

Weekly Reading Log

In grade 5, students are expected to be reading at home on a daily basis. It is understood that the students lead busy lives outside of school and it may be difficult to read on a particular night each week. For this reason, our reading log this year will be based on a total number of minutes read **each week**. It is expected that students log **at least 100 minutes** of reading each week. This amounts to about 20 minutes each night from Monday to Friday.

In order to track their home reading, students must complete this reading log each night they read and have it **signed by a parent/guardian** to confirm that the reading took place.

Reading Logs will be due on **Mondays** (or the first day back after a weekend). A total of 100 minutes or more must be logged by the due date. Incomplete or forgotten Reading Logs will result in one warning, followed by a consequence (loss of recess, Think Sheet, phone call home, etc.).

Our goal in Grade 5 is to be reading a **variety of genres**, so please try to expand your reading selections to include a variety of topics and genres. The various genres will be tracked in your daily Reading Log, as well as your Record of Reading. The Record of Reading must be filled out each time a book is completed (both at home and at school). By the end of Term 1, we should be able to view all the books you have read on this chart!

Happy Reading!

# Reading Log

Make sure you fill in all sections of the Reading Log (including having your parent/guardian sign it) for complete marks. You must read **a total of 100 minutes each week**. It is recommended that you read for 20 minutes on Monday-Friday, but you may choose when is most convenient for you.

When you finish a book, make sure to copy it in your Record of Reading.
