

College Chapter
Annual Progress
Report

2007-2008

Must be submitted to Fraternity Headquarters by May 1, 2008.

“Realize Your Potential”

Every Alpha Xi Delta knows that this is our vision. But, what does that really mean? What does it mean for a college chapter to realize its potential?

The Annual Progress Report is an opportunity for your chapter to answer that very question. It is your time to show the National Fraternity how much progress your chapter made this year toward realizing your potential!

The APR asks your chapter to tell the National Fraternity how well you are fulfilling each of our four core purposes: sisterhood, leadership, knowledge and service. More than that, it shows how far you have to go and where you can improve next year. Under each of those headings, specific areas of chapter life are addressed. Those areas are as follows:

Sisterhood

Chapter Growth
Ritual
Alumnae Relations
Alpha Xi Delta Pride
Facility Management

Leadership

Chapter Operations
Financial Management
Panhellenic Presence
Public Relations

Knowledge

New Member Orientation
Member Development
Academic Achievement

Service

Philanthropy
Community Service
Contribution to the Host Institution
Volunteer Service and Support

“Realize your potential” is a call to action. It compels motion...constant pursuit. This was selected as our vision in the hope that it would inspire Alpha Xi Delta members, chapters and associations to constantly strive to be the very best version of themselves. It assumes that there is always work to be done, always room for improvement. That’s why this packet is called the “progress report.” It is designed to measure how and where your chapter is moving.

The National Fraternity recognizes that, much like our beloved pink rose, each chapter is individual and beautiful in its own way – and has its own potential. The Fraternity expects you to pursue your potential to the best of your ability. To that end, for each purpose, three different levels of progress have been identified.

Alpha Level

These items are the everyday basics of chapter life. Every chapter should easily be able to achieve these things. They are essential to maintaining a chapter, and without them a chapter may find itself in a difficult situation. Failure to meet any of these will be seriously detrimental to the future success of the chapter, and the National Fraternity will consider that to be an indication that your chapter is in distress.

Xi Level

Xi Level items are intermediate skills. The Fraternity expects that a chapter should make meeting these standards a regular part of their chapter life. If there is a deficiency in any of these areas, it is expected that a chapter take steps to improve their performance and seek out appropriate Fraternity resources to do so.

Delta Level

It is in meeting these standards that a chapter will demonstrate that it is committed to realizing its potential! These items should be goals that every chapter strives to achieve. Like roses in bloom, they are to be admired. The Fraternity awards program will be based on Delta level standards.

It is incumbent upon every Alpha Xi Delta to be in constant pursuit of her potential, and your chapter is no different. Use the APR to show the National Fraternity where your chapter is on the path toward realizing your potential. Only those chapters who meet all Alpha and Xi level criteria (applicable to their chapter/campus situation) will be considered for the fraternity's highest award – Xi Achievement!

The Fraternity expects nothing but your best!

Evaluation

There are no points or percentages involved in the Annual Progress Report. Your chapter's "results" will simply reflect how many standards you met in each area at each level and which areas you need continued work. There will be no "losing points" or percentage deductions. It's not about what you're not doing – it's about what you are doing and what you could be doing better!

The results will tell the National Fraternity what assistance you might need, and they will help us work together to set goals for the next academic year. Once your results are received, you will be expected to look at those standards you did not meet and endeavor to improve on them next year, all the while capitalizing on those things you have already mastered!

It should be noted, however, that if your chapter is unable to meet any Alpha level criteria, the Fraternity will take that very seriously. These are the basics, and if your chapter can't complete them, then we need to take swift action.

Because every chapter is unique, it is possible that not all chapters have the opportunity to meet all criteria. Some may not be applicable to your chapter based on how your campus or Panhellenic community is set up – and that's okay! For example, if your chapter doesn't have a house, then you only have 23 Alpha level criteria to meet instead of 24.

On the other hand, your chapter should look at every item and do your best to meet it – especially those Delta level items. There is no penalty for not meeting Delta level criteria, especially if your chapter or campus situation does not provide you the opportunity to do so. But, why not go for it if you can? Set your sights high and truly live our vision!

Realize Your Potential!

Instructions

To begin, your chapter should review the criteria outlined under each purpose. Get an idea of where you think you stand. Spend time in at least one Executive Committee meeting a month going through the criteria line-by-line. Did you complete all the Alpha standards? What about Xi? How many Deltas will you be able to brag about?

Following each Purpose, you will find pages that need to be completed to document your progress. Many require you to fill in the blanks. Others ask that you attach documents or other supporting exhibits. Still others will be automatic based on paperwork or other information your chapter submits to Fraternity Headquarters throughout the year. Assign appropriate officers in your chapter to complete their parts.

Take a look at the last page in the packet – it's called the Bonus Round! This page is your opportunity to share your accomplishments with the National Fraternity. The Fraternity asks about a lot of things in this packet, but that doesn't mean we've covered it all. If there are things that you weren't asked about in the packet that you want the Fraternity to know about, feel free to share them here!*

You will need the assistance of your local alumnae association, building corporation and Greek advisor to fill out this packet completely. Recognize that these people are not simply sitting around waiting for you to ask them for help! They have other things to do, so please be sure to ask for the documentation or signatures you need with plenty of time for them to accommodate your requests – preferably by April 1. You cannot use them as an excuse to submit a late or incomplete packet!

Be sure the information you submit is complete. Check and double check that the supporting documents are all there before you put the packet in the mail. The certification page must be included in your chapter's submission. Packets will not be accepted without it.

What should your packet look like when you send it in? As Alpha Xi Deltas, we always take pride in the work we do and put our best foot forward. But, that doesn't mean that a submission with a fancy cover and color pictures on scented pink-rose paper spiral bound at Kinko's is going to receive any more attention or recognition than any other packet. Your packet must be neat, well-organized and complete – that's all we ask!

You will see that many of the criteria can and should be completed long before May 1. Your chapter should create its own filing system to keep track of what you have done. Some chapters have even created a specific office in charge of the Annual Progress Report (formerly the College Chapter Accreditation). Please do not wait until April to begin gathering documentation of things your chapter did in October!

Packets in their entirety must be postmarked by May 1, 2008!

Your chapter is a part of a National organization and is therefore accountable to the National Fraternity for your progress during the year. Failure to submit a complete packet in a timely manner may result in disciplinary action.

**Note: Information on the Bonus Round page is just that: a bonus. Your chapter won't earn any extra points or be considered for any additional awards based on what you put on this page. It is not required – it's just a fun way to share your success with the National Fraternity.*

Bonus Round!

This packet has asked for a lot of information, but that doesn't make it the sum total of your chapter's accomplishments. What do you want to share that the packet didn't ask you about already? Did you win campus awards? Do you have a great chapter tradition to share? What are you most proud of?

If you would like, take the time to brag about your chapter in the space below...

A large, empty rectangular box with a thin black border, intended for the student to write their response to the bonus round questions.
