

2nd Annual Cardiovascular Update

Friday, February 8, 2013
Registration: 8:30 am
Program: 9:00 am - 4:15 pm

Southern Regional AHEC
Gerald A. Strand Auditorium
1601 Owen Drive
Fayetteville, NC 28304

Program Description:

February is American Heart Month. Sadly, heart disease continues to be the leading cause of death for both men and women in the US; one in every three deaths is from heart disease and stroke. This alone accounts for 2,200 deaths per day. In addition, heart disease is very costly. Together heart disease and stroke hospitalizations in 2010 cost the nation more than \$444 billion in health care expenses and lost productivity.

This all-day program will focus on clinically relevant information and state-of-the-art treatment options on cardiovascular diseases including acute coronary syndromes, atrial fibrillation, hypertension management, antithrombotics, dyslipidemias and chronic heart failure management. Research on emerging treatment options designed to improve patient care outcomes will be discussed throughout the day.

Target Audience:

Primary care physicians, physician assistants, nurse practitioners, pharmacists and any other interested health care provider.

Agenda:

8:30 am	Registration
9:00 am	Advances in the Approach to Acute Coronary Syndromes: A Guide for the Primary Care Provider – <i>David F. Kong, MD</i>
10:00 am	Atrial Fibrillation – <i>James P. Daubert, MD</i>
11:00 am	Break
11:15 am	Updates in Hypertension Management – <i>Mary H. Parker, PharmD</i>
12:15 pm	Lunch (provided)
1:00 pm	Updates in Antithrombotic Therapy Management – <i>Mary H. Parker, PharmD, BCPS</i>
2:00 pm	Updates in Management of Dyslipidemias – <i>Mary H. Parker, PharmD, BCPS</i>
3:00 pm	Break
3:15 pm	Updates in Chronic Heart Failure Management – <i>Mary H. Parker, PharmD, BCPS</i>
4:15 pm	Adjourn

Faculty:

James P. Daubert, MD
Chief, Cardiac Electrophysiology
Duke University Medical Center

David F. Kong, MD, AM, DMT, FACC, FSCAI
Associate Professor of Medicine
Co-Director, Cardiovascular Late Phase 3 / Devices, DCRI
Duke University Medical Center / Duke Clinical Research Institute

Mary H. Parker, PharmD, BCPS (AQ Cardiology)
Clinical Pharmacist Specialist
Durham VA Medical Center

Objectives:

Upon completion of this knowledge-based program, participants should be able to:

1. Describe the pathophysiology and acute treatment algorithms for acute coronary syndromes (ACS).
2. Identify the key priorities for long-term care following an ACS event.
3. Identify patients with atrial fibrillation who warrant anticoagulation for stroke prevention.
4. Among AF patients, describe candidates for rate control or for rhythm control.
5. Discuss the indications, general methodology, complications and follow-up strategies for atrial fibrillation ablation patients.
6. Identify potential changes in recommended treatment goals and therapy recommendations associated with management of hypertension based on recent trial data.
7. Recommend appropriate medications and monitoring parameters for patients who require antihypertensive therapy.
8. Identify potential places in therapy for new anticoagulant and antithrombotic therapies.
9. Compare and contrast new agents for use in the prevention and treatment of thrombosis related to pharmacokinetic, pharmacodynamic, and clinical data parameters.
10. Review data associated with conversion onto and off of new thrombolytic agents to provide safe and effective patient care.
11. Identify controversies in treatment of non-HDL cholesterol and HDL cholesterol based on clinical trial evidence.
12. Discuss new evidence impacting heart failure care.
13. Develop safe and appropriate drug regimens that include evidence-based therapies in patients with heart failure.
14. Discuss the monitoring and management of complex drug regimens in heart failure therapies.
15. Describe implementation of device therapy in appropriate patients.
16. Discuss therapeutic options for treatment of diastolic heart failure.

Fee:

\$99 if registration and payment are received before February 1, 2013; \$115 thereafter. Early registration is encouraged, as full access instructions will be mailed with your registration confirmation via e-mail.

Handouts:

The handouts for this program will be provided online through MyCE from SR-AHEC's website. Early registration is encouraged, as full access instructions will be mailed with your registration confirmation via e-mail.

Credit:

ACPE: 6.0 hours of ACPE credit will be awarded to pharmacists who attend 100% of this program.

ACPE# 0046-9999-13-008-L01-P

AMA PRA Category 1 Credit™: 6.0 hours

Physicians should claim credit commensurate with the extent of their participation in the activity.

Accreditation: Southern Regional AHEC is accredited by the North Carolina Medical Society to provide continuing medical education for physicians.

Disclosure Statement: Southern Regional AHEC adheres to ACCME Essential Areas and Policies regarding industry support of continuing medical education. Disclosure of faculty/planning committee members and commercial relationships will be made known at the activity. Speakers are also expected to openly disclose a discussion of any off-label, experimental, or investigational use of drugs or devices in their presentations.

CEU: 0.6 CEUs will be awarded to all other participants who attend 100% of this educational activity.

Contact Information:

Sarah Moorman RN, MSN

Director, Pharmacy CE, Southern Regional AHEC
(910) 678-7315 or Sarah.Moorman@sr-ahec.org

Brenda J. Leitner

Program Assistant, CME, Dental, and Pharmacy
910-678-0112 or brenda.leitner@sr-ahec.org

Substitutes/Refunds/Transfers:

If you register for a program and are not able to attend, you may:

- Cancel 48 business hours before the program and obtain a refund for 70% of the registration fee;
- Cancel 48 business hours before the program and receive a voucher for 100% of the registration fee for use at one future Southern Regional AHEC program; or
- Send a substitute.

Cancellations less than 48 business hours before the program are non-refundable. If you register for a program that you don't attend and don't pay, you will be billed for the full amount of the program registration fee.
