From the Director:

Marshfield Recreation Department is GOING GREEN!

The Marshfield Recreation Department offers residents and program participants a variety of options when registering for one of our many community programs. Walk In, Mail In and On-Line options are available. The best option is the one you favor. We encourage On-Line as that is often the fastest way to register. We continue to update the web brochure and on-line, as new programs are confirmed. You will be able to view all of our summer programs on line, prior to the start of summer program registration. We print a limited number of community brochures. The brochures will be available at the Town Hall, Denny's Barber Shop, Molisse Realty Group, Seaside Homes of Marshfield, Ventress Memorial Library and at the Recreation Center. We encourage residents to register On-Line. However, Walk In and Mail In Registrations are accepted. The brochure will be placed on our web site and residents may view the brochure, print out the registration form and mail or walk it in to the office.

As we head into our summer season, our programs continue to expand in response to the changing interests and needs of the community. This summer we will continue the process of expanding the number of programs we offer for pre-school, youth, teens and adults. We are forming new partnerships and thereby increasing the number and variety of programs / activities offered to the residents of Marshfield.

We continue to improve our grounds at Coast Guard Hill. The pre-school organic vegetable garden is maintained throughout the growing season by the children and a steady stream of volunteers. We use the rain which is collected by our rain barrels to water our Vegetable and Butterfly gardens. Storm Water run off is addressed through our Rain Garden. We compost, and our Blue Berry Bushes, and Apple Trees continue to thrive. Our solar panels work well. If you want to see how much energy our solar panels are producing, (google www.powerdash.com/stems/1000063/). Our Community Garden continues to expand and we look forward to area farmers using the Hoop Hut Green House to start their vegetables and flowers. We continue in our efforts to improve our grounds as volunteers and funds allow. This fall we will complete our split rail fence project, thereby prohibiting vehicles from driving up Coast Guard Hill. The practice field at the bottom of the hill will open this spring. Youth sports groups and other users can help by cleaning the field of rubbish after you use it. We will be evaluating a feasibility study for additional recreation use at the top of Coast Guard Hill.

We continue to work with scouting organizations to offer service projects and Eagle Scout opportunities, as well as with the DPW and other community service groups / individuals to improve and enhance our recreation facilities throughout the town. This summer we will begin the process to improve and overhaul our town, (school and non school) playgrounds. Discussions on possible Eagle Scout projects include a community garden at our child care center, and a walking guide to Marshfield trails.

Dogs are welcome at Coast Guard Hill as long as they are on a leash and with a responsible owner. Please be a responsible owner and help keep the area clean by picking up after your pet. Our grounds are open to the public from dawn to dusk.

Recreation Web Page! www.townofmarshfield.org/government-departments-recreation.htm View the many community offerings via the brochure, print out a registration form and mail or walk it in. You may register for our community programs on-line. Check out recreation news, brochures and latest updates 24/7.

Recreation Volunteers help keep our facilities clean and safe. Members of the Plymouth County Trial Courts assist on a regular basis to maintain our many recreation facilities.

Join us this summer on one of our many programs, trips or special events. Enjoy a relaxing Sunday evening at one of our concerts on the Green, or build your castle in the sand at our annual sandcastle / sculpture contest at Rexhame Beach. Want to learn more about the Marshfield Recreation Department, its programs, opportunities, and plans for the future? Our staff would be happy to address your group or organization to share our vision.

Have a great summer and remember, "Don't Hesitate, Recreate!"

Sincerely,

Ned Bangs, CPRP
Recreation Director

MARSHFIELD RECREATION DEPARTMENT WHO WE ARE AND WHAT WE DO

The Marshfield Recreation Department was established by Town Meeting in 1958 with the purpose of conducting and promoting recreation, play, sports, and physical education. The Recreation Department plans, organizes, promotes, and provides worthwhile leisure programs and facilities to serve the physical, emotional, and social needs of the residents of our community, regardless of one's ability.

The Recreation Commission is comprised of Marshfield residents, seven full members and two alternates, who are appointed by the Marshfield Board of Selectmen. The Commission is a policy and active board responsible to the town for providing year-round, high-quality indoor and outdoor recreation activities for town residents. The Commission meets regularly to review policy, programs and procedures. Community attendance and input regarding programs and facilities is welcome! The Recreation Commission welcomes volunteers who are interested in promoting the planning of programs for all Marshfield residents. Call us at (781) 834-5543 to see how you can help!

DEPARTMENT OBJECTIVES

Coordinate recreational activities with the school department, youth groups, youth sports programs, and senior citizens groups.

Involve as sponsors of recreation special interest groups, business organizations, neighborhood groups, professional groups and news media who are interested in helping improve Marshfield.

Better utilize and upgrade parks, ball fields, and conservation land.

Better utilize, protect, preserve, and beautify Marshfield's beaches.

Establish new programs as self-supporting and explore ways of generating additional revenue through grants, donations and fundraising.

RECREATION STAFF

Recreation activities are coordinated through our office, which is staffed by one full-time director and one 24-hour-a-week administrative assistant.

Our department presently uses job applications, personal interviews and reference checks as part of our screening process. The C.O.R.I. will further assist us in screening prospective employees.

In all instances we will do everything possible to provide a positive learning experience and offer a safe, secure environment for your child. The Recreation Department strives to offer community programs which are within budget limitations. All Recreation Department programs are self-supporting. The fees charged for programs cover the cost of operation of the program, such as instructor salaries and materials.

Program instructors and part-time employees are hired on a seasonal basis. If you are interested in offering a program, please contact our office.
