Donation in honor of:															
in memory of:															

Each year, over 600 Centre County residents are diagnosed with cancer. Thanks to generous sponsors, donors, and volunteers of Coaches vs. Cancer® of Penn State, the American Cancer Society is able to fund life-saving research like that of Dr. Siyan Zheng's at Penn State while also supporting patients in the Centre Region. In 2014, the American Cancer Society:

- Provided **184 cancer patients in Centre County with 569 services, information, guidance, or services.**
- Provided 322 free nights stay for **12 patients** from Centre County at the **American Cancer Society's Hope Lodge®** in Hershey, saving them nearly **\$48,000** in lodging costs.
- Assisted 10 people with a total of **55 total rides** to treatment through **Road To Recovery®**.
- Distributed **Personal Health Managers** (binders) to 25 cancer patients for record keeping, e.g., treatments, medications, physicians, appointments, etc.
- Served **14 women** with hair loss by providing **wigs and hats**.
- Assisted 7 patients through **Look Good Feel Better®**.
- Provided **\$35,000** in the partnership with the local nonprofit, **Bob Perks Cancer Assistance Fund**, helping cancer patients pay everyday household bills.

**With the generosity of benefactors like you, Coaches vs. Cancer® of Penn State has raised over \$2.3 million since our mission began in 1995. THANK YOU FOR YOUR SUPPORT!**
