension Increases
- Wage increases in executed labor contracts in FY 2017, CPI estimate for FY 2018 (2.54%)
- Several new contracts approved by the board during FY 2015 and FY 2016 (Paratransit Contract Extension, Clipper, Taxi Driver Testing, Safety Management)
- Service recommendations identified in the Muni Equity Strategy (the proposals identified in the Equity Strategy are included in the baseline as they would be implemented either through a 2% service increase or by identifying efficiency opportunities, such as eliminating or reducing unproductive service)
- The following items were absorbed in the baseline budget since the February 16, 2016 Board meeting by realigning expenditures:
  - Debt Service for new Revenue Bonds
  - Lease for new Training Facility
  - Increased Worker Compensation costs

The Baseline Operating Budget does not include the following (see Encl. 2 for further details):

- Any changes to fares beyond the indexing amounts outlined in Exhibit 1
- Additional costs above CPI arising from new collective bargaining agreements effective July 1, 2017
- Caltrain Operating Contribution Increase

- Transit Service Increases – 2% excluding Muni Equity Strategy service changes
- Use of Reserve Funds
- Additional expenditures requested by divisions as outlined below in Enc. 2
- New Proposals on Revenues and Expenditures are listed in Enc. 2

### **Towing Fees**

On February 16, 2016 the SFMTA Board of Directors authorized the Director of Transportation to execute an agreement with TEGSCO, LLC., dba San Francisco AutoReturn, for the Towing, Storage and Disposal of Abandoned and Illegally-Parked Vehicles (Towing Agreement) contingent on Board of Supervisors approval. The Board of Directors also amended Transportation Code Division II, Section 305 to incorporate customer fees for vehicle towing, storage, sale and release, and extend San Francisco resident waiver provisions to non-residents. Because expenditures under the Towing Agreement will exceed \$10 million, the Agreement required approval by the Board of Supervisors. During their deliberations, the Board of Supervisors requested the SFMTA to reconsider the administrative fee and establish a program to provide discounts for low income vehicle owners. Therefore, staff recommends changes to the towing-related fees as follows.

- Reduce the SFMTA's Administrative Fee to \$172 (from \$261) for first time tows
- For low income car owners with some verification of participation in a low income program, there will be an additional \$86 reduction to the Administrative Fee for first time tows. In addition, 48 hours of storage fees will be waived (similar to stolen vehicles) for low income vehicle owners who have their vehicles towed for the first time. In order to qualify for these discounts the low income car owner must request the low income waiver within 48 hours of receiving actual or constructive notice of the tow (including the Notice of Storage).
- For each subsequent tow beyond the first tow, the SFMTA's administrative fee will be \$261 for everyone.

The financial impact to the SFMTA of these changes is projected to be \$3.5 million annually.

Staff also recommends inclusion of a second lien fee in the amount of \$35 for vehicles valued at \$4,000 or less and \$50 for vehicles valued at more than \$4,000. The California Vehicle Code authorizes an initial lien fee to be imposed at the start of the lien process and a second fee to be imposed when the lien process has been completed. The second lien fee was not included in the Feb. 16 legislation.

Additionally, after the SFMTA Board of Directors approved amendments to the Transportation Code related to the Towing Agreement on February 16, 2016, staff discovered that certain technical, non-substantive clarifications had been inadvertently omitted. Therefore, staff also recommends amendments to Section 305 to rectify those omissions.

### **PUBLISHED NOTICE**

An advertisement ran regarding the proposed fares, fees, fines, rates and charges in the San Francisco Chronicle for a five-day period beginning February 22, 2016.

## TITLE VI

Before the SFMTA Board can approve the Agency's Operating Budget, a Title VI analysis for proposed fare changes must be approved by the SFMTA Board in accordance with the Federal Transit Administration's (FTA) Circular 4702.1B. Service changes that meet the SFMTA's definition of a major service change must also prepare a Title VI analysis for the SFMTA Board's approval in accordance with the Federal Transit Administration's (FTA) Circular 4702.1B.

