Evaluation Summary

Constructive suggestions by evaluator:

Teacher Comments:

General Evaluation:

- Excellent:** Documented observations and data reveal performance of commendable quality. Multiple strengths in the skill areas. No major weaknesses identified. The teacher impacts very positively upon students, upon the school's environment and upon the school's reputation in the community.
- Above Average:** Documented observations and data reveal performance of commendable quality. Multiple strengths in the skill areas. No major weaknesses identified. Minor improvement areas can be achieved without formal intervention by administration. The teacher impacts very positively upon students, upon the school's environment and upon the school's reputation in the community.
- Satisfactory:** Documented observations and data reveal generally accepted levels of performance. Some strengths and weaknesses identified in the skill areas. The identified weaknesses will be addressed by the implementation of suggested improvements.
- Unsatisfactory:** Documented observations and data reveal weaknesses in the skill areas and require direct intervention by an administrator. Continued performance at a level below expectations would have a negative impact upon students, upon the school's environment and upon the school's reputation in the community. A remediation plan designed to correct deficiencies would be implemented.
