
Category: **STUDENTS** Issued: Number: **A-101**
Subject: ADMISSIONS, READMISSIONS, TRANSFERS, AND LIST NOTICES FOR ALL STUDENTS Page: 1 of 1

SUMMARY OF CHANGES

This regulation supersedes Chancellor's Regulation A-101 dated March 2, 2012.

Changes:

- Adds language stating that children whose fifth birthday falls within the calendar year of admission are required to attend and must be admitted to kindergarten, commencing in the 2013-14 school year, except that such children are not required to attend kindergarten if: (a) their parents elect instead to enroll them in first grade the following academic year; or (b) they are enrolled in non-public schools or in home instruction (p. 1, §I.A.3 and §I.A.5).
- Clarifies placement of students entering the NYC school system from other school districts (p. 2, §I.A.9).
- Clarifies placement of students returning to the NYC school system after having been discharged from the school system (p. 2, §I.A.10).
- Amends sibling priority to remove first priority for siblings applying to Gifted & Talented programs, and deletes language regarding sibling priority for students with disabilities, as these students will not be treated any differently from their peers (p. 4, § II.A.3).
- Adds priority for continuing pre-kindergarten students applying for admission to kindergarten (p. 5, §II.C.1.e,f and §II.C.2.c,d).
- Clarifies the impact rezoning may have on families during application processes (p. 6, § II.D.1.c).
- Clarifies middle school choice policies and entitlement for zoned students to attend their zoned middle school (p. 6, § II.D.2).
- Clarifies the priority of students who reside in an elementary school zone to attend middle school in a K-8 zoned school (p. 8, § II.F.2).
- Clarifies the right to return of students matched to a high school (p. 8, §II.G.3).
- Clarifies the right to return of students who attended a high school (p. 9, §III.A.2).
- Adds reference to harassment, intimidation and bullying as grounds for a safety transfer (p. 9-10, §IV.B.4).
- Changes one of the criteria for obtaining a Travel Hardship Transfer: the minimum length of commutation time from home to school is reduced to 75, rather than 90, minutes (p. 10, §IV.B.6).
- Clarifies the Verification of Residency section by stating that, if a water bill for a residence is used as proof of residency, the bill must have been issued within the past 90 days (p. 12, §VII.A.1.e).
- Adds a waiver provision to the regulation (p. 16, §X).

ABSTRACT

This regulation supersedes Chancellor's Regulation A-101 dated March 2, 2012. It sets forth the policies concerning admission, discharge, and transfer of pupils in New York City public schools.

I. INTRODUCTION

The Office of Student Enrollment (Student Enrollment) maintains sole authority and responsibility for enrollment policy and enrollment planning for all schools except those in District 75 and District 79. The Superintendents for those districts maintain responsibility for enrollment operations and policy in those districts.

A. Admission to School – General Policies and Procedures

1. Children may not be refused admission to a public school because of race, color, creed, national origin, gender, gender identity, pregnancy, immigration/citizenship status, disability, sexual orientation, religion, or ethnicity.¹
2. Children whose fourth birthday falls within the calendar year of admission are to be admitted to pre-kindergarten (limited to designated schools and subject to available seats).
3. Children whose fifth birthday falls within the calendar year of admission are required to attend and must be admitted to kindergarten, commencing in the 2013-14 school year, whether these children are entering school for the first time or being transferred from another school, except that such children are not required to attend kindergarten if:
 - a. their parents elect instead to enroll them in first grade the following academic year, or
 - b. they are enrolled in non-public schools or in home instruction.
4. Children whose sixth birthday falls within the calendar year of admission must be admitted to the first grade.
5. Children are required to attend school from age five, except in cases of 3(a) or 3(b) above, commencing in the 2013-14 school year. Until the 2013-14 school year, children are required to attend school from age six. Attendance is required through the end of the school year in which children turn 17 and, if no high school diploma has been granted, they may remain in school until the end of the school year in which they turn 21.
6. A student must be a resident of New York City in order to be entitled to attend a New York City public school. Any student whose primary residence is outside New York City must submit an application to the Office of Student Enrollment to be considered for enrollment in a New York City public school in accordance with Chancellor's Regulation A-125. All students must complete a Residency Questionnaire upon enrolling at their school. Any student identified as living in temporary housing must be referred to the Students in Temporary Housing program. See the Residency Questionnaire (Attachment No. 6) which is accompanied by the McKinney-Vento Act Guide for Parents and Youth (Attachment No. 7).
7. In order for a student to register into a New York City public school, the parent and the child must both appear,² and must present:

¹ Race may be considered as a factor in school enrollment only where required by court order; gender is a factor only in single-gender schools.