In accordance with Title VI and FTA requirements, SFMTA performed a Title VI analysis for all proposed TEP service changes meeting the SFMTA's definition of a Major Service Change as required by the Federal Transit Administration's (FTA) Circular 4702.1B, "Title VI and Title VI-Dependent Guidelines." Service changes were evaluated to determine if the proposed changes had a disparate impact on minority populations or a disproportionate burden on low-income populations. The Title VI analysis for these service changes was approved by the Board on March 28, 2014 and is available at this link: <https://www.sfmta.com/sites/default/files/agendaitems/3-28-14%20Item%207%20TEP%20Title%20VI%20Analysis.pdf>.

The SFMTA Board will be asked to appropriate funding for future service increases as part of the agency's FY17-18 Operating Budget; however, specific service changes will be brought back to the SFMTA Board for approval at a later date. It is likely that most of these future service changes will fall within the March 28, 2014 Title VI analysis. For those services that meet the definition of a major service change and do not fall within the previous analysis, a separate Title VI analysis will be presented prior to SFMTA Board approval of those proposed service changes.

The TEP Service Changes Title VI Analysis results are as follows:

- **Service Frequency Increases:** Service frequency increases were proposed on 41 out of Muni's 75 transit lines. Based on customer survey data, 58% of the Muni customers who will benefit from the proposed service frequency increase self-identify as a minority and 51% stated that they live in low income households. This matches the Muni average systemwide average for minority customers of 58% and the systemwide average for low-income customers at 51%. As a result, no disparate impact or disproportionate burden is found on the proposed service increases to minority and low-income customers.
- **Service Frequency Decreases:** Service frequency decreases were proposed on only four Muni lines. Based on customer survey data, 49% of the Muni customers impacted by these decreases self-identified as a minority and 42% reported living in low-income households. The impacted lines are less minority and higher income than the system as a whole and as a result, no disparate impact or disproportionate burden is found on the proposed service frequency decreases.
- **Route Segment Additions:** Because the collected customer survey data was not statistically valid on a route segment level, U.S. Census data was used to analyze route segment changes. Based on U.S. Census data, 58% of San Francisco residents self-identify as minority and 31% live in low-income households. Analyzing the route segment additions, 63% of the population benefiting from route additions/extensions identifies as a minority and 29% identify as living in a low-income household. As a result, the proposed route additions/extensions provide a higher benefit to minority populations than the Citywide minority average of 58% and a slightly lower benefit to low-income populations than the Citywide low income household average but still within the SFMTA Board's adopted disproportionate burden threshold of 8%. As a result, no disparate impact or disproportionate burden is found.

- Route Segment Eliminations:** Based on the analysis of U.S. Census data, 54% of the population impacted by the proposed route segment eliminations self-identified as a minority and 27% identify as living in a low-income household. As a result, fewer minority residents are impacted by the route segment eliminations than the Citywide average and fewer low income households are impacted than the citywide average and no disparate impact or disproportionate burden is found.

A preliminary Title VI Analysis addressing potential fare changes is attached. It includes a cumulative analysis of all proposed fare increases and a cumulative analysis of all proposed fare decreases. Based on this analysis, the proposed fare increases do not lead to a disparate impact on customers who self-identify as minority, nor did the analysis find a disproportionate burden for customers from low-income households. Additionally, the fare decreases benefit low-income and minority customers and therefore also do not result in disparate impacts or disproportionate burdens.

The most significant fare decrease would be provided to populations receiving tokens and passes from social service agencies. No disparate impact or disproportionate burden was found, as the primary beneficiaries of this change are minorities and people from low income households. No data was available to evaluate the special event fares or increasing the age of the youth pass. The 2013 Systemwide On-Board Survey grouped 18 year olds with 18 to 34 year olds.

When taken collectively, the proposed fare increases would impact most SFMTA customers (approximately 95 percent) regardless of their ethnicity or income status. Approximately 660,000 to 670,000 of the 700,000 weekday boardings would be impacted by the fare increases in one way or another. Thus, there would be no disparate impact or disproportionate burden effects.

While there are no disparate impacts or disproportionate burden effects on the fare increase packages taken as a whole, the analysis did show that customers who self-identify as minority and customers from low-income households were more likely to pay with cash than the Muni ridership as a whole.

