STATEMENT OF FINANCIAL POLICY

The Neurology Center is a provider for many insurance plans and we will be listed in your group's provider list if we are participating in your plan. We will bill your insurance directly and receive payment directly from them. Your co-payment is due at the time of service. If for any reason you are not able to pay your co-payment at the time of service an additional \$15.00 will be added to your statement. Also, any services that your insurance will not cover are your responsibility.

If you have HMO insurance, it requires authorization for any of your treatment here in the office or if the Doctor refers you elsewhere. If this authorization has not been obtained before your visit, you will be expected to pay for all charges incurred, and will be required to sign a financial waiver. If your insurance subsequently authorizes the services, your payment will be refunded upon receipt of insurance payment.

If we are not a participating provider for your insurance plan, we will bill your insurance directly if you have provided us with complete information to do so. You may receive a statement for the entire charge prior to your insurance paying. You may wait to pay us until after the insurance has paid its portion providing the insurance company pays within 30 days.

If you do not have insurance, payment is expected at the time of service. We accept Visa, MasterCard and American Express for your convenience. If payment in full is not possible at the time of service, payment plans are available and can be arranged in our Business Office upon your request.

If you need our doctor to complete forms such as disability or Department of Motor Vehicles, there will be a \$35 fee per form to be completed.

Statements are mailed monthly to patients with an outstanding balance. If you are unable to pay your balance within 30 days, please contact the Billing Office at (760) 631-3020 to make payment arrangements.

A 24 hour advanced notice is required if you must cancel or change your appointment.

If you are new to our practice and miss your initial appointment without notifying our office, all future appointments must be guaranteed with a credit card. A second missed appointment without notice will result in a missed appointment charge of \$50.00 for general medical visits, or a \$75.00 charge for a missed diagnostic study appointment.

<u>For established patients</u> who miss an appointment without giving a 24 hour advanced notice, there is a \$50.00 charge for general office visits, and a \$75.00 charge for all missed diagnostic testing or study appointments. Our policies are created to allow for effective scheduling and to ensure all patients wishing to be seen may be accommodated. Please help us better serve you by notifying us as soon as possible if you must change or cancel your appointment.

Thank you for choosing The Neurology Center!

I have read and understand The Neurology Center's fi	nancial and claims filing policies.

Prescription Refill and Diagnostic Testing Policy

PATIENT NAME:
Thank you for consulting The Neurology Center. We have developed the following policies to help make your follow-up care go smoothly.
PRESCRIPTION REFILLS:
IF YOU FILL YOUR PRESCRIPTION THROUGH A LOCAL PHARMACY, you should telephone your pharmacy <u>several</u> days before you are ready for a refill. Do not call our office as this will delay your refill. Your pharmacist will call us for authorization if necessary. Phoning your pharmacy directly, several days early, is the fastest way to get your prescription medication refilled.
If you: A) Fill a prescription through a mail-in-service, or B) Fill a prescription at Camp Pendleton, or Balboa Naval Hospital C) Need a written prescription for refills for any other reason
Please call our office several weeks before you need your refill. Most mail-in-services have a limit on the amount of medication you can receive at any time. We will make every effort to get the necessary amounts for you. Ultimately, it is your prescription benefit that will determine how your prescription is filled.
LAB TEST, CAT SCANS, MRI'S, ETC:
Depending upon your insurance, you may have several choices as to where you may go for the outside tests your doctor recommends. If you have insurance and want to keep your costs as low as possible, we recommend that you call your insurance company to be sure you are using an approved provider of these services and they have received proper authorization. <i>Ultimately, it is your responsibility to know your insurance plan benefits.</i>
Please sign and date that you have read and understood these policies.
XDate:
