Select courses which will help you meet the graduation requirements and in which you can be successful as schedule changes will be limited to errors or the status change of a student.

GATE: The expectation for continuing in the GATE program is that the student will enroll in and successfully complete the requisite pre-AP/AP courses to earn an honors diploma. **If your student is a GATE student, by signing this enrollment form the student and parents are agreeing to meet the rigorous expectations of the GATE Program. Your signature also indicates your understanding that failure to meet the expectations will result in exit from the GATE Program.**

I have discussed my student's schedule and approve these course requests. I understand that after May 29, this schedule will be considered final. (Parent must call or submit a written request for any change made by May 29 for the 2015-16 schedule.)

Highlight or circle the classes you want to take next year. Remember that Southside has 7 periods. You will need to choose 7 year long classes. You can choose 2 semester classes in place of a year long class. Semester classes are designated by an asterisk *. Semester classes are randomly scheduled. Students may not specify the semester.

At the bottom of the page, write in 3 alternate elective classes in case your chosen electives do not fit or the class doesn't make. If you do not choose alternate classes one may be chosen for you including study hall.

The FSPS Service Center is accepting **Attendance Area Exceptions** for students not in the Southside attendance area. Southside will not accept a student's course requests until AAE has been approved. Once approved you can attach a copy of your AAE to your course request form and return it to your junior high. (Trinity students must also submit registration materials). You will not need an appt. if registration is completed before May 29.