The policy benefits of this fare differential would be to incentivize customers to prepay fares before boarding, thus speeding customer boardings and reducing dwell times. This proposal would reduce farebox transactions and maintenance. The Lifeline Pass program for adults earning less than twice the Federal Poverty Level, as well as the Free Muni pass programs for low and moderate-income youth, seniors and people with disabilities, provides alternatives to cash payment for customers whose income qualifies them for these programs.

A final Title VI Analysis will be presented to the Board for approval when the FY17/ FY18 Operating Budget is presented.

**PUBLIC OUTREACH**

The following schedule summarizes the major outreach efforts:

Action	Date
SFMTA Board Workshop Equity Program	January 26, 2016
CAC Meeting	February 4, 2016
1st Public Hearing at SFMTA Board	February 16, 2016

CAC Meeting	March 3, 2016
2nd Public Hearing at SFMTA Board	March 15, 2016
Budget Webinar	March 21, 2016
Budget Open House	March 23, 2016
Budget Open House	March 26, 2016
CAC Meeting – Budget Action	March 24, 2016

In addition to the outreach efforts identified above, individual meetings are being scheduled with various stakeholders between January and March 2016.

### **ALTERNATIVES CONSIDERED**

The SFMTA Board considered various options at the January 26, 2016 Workshop and the February 16, 2016 SFMTA Board meeting including those summarized in various enclosures summarizes revenue up and expenditure options for the SFMTA Board's consideration. The SFMTA Board heard public comments at the February 16, 2016 SFMTA Board meeting on these options.

### **FUNDING IMPACT**

Input from this public hearing will assist the SFMTA Board in their deliberations of the FY 2017 and FY 2018 Operating and Capital Budget. Following Board input on March 15, staff will finalize a budget for presentation at the April 5 Board meeting.

### **ENVIROMENTAL REVIEW**

Public hearings do not constitute a project under the California Environmental Quality Act (CEQA), Public Resources Code section 21065 and Title 14 of the California Code of Regulations, (CEQA Guidelines) Section 15378 and no environmental review is necessary.

The proposed changes to changes to towing related fees and all related changes to Transportation Code Section 305 are subject to the California Environmental Quality Act (CEQA). CEQA provides a statutory exemption from environmental review for the establishment, modification, structuring, restructuring or approval of rates, tolls, and other charges pursuant to California Public Resources Code Section 21080(b)(8) and Title 14 of the California Code of Regulations, (CEQA Guidelines) Section 15273, if these rates, tolls, and other charges will be used to meet operating expenses, including employee wage rates and fringe benefits, or purchase or lease supplies, equipment, or materials.

The SFMTA, under authority delegated by the Planning Department, determined that the proposed changes to towing related fees and all related changes to Transportation Code Section 305 are statutorily exempt from environmental review under Section 15273 of the CEQA Guidelines because the anticipated revenues will be used to meet SFMTA operating expenses, including employee wage rates and fringe benefits, or to purchase or lease supplies, equipment, or materials. The SFMTA's determination is on file with the Secretary to the SFMTA Board of Directors. The proposed action is the Approval Action as defined by the S. F. Administrative Code Chapter 31.

**OTHER APPROVALS RECEIVED OR STILL REQUIRED**

The SFMTA Board must approve a balanced Budget for FY 2017 and FY 2018 for submittal to the Mayor and the Board of Supervisors by May 1, 2016.

The City Attorney has reviewed this report. No other approvals are required.

**RECOMMENDATION**

Staff recommends that the Board hold a public hearing to discuss the FY 2017 and FY 2018 Operating Budget, including possible modifications to various fares, fees, fines, rates and charges; possible new revenue sources and new expenditures; and revenue and expenditure reductions; discussion of the FY 2017 and FY 2018 Capital funding through development fees and Population-based General Fund allocation included in the FY 2017 and FY 2018 Operating Budget and approve changes to towing related fees, including a discount program for low income vehicle owners and adding a new fee for vehicle liens, and amend the Transportation Code Division II to reflect these changes and rectify other non-substantive omissions.

