Whether you're a transactional attorney, a business litigator, or a CPA, you will eventually deal with a shareholder dispute. Legal issues range from inspection rights to minority shareholder oppression to securities to non-competes to TROs. On the tax and accounting side, issues include: basis; tax treatments of earnouts, redemptions, and severance payments; IRC 1031, 1044, and 1045; and S-corporation issues. All good stuff. Get the latest on the business courts, too. An All-Star panel will explain. Join us for fun, food, networking, and learning.
