

## **Publication and media release form**

(Important: Read before signing)

The Macomb Intermediate School District (MISD) often describes school programs and takes photos for newsletters, brochures or for use at conferences as well as for other educational purposes. In addition, the news media visits MISD programs and describes them in words, photos or videos. One or more students and adults may appear in such coverage. Many times, each individual is identified by name in the photo caption or the story, and, if the child is in special education, the disability may be implied or mentioned. We're asking your permission to use photographs of your child to illustrate MISD programs.

---

I give the Macomb Intermediate School District (MISD) permission to use my child's picture in a general article, photo and/or video about MISD programs, whether in MISD publications, in the news media, or on the MISD web site.

I understand I have the right to deny consent to the release of information, photographs or video by refusing to sign this form.
