Bill Writing Ideas and Tips

Ideas For Your Bill

Ideas for bill can come from many places. Often citizens, interests groups or legislators themselves will come up with ideas for bills.

- The bill should be something that you care about and believe in.
- There are many ideas for bills that can be found in your own communities. Think of some issues that your community is faced with and how you would attempt to fix them. Look in your local newspaper or watch your local television news for ideas and information.
- Other ideas can come from issues that are facing the State of Michigan right now. Again your local newspapers and television news are great sources of information.

Tips For Writing Your Bill

A bill is a proposal for some call to action, and when writing a bill there are some things that you should keep in mind.

- **Single Purpose:** Your bill should have a single purpose and effect. There should be no more than one action per bill.
- **Importance to Boys State:** Does this bill serve the public interest of the citizens of Boys State? Also ask yourself, who is effected by my bill? The wider the variety of people that you are effecting, the better.
- **Feasibility:** Is your bill realistic? Can your idea be carried out and who will pay for it? Cost is always a factor.
- **Debatability:** Can your bill be debated? Is there an opposing side to your idea? If not you may want to rethink it and come up with another bill idea.
- **Constitutionality:** Make sure that you bill is constitutional and would not be in violation of any laws. This may take some research on your part.
- **Penalties:** What would be the penalties if a citizen violated the idea you are proposing? It may be helpful to think about this or do some research on this.
- **Applicability:** Is this an issue that the state has the power to deal with? You might want to check to make sure your issue is appropriate to the state legislature.

American Red Cross

Michigan Boys State Partners with the American Red Cross

Michigan Boys State participants will organize and operate a valuable community service project – a blood drive with the American Red Cross!

More details will be available later, but be thinking about what role you might like to perform in this project:

- Giving blood
- Planning and organization
- Advertising & recruiting

WHY IS BLOOD DONATION IMPORTANT?

- **By donating blood once, you could help up to three people!** Every donation of whole blood can be divided into three parts – red cells, platelets and plasma – which could potentially help three different individuals.
- Every two seconds, someone in the United States needs blood. More than 30 million blood donations are needed every year to ensure blood will be there for patients who need it.
- **In the Great Lakes Region alone, more than 700 units of blood are needed every day** to meet the needs of patients in hospitals across Michigan.
- Blood products are needed by many different kinds of people – those who need organ transplants, patients undergoing surgeries, premature babies, accident victims, cancer patients, those with sickle cell and other blood disorders, and burn victims – ***you may not even realize you know someone who has needed blood.***
- **There is no substitute for blood donations.** Patients depend on the kindness and generosity of volunteer blood donors to provide blood they need.
- Being part of the volunteer blood program allows you to help make sure blood will be available if ***someone you love*** needs it.
- Donating blood is ***one SMALL thing you can do to help someone else in a very BIG way.***

Sign up for your donation time in the Boys State Office located in the Student Union & Bookstore Building.
