(opt) CAMERA/FILM
TRIPOD CAMP STOOL
1 large TRASH BAG (Can keep items dry or be used to haul wet items home.)
What NOT to bring:
□ ELECTRONIC EQUIPMENT (Cell phones, iPods, Game devices may ONLY be used when
traveling to and from the campout.
□ PERSONAL FOOD/DRINK (You are limited to what your patrol selects to have at the campouts. Be advised that bringing your own stash of food attracts animals that you do NOT
want in your tent. It HAS happened to scouts, so DON'T do it!) □ LAWN CHAIR (Only adults and/or eagle scouts are allowed to bring lawn chairs on weekend
campouts. Bring a camp stool instead.)
Packing Tips:
□ Mark all items (including shoes) with a Sharpie; include name and troop number.
Items do get
mixed up in the tents and left around the campsite.
□ Pack items in multiple, large Zip-Loc bags; write name on bags. This keeps items dry and also
helps keep your scout organized. Rolling clothes tightly and squeezing all air out of bags
before packing saves room.
□ Clip flashlight and water bottle to carabiner at departure. Often we have to set up camp in the
dark.
□ Pack or load your backpack/camp box in reverse order of when you will need the items. Rain
gear and jacket should be on top.
□ Bring a small roll of duct tape. It fixes almost anything from equipment to preventing blisters on
your feet.
□ If you don't have a cold weather sleeping bag, take two "regular" sleeping bags and stuff one
inside the other. Also, you can use a regular bag along with 2-3 blankets.