² As described in Section VIII, if an unaccompanied student comes into an enrollment office or a school and indicates that he/she is homeless and wants to enroll in or transfer schools, he/she is not required to return with a parent in order to enroll/transfer. A student who is emancipated is also not required to register with a parent.

- Verifiable proof of residence (see Section VII);
- Child's birth certificate or passport;
- Child's immunization records;
- Child's latest report card/transcript (if available);
- Child's Individualized Education Program (IEP) and/or 504 Accommodation Plan, if applicable and available.

If a student is not able to produce proof of immunizations, the student must be registered provisionally and appropriate follow-up must be done by the school in accordance with the procedures set forth in Chancellor's Regulation A-701.

If a student is unable to produce a birth certificate, passport, or other appropriate documentation which establishes the student's age, the student must be registered provisionally and the school must take follow-up action to ensure appropriate grade placement.

8. No student who has been appropriately registered by a school or registered or assigned by the Office of Student Enrollment or a Committee on Special Education, where applicable, may be turned away by the school to which the student is assigned/registered.
9. If a student is admitted to the New York City public school system for the first time after having attended school in another school district, that student will be placed based on the available educational records from the student's last school that are presented at the time of enrollment. In the absence of sufficient educational records to make a determination, the student will be placed based upon his or her age. A student who does not have educational records and who turns 15 within the school calendar year (on or before June 30th) of admission will be enrolled in ninth grade. In cases where such a student is placed in high school, the principal or his/her designee will then determine an appropriate grade placement within the school upon receipt of the appropriate educational records. In cases where a student is placed in grades K-8, but the principal deems that another grade placement would be more instructionally appropriate, he or she will consult the Superintendent and provide evidence to justify any recommendation. The Superintendent will make the final decision concerning the appropriate grade level for the student.
10. If a student is discharged from the NYC public schools and returns within the same calendar year (on or before June 30th) the student will be placed based on consideration of the student's grade placement at his or her previous NYC school and the available educational records from the student's last school that are presented at the time of enrollment. If no records are available, the student will be placed in the same grade level as when he/she was discharged in that school year. If a student is discharged from the NYC public schools and returns to the NYC public schools in a subsequent school year, the student will be placed in the same manner as a student entering the NYC public school system for the first time, as outlined in paragraph 7 (above).
11. Placement for any school-age student seeking admission at a school or Borough Enrollment Office must be arranged within five school days.
12. By law, students may not be required or asked to present documentation of immigration status nor can they be denied admission to school based on immigration status or failure to present documentation about immigration status. Reference to the immigration status of a child or parent³ is not to appear on any school forms and/or records.

³ Parent as used in this regulation means the student's parent or guardian or any person in a parental or custodial relationship to the student, or the student if s/he is an emancipated minor or is 18 or older.

13. Students in the care of social welfare agencies, juvenile justice agencies, and correctional agencies are to be admitted into schools in the same manner as other students.
14. Students in grades K through 12 who change residence within New York City are entitled to remain in their current school until completion of the terminal grade. Students may not be transferred to their zoned school or district of residence because of disciplinary or academic problems except pursuant to the procedures set forth in Chancellor's Regulation A-450.
15. Parents of such elementary and middle school students referenced in Section I. A.11 above for whom the change of residence renders the student ineligible for his/her current school based on his/her new residence are responsible for pupil attendance and punctuality. These students will not become eligible for yellow bus transportation. If attendance or punctuality worsens, the school must work with the student and his/her family to facilitate and support regular attendance and punctuality. If, however, excessive absence and/or lateness continues, and it is in the best interest of the student, the principal may begin the transfer process to an appropriate school which the student is eligible to attend based on his/her new residence. The principal must submit to the Children First Network Attendance Point Person documentation regarding the student's excessive absence and/or lateness, as well as documented efforts made to work with the student and his/her family to support regular attendance. The Children First Network Attendance Point Person will review the documentation submitted by comparing the attendance and lateness record prior to and following the student's change in residence as well as the documentation of the school's efforts to support the student's attendance. If the Children First Network Attendance Point Person confirms that attendance and punctuality have worsened, s/he will inform the Executive Director for Borough Enrollment or his/her designee, who will approve or deny the transfer request. If approved, the parent must be provided with written notification by the principal that the student is being transferred. The Office of Student Enrollment will effectuate the transfer of the student and place the child on register of the zoned or assigned school or another appropriate school which the student is eligible to attend.