SAN FRANCISCO  
MUNICIPAL TRANSPORTATION AGENCY  
BOARD OF DIRECTORS

RESOLUTION No. \_\_\_\_\_

WHEREAS, On February 16, 2016, the San Francisco Municipal Transportation Agency Board of Directors authorized the Director of Transportation to execute Contract No. SFMTA 2014-48, with TEGSCO, LLC., dba San Francisco AutoReturn, for the Towing and Storage of Abandoned and Illegally-Parked Vehicles; and,

WHEREAS, The Board of Directors also amended Transportation Code Division II, Section 305 to incorporate customer fees for vehicle towing, storage, sale and release, and extend San Francisco resident waiver provisions to non-residents, and,

WHEREAS, Because expenditures under the Towing Agreement will exceed \$10 million, the Towing Agreement requires approval by the Board of Supervisors; and,

WHEREAS, During their deliberations on the Towing Agreement, the Board of Supervisors requested the SFMTA to reconsider the administrative fee and establish a program to provide discounts for low income drivers; and,

WHEREAS, The proposed changes to changes to towing related fees are subject to the California Environmental Quality Act (CEQA); the CEQA Guidelines provide an exemption from environmental review for the establishment, modification, structuring, restructuring or approval of rates, tolls, and other charges, if these rates, tolls, and other charges will be used to meet operating expenses, including employee wage rates and fringe benefits, or purchase or lease of supplies, equipment, or materials. (Cal. Code Regs., Title 14, Section 15273); and,

WHEREAS, The SFMTA, under authority delegated by the Planning Department, determined that the proposed changes to changes to towing related fees and all related changes to Transportation Code Section 305 are statutorily exempt from environmental review and the proposed action is the Approval Action as defined by the S. F. Administrative Code Chapter 31; and,

WHEREAS, The SFMTA Board finds that the proposed changes to changes to towing related fees and all related changes to Transportation Code Section 305 are statutorily exempt from environmental review under Section 15273 because the changes to changes to towing related fees is for the purpose of the establishment, modification, structuring, restructuring or approval of rates, tolls, or other charges, and that the rates, tolls, and other charges will be used to meet operating expenses, including employee wage rates and fringe benefits, or purchase or lease of supplies, equipment, or materials; and,

WHEREAS, A copy of the CEQA determination is on file with the Secretary to the SFMTA Board of Directors, and may be found in the records of the Planning Department at 1650 Mission Street in San Francisco, and are incorporated herein by reference; and,

WHEREAS, The California Vehicle Code authorizes an initial lien fee to be imposed at the start of the lien process and a second fee to be imposed when the lien process has been completed; and

WHEREAS, The second lien fee was not included in the Feb. 16 legislation, staff recommends inclusion of a second lien fee in the amount of \$35 for vehicles valued at \$4,000 or less and \$50 for vehicles valued at more than \$4,000; and,

WHEREAS, Following approval of amendments to the Transportation Code related to the Towing Agreement on February 16, 2016, staff discovered certain technical, non-substantive clarifications had been inadvertently omitted; now, therefore, be it

RESOLVED, The Board of Directors approves changes to towing related fees, including a discount program for low income vehicle owners and adding a new fee for vehicle liens, and amends the Transportation Code Division II, Section 305 to reflect these changes and rectify other non-substantive omissions.

I certify that the foregoing resolution was adopted by the San Francisco Municipal Transportation Agency Board of Directors at its meeting of March 15, 2016.

**Cost Recovery Fees**

All fees in this exhibit are calculated based on a cost recovery methodology.

***Neighborhood Parking Permit Program*** (including Residential, Visitor, Business and Commercial Permit Fees): The Neighborhood Parking Program was established in 1976 to provide greater parking availability for City residents and merchants by discouraging long-term parking by non- residents or commuters. Presently there are 28 residential parking permit areas in the City plus two additional permit areas that are currently under discussion. These parking permit fees are a cost recovery fee and proposed increases will offset the actual costs for enforcement and other expenses associated with the administration of the Neighborhood Parking Program.

