

MAKING A DONATION

As the Society relies on donations and voluntary contributions we would be grateful for any help you can give. Donations can either be given as a single donation of money made payable to the MPS society or as a regular commitment to pay a small amount of money each month.

Any donation no matter how large or small will help us to continue to support affected families, to fund and promote research and to raise awareness of MPS and related diseases.

Every pound donated to the MPS Society is used to fulfill our aims and we are especially grateful to those people who make regular gifts to help us to continue our work

Donate by Direct Debit

Small amounts given regularly by standing order or direct debit help the Society by allowing us to plan ahead.

Many people find that making regular small contributions in this manner is a convenient way to do their bit for charity as there is no need to write a cheque or look for an envelope. You can choose the amount that suits your budget and remain in control because you can amend or cancel at any time.