The transfer of homeless students or students in temporary housing for poor attendance is prohibited by Title VII of the McKinney-Vento Homeless Assistance Act (42 USC 11431) and Chancellor's Regulation A-780.

16. If a student is pre-registered or registered to attend an elementary school that s/he is eligible to attend (e.g., based on his/her home address, sibling priority, special education program recommendation), the student must remain eligible at the time of admission in order to attend. If the student's eligibility status changes, the Office of Student Enrollment will transfer the student and register him/her at an appropriate school for which s/he is eligible.

II. ADMISSIONS PROCEDURES**A. Sibling Priorities⁴**

1. For purpose of assignment priority, a sibling is a brother or sister (including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters) of the applicant, who lives in the same household.
2. Schools maintain responsibility for verifying sibling status before assignments are made.
3. Siblings of students already pre-registered or enrolled at an elementary school at the time of application submission are given sibling priority for admission into elementary school programs for which they meet the eligibility requirements as described below, subject to available seats.
4. In a K-5, K-6, K-7, or K-8 elementary school, an applicant can be granted sibling priority only if the sibling is pre-registered or enrolled in the school at the time of application submission, and will be in grade five or below at that school at the start of the following September.

B. Admission to Universal Pre-kindergarten Programs

1. Students must turn four by December 31 of a school year in order to be eligible to attend Universal Pre-kindergarten programs.
2. Students are admitted to NYC DOE Pre-K programs in accordance with the following admissions priority order, subject to available seats:
 - a. Zoned students whose verified siblings are pre-registered or enrolled at the time of application submission and will be in grades K-5 in the school at the start of the following September;
 - b. Zoned students other than those in (a) above applying to the zoned school;
 - c. Students whose verified siblings are pre-registered or enrolled at the time of application submission and will be enrolled in grades K-5 in the school at the start of the following September who are residents of that district and who have no zoned school or whose zoned school has no pre-kindergarten program;
 - d. Students whose verified siblings are pre-registered or enrolled at the time of application submission and will be enrolled in grades K-5 in the school at the start of the following September who are residents of that district, and who are zoned to a different school, which has a pre-kindergarten program;
 - e. Out-of-district students who reside in the borough, whose verified siblings will be enrolled in grades K-5 at the start of the following September;
 - f. Out-of-district students who reside outside the borough, whose verified siblings will be enrolled in grades K-5 at the start of the following September;
 - g. In-district students with no zoned school or whose zoned school has no Pre-kindergarten program;
 - h. In-district students applying to a program at a school other than their zoned school;
 - i. Out-of-district students applying to a program at a school in their borough;
 - j. Out-of-district students applying to a program at a school outside their borough.

⁴ Sibling priorities are granted only at the elementary school level.

C. Admission to Kindergarten⁵

1. Zoned schools are obligated to serve all students residing in their zone, space permitting, regardless of when families show up to register. Applicants must be admitted to zoned schools in the following order of priority:
 - a. Zoned students whose verified siblings are pre-registered or enrolled at the time of application submission and will be enrolled in grades K-5 in the school at the start of the following school year in September;
 - b. Zoned students other than those in (a) above applying to the zoned school;
If space allows, and if the Office of Student Enrollment deems appropriate based on district needs, offers may be made for the following priority groups, in the order outlined below. Only the Office of Student Enrollment may authorize the placement of non-zoned students out of this priority order; for example, for students who cannot be accommodated at their zoned school, or for special programs, such as dual language or inclusion classes for students with Autism Spectrum Disorders.
 - c. Students whose verified siblings are pre-registered or enrolled at the time of application submission and will be enrolled in grades K-5 in the school at the start of the following school year in September who are not zoned to the school but are residents of that district;
 - d. Students whose verified siblings are pre-registered or enrolled at the time of application submission and will be enrolled in grades K-5 at the start of the following school year in September who are residents of another district;
 - e. Students currently attending the school's pre-kindergarten program who reside outside the school's zone but in the school's district, *without* a sibling who will be in grades K-5 at the school in the following school year;
 - f. Students currently attending the school's pre-kindergarten program who reside outside the school's zone and district, *without* a sibling who will be in grades K-5 at the school in the following school year;
 - g. Students other than those in (c) and (e) above who are residents of that district;
 - h. Students other than those in (d) and (f) who are residents of another district.
2. Applicants must be admitted to non-zoned schools in the following order of priority:
 - a. In-district students whose verified siblings are pre-registered or enrolled at the time of the application submission and will be enrolled in grades K-5 in the school at the start of the following September;
 - b. Out-of-district students whose verified siblings are pre-registered enrolled at the time of application submission and will be enrolled in grades K-5 in the school at the start of the following September;
 - c. Students currently attending the school's pre-kindergarten program who reside in the school's district, *without* a sibling who will be in grades K-5 at the school in the following school year;
 - d. Students currently attending the school's pre-kindergarten program who reside outside the school's district, *without* a sibling who will be in grades K-5 at the school in the following school year;
 - e. In-district students other than those in (a) and (c) above;
 - f. Out-of-district students other than those in (b) and (d) above.

