In 1979 Michigan's salvage title law took effect. When a late-model vehicle suffers damage between 75% and 91% of its pre-damaged cash value it becomes a "distressed vehicle." The regular title is replaced with a salvage title. If the vehicle is damaged 91% or more of its pre-damaged cash value the title is replaced with a scrap title. The following is an example of a salvage title record. The same information would show on a scrap title record except the words ***SCRAP VEHICLE*** would show on line 4 of the record.

A title that has been recertified for road use will show the following legend:

****THIS VEHICLE WAS PREVIOUSLY ISSUED A SALVAGE TITLE ****

Beginning July 1, 1994, a scrap title is issued to a vehicle that has one or more major component parts that have been wrecked, destroyed, damaged, stolen, or missing to the extent that the total estimated cost of repair (parts and labor) for the vehicle is 91% or more of its pre-damaged value.

A title that is issued under the scrap law will show the following legend.

****SCRAP VEHICLE****

Salvage vehicle titles are **ORANGE** in color.
