

About the Seminar

The Salzburg Global Seminar offers week-long International Study Programs (ISP) for undergraduate students at its facility at Schloss Leopoldskron in Salzburg, Austria.

The International Study Program for undergraduates provides an intensive experience for students to explore issues of worldwide concern and to view them from a perspective both literally and figuratively outside the borders of the United States. Students develop the tools to be more discerning in the assessment of information pertaining to world affairs and to understand what it means to be a “global citizen.”

LCTCS student participants are expected to apply their knowledge and experiences learned through this venture during their second year on campus.

Student Testimonials

- “Meeting all the students from other colleges was a nice experience; so many friendships formed”
- “I learned many different perspectives from others”
- “This was an opportunity to broaden my perspective as a global citizen”
- “It was a challenging experience”

The AT&T Community College Global Leadership Program was begun by a generous seed grant from the AT&T Foundation in 2009. Each year, an LCTCS community college is selected to participate with the seed grant funds. In the following years, each college's

foundation provides the funds to continue the program, ensuring the continuance of a global learning experience for both faculty and students.