<b>Neighborhood Parking Permits</b>	<b>Current Fee</b>	<b>FY 2017 Proposed Effective July 1, 2016</b>	<b>FY 2018 Proposed Effective July 1, 2017</b>

**Contractor Parking Permit Program:** Parking permit available for licensed Contractors. Permit exempts holder from payment at parking meters and time limits in Residential Permit Parking areas. Permit fees are cost recovery and proposed increases will offset the actual costs for lost parking meter revenue, enforcement and other expenses associated with permit administration.

<b>Contractor Parking Permits</b>	<b>Current Fee</b>	<b>FY 2017 Proposed Effective July 1, 2016</b>	<b>FY 2018 Proposed Effective July 1, 2017</b>

Contractor Permit Transfer	\$42	\$50	\$52

**Color Curb Program:** Residents, organizations, and business owners apply for various colored curb parking designations as authorized by the California Vehicle Code. These zones include white zones (passenger loading and unloading), green zones (10-minute parking), red zones (no parking), and yellow zones (freight loading and unloading). The program's costs are funded by fees charged to the requestors. Yellow zones have historically not had a fee associated with them. Yellow zones are often initiated by Parking and Traffic to reduce double parking which may delay Muni buses and LRV trains. The yellow zones generally serve the entire block and not a specific business. Some taxi and tour bus zones are assessed white zone fees when the zone serves a hotel or identifiable commercial entity or beneficiary.

**Special Traffic Permits:** A Special Traffic Permit is required for any work that obstructs traffic on any street or sidewalk area due to construction, excavation, or other activity. A contractor must apply for a permit at least two business days prior to commencing work. To address situations when permit applications are submitted with less than two business days prior to the work, a late fee is assessed. The proposed increases in the special traffic permit fees are estimated to offset the cost of enforcement and other expenses associated with the administration of the program.

**Citation Work Credit aka Project 20 Processing Fee:** (previously approved by the SFMTA Board) Project 20, under agreement with the SFMTA, provides options for eligible customers to perform community service in lieu of parking and transit violation fines or enroll in a payment plan. The processing fee charged by the SFMTA covers the administrative costs of processing the contract with the customer, referral to the Project 20 office, and the processing/reconciliation of funds and work credits collected by Project 20 for parking citations.

## **Market Octavia (MO)**

Possible projects to be funded with these development impact fees include:

### *Light Rail Service Enhancement*

This project includes the replacement of the light rail vehicles that service the Market Octavia area to meet the operational and capacity needs of the Metro light rail system, including the N-Judah and J-Church routes.

### *Van Ness and Mission Pedestrian Improvements with BRT*

The intersection of Van Ness and Mission was identified in the Market Octavia Plan as a high priority for pedestrian improvements. This intersection is overlapped by many larger transportation and streetscape improvement projects: the Van Ness BRT, the Muni Forward project which includes rapid networks serving this intersection, the Mission Streetscape Design project, and a proposed bicycle connection. It is also the location of several major development projects in the Planning Department pipeline. Funds for landscape projects and pedestrian amenities will allow for a Complete Streets approach to this intersection in conjunction with the other planned transit improvements. Staff will continue to design and develop pedestrian and bicycle safety improvements at this intersection, and will return to the SFMTA with a proposal later this year.

### *Upper Market Pedestrian Improvements*

The Upper Market Pedestrian Improvements Project will design and construct pedestrian safety improvements along the Upper Market Street corridor from Castro Street to Octavia Boulevard. Specific measures have been identified by the Market/Octavia Citizens Advisory Committee and include the installation of curb bulbs, potential Muni boarding island upgrades, green-backed sharrows, upgrades including buffers and green paint in bike lanes, a parking-protected bike lane, continental crosswalks, painted safety zones, signal timing changes, and a circulation study.

### *Koshland Park Access Improvements*

Safety enhancements will be designed and implemented in coordination with the Page Street Corridor project to increase connectivity and access to Koshland Park. The park includes a playground space and a basketball court, and there is currently no marked crossing at Rose Street. Access improvements at this location will improve pedestrian safety and access to open space.

