

## PERMIT CONDITIONS

- A. Permittee's copy of this permit shall be at the work site.
- B. All work performed under this permit shall conform to the requirements of the current edition of the "Standard Specifications for Highway Construction" published by the Oregon Department of Transportation and APWA Oregon Chapter. Copies are available from ODOT. References to subsections in this permit shall mean subsections of the Standard Specification.
- C. At least 48 hours before starting work, permittee shall contact the Douglas County Public Works Department at (541) 440 - 4481, between the hours of 8:00 a.m. and 5:00 p.m., Monday - Friday, excluding holidays. A work authorization number will then be assigned to the permit.
- D. ATTENTION: Oregon law requires you to follow rules adopted by the Oregon Utility Notification Center. Those rules are set forth in OAR 952-001-0010 through OAR 952-001-0090. You may obtain copies of the rules by calling the center. (Note: the telephone number for the Oregon Utility Notification Center is (503) 232 - 1987). Call before you dig 1-800-332-2344 at least 48 business hours prior to beginning excavation.
- E. Prior to the commencement of work, permittee shall erect proper traffic control devices meeting the requirements of the Manual on Uniform Traffic Control Devices and/or Oregon Temporary Traffic Control Handbook.
- F. The top of a utility shall be a minimum of 30" below the road surface and/or the roadside ditch. A utility shall be installed below all culverts with less than 30" of cover, unless otherwise approved by the Public Works Department.
- G. All trench backfill shall be compacted with a mechanical device meeting the requirements described in the "Backfilling" subsection of Section 00405 of the Standard Specifications described in condition "B" above. This compaction requirement shall also include the top surface of a utility that was "plowed in".
- H. If approved, when a utility installation involves open cutting of the roadway surface, the work shall conform to the requirements described in "Surface Removal", subsection of Section 00405 and the "Trench Resurfacing" Section 00495 of the Standard Specifications described in condition "B" above.
- I. All work shall be inspected and approved by an authorized representative of the Public Works Department. All damaged areas shall be restored to their original condition.
- J. Permittee warrants that all restoration work will be free from defects for a period of two years from the date of completion. Permittee, at Permittee's expense, shall correct any defects that become apparent within the warranty period. If Permittee fails to correct defects, the County may do so and charge the cost to the Permittee.
- K. Any sight posts, signs, or mailboxes that are removed shall be replaced immediately in the original condition and location and the area around them will be restored to the original condition.
- L. Permittee, at Permittee's expense, shall have a Professional Land Surveyor, registered in the State of Oregon, reestablish any survey monument moved, destroyed, damaged, or altered while working within County right of way.
- M. This permit does not waive or abridge Douglas County's governmental powers over public roads within its jurisdiction. Douglas County reserves the right, at its discretion, to order the removal, reconstruction, relocation, or repair of any approach roads, structures, fixtures, or other facilities placed or constructed within the road right of way pursuant to this permit at the expense of the owners.
- N. Permittee shall defend, indemnify, and hold harmless the County, its officers, agents, and employees from any claims, actions, damages, and other expenses resulting from injury to any person or damage to property, of whatsoever nature, arising out of or incident to the activities covered by this permit or the condition of any approach roads, structures, fixtures, or other facilities placed or constructed within the road right of way pursuant to this permit. Permittee shall not be held responsible for any claims, actions, damages, or other expenses directly, solely, and proximately caused by the negligence of the County.
- O. This permit shall be governed by and construed in accordance with laws of the State of Oregon. Permittee and any contractor retained by Permittee shall promptly observe and comply with all present and future statutes, orders, regulations, rules, ordinances, and requirements of federal, state, and local governments with respect to this permit including, but not limited to, provisions of any ordinance adopted by the County pursuant to ORS 368.011 and 374.310.
- P. The County may cancel this permit without cause by written notice to Permittee any time before commencement of the work authorized by this permit. The County also may cancel this permit at any time and pursue any legal remedy available to the County if the conditions of this permit are violated.
- Q. The conditions of this permit shall bind and apply to Permittee's successors, assigns, and any other persons who now or in the future hold an interest in the approach roads, structures, fixtures, or other facilities placed or constructed within the road right of way pursuant to this permit.