### *Streetscape Enhancement Fund*

The Market and Octavia Plan calls for pedestrian, bicycle, and streetscape improvements on key streets throughout the Plan Area. The Streetscape Enhancement Fund sets aside funding for ongoing pedestrian, bicycle, or greening improvements projects such as the Market-Octavia Safety Improvements, Octavia Boulevard Enhancements, and the Hayes Street Follow the Paving project. The FEIR for the Market and Octavia Area Plan, certified by the Planning Commission on April 5, 2007, programmatically reviewed pedestrian, bicycle and streetscape improvements. The \$1.35 million allocated to this fund would enable monies to be nimbly allocated when opportunities or particular needs arise, taking advantage of the efficiencies that come with conducting these improvements alongside repaving or larger construction projects. However, specific projects for these improvements have not been determined.

## **Eastern Neighborhoods (EN)**

Possible projects to be funded include:

### *16th Street*

The 22 Fillmore corridor along 16th Street faces significant congestion and other obstacles that frequently prevent efficient transit vehicle movement. Additionally, the Mission Bay neighborhood, which is currently experiencing a large amount of commercial and residential development, lacks a direct and efficient transit connection to the Mission District and central San Francisco. This project will build transit-only lanes, transit bulbs, new traffic and pedestrian signals, and new streetscape amenities. The project will also include extending the overhead contact system (OCS) on 16<sup>th</sup> Street from Kansas Street to Third Street to allow for zero-emission transit service into Mission Bay. The changes will result in 25% reduced travel times and improved reliability on the 22 Fillmore corridor, primarily along 16th Street between the intersection of Church Street and Market Street and the Mission Bay neighborhood, which represents a new terminal location for the route.

### *Folsom St/Howard St*

The Folsom Street Improvement Project envisions the transformation of Folsom Street to a more pedestrian-friendly, multimodal street. This project has been described in many different contexts. Both the East SOMA and Western SOMA Area Plans describe Folsom Street as a new civic boulevard, as one of the key infrastructure projects identified in the East SOMA that would serve as the neighborhood main street for the neighborhood. The Eastern Neighborhood (EN) Trips project, further developed conceptual streetscape and circulation designs for Folsom along with Howard, between 5th Street and 12th Street. EN Trips identified two prototype configurations including converting both Howard and Folsom Street to two-way streets. Robust bike facilities (including a grade separated option), corner bulbs, bus bulbs, mid-block crossings, along with other streetscape improvements are considered in both prototypes.

### *Pedestrian Enhancement and Bicycle Fund*

The Eastern Neighborhoods Area Plan, reviewed in the Eastern Neighborhoods Area Plan and Rezoning EIR, certified by the San Francisco Planning Commission on August 7, 2008, calls for pedestrian, bicycle, and streetscape improvements on key streets throughout the Plan area. The Pedestrian Enhancement and Bicycle Fund sets aside funding to enhance ongoing infrastructure projects that may not otherwise include pedestrian, bicycle, or greening improvements. The fund enables money to be nimbly allocated when opportunities or particular needs arise, taking advantage of the efficiencies that come with conducting these improvements alongside repaving or larger construction projects but specific locations for these improvements have not been determined.

## **Balboa Park**

Possible projects to be funded include:

### *Planning and Near-Term Transit Improvements*

The Balboa Park Area Plan calls for transit improvements on key routes throughout the plan area. Planning and near-term improvements will enhance reliability and connectivity of transit service in the Balboa Park area.

**Transit Center District**

Possible projects to be funded include:

*Central Subway Open Space*

This project includes enhancements to the Central Subway Chinatown Station open space by Stockton and Washington Streets.

**Population-based General Fund Allocation**

Possible projects to be funded include:

Transit Reliability

Funding will support transit system improvements and projects that improve transit reliability, frequency of service, capacity, or state of good repair. Projects could include light rail vehicle expansion, motor coach expansion and vehicle overhauls; Muni Forward/Rapid Network projects such as transit priority lanes, improved boarding zones, signage, and transit signal priority; and station area improvements such as new elevators.

Street Safety

Funding will support projects that improve street safety for all users such as enhancement and expansion of bicycle network corridors identified through the Bicycle Strategy, pedestrian safety improvements prioritized through WalkFirst, corridor-wide pedestrian safety enhancements on the High Injury Network, pedestrian and traffic calming improvements coordinated with paving and utility projects, school area safety improvements, and new signals and signal upgrades.