⁵ Sections II.C.1 & II.C.2 do not apply to non-zoned districts.

- D. Admission to Zoned Elementary⁶ and Middle Schools⁷
1. Eligibility
 - a. Zoned students are entitled to attend their zoned elementary school subject to available seats;
 - b. Elementary and middle school students without a zoned school are entitled to a seat in a school in the district to which the student's address has historically been assigned for middle school.
 - c. In some cases, dependent upon the timing of the approval of a rezoning plan, a student's zoned school may change during the application period. In such cases, the student's zoned entitlement would be to the zoned school in effect at the time of admission.
 2. Priority for middle school—Middle School Choice
 - a. Students with a zoned middle school have a priority to attend that school if they rank it on their middle school choice application. During the middle school admissions process, available seats (determined by OSE) at zoned schools will be available for non-zoned students who apply once all of the zoned students have been accommodated in the application process. Zoned students who do not apply to their zoned school no longer have a priority to attend that school. Zoned students who have applied will be accommodated before non-zoned students on appeal as space is available.
 - b. Fifth-grade students attending a K-8 school maintain a priority for the 6th grade middle school admissions process if they rank the continuing K-8 school on their middle school choice application. During the middle school admissions process, available seats (determined by OSE) at K-8 schools will be available for non-continuing students who apply once all of the continuing students have been accommodated in the application process. Continuing students who do not apply to their current school no longer have a priority to attend that school for 6th grade. Continuing students will be accommodated before non-continuing students on appeal as space is available.
 - c. When students receive a non-zoned or non-continuing school placement as a part of the middle school choice process, the students no longer have any entitlement to return to their zoned or K-8 school for the duration of middle school. Any requests for the zoned or K-8 school must be expressed through the PER or transfer process.
 3. Registration/Assignment
 - a. Zoned students arriving after the admissions process for kindergarten may register directly at their zoned elementary schools subject to available seats. Students without a zoned school arriving after the admissions process may visit a Borough Enrollment Office for placement.
 - b. Zoned middle school students arriving after the admissions process who are seeking to enter the New York City public school system may register directly at their zoned middle school. Zoned students enrolled in the New York City public school system at the time of the 6th grade application process will be assigned to middle school through the middle school admissions process. Students without a zoned school arriving after the admissions process may visit a Borough Enrollment Office for placement.

⁶ Subject to the additional provisions above, the provisions of this regulation pertaining to elementary schools include kindergarten as well.

⁷ The policies in Section II.C govern admission to zoned elementary and middle schools with the exception of admission into Pre-kindergarten which is governed by the policies set forth in Section II.A.2 above.

- c.. Students not participating in an admissions process for an entry grade seeking admission to a non-zoned elementary and middle school or to an elementary or middle school for which they are not zoned may only be assigned/registered in accordance with the policies set forth in this regulation or as otherwise determined by the Office of Student Enrollment.

E. Policies for Zoned Elementary and Middle Schools

1. Kindergarten is the entry grade to New York City Public Schools. Students must turn 5 by December 31 of a school year in order to be eligible to begin Kindergarten in that academic year.
2. Students zoned for an elementary or middle school have priority for enrollment in those schools in accordance with the policies outlined in this regulation and must be accommodated before assignments are made to non-zoned students.
3. Zoned schools are required to register zoned students and must accept zoned students in accordance with the policies set forth in this regulation and subject to available seats as determined and authorized by the Office of Student Enrollment.
4. Non-zoned students may be admitted to a zoned school only in accordance with the policies set forth in this regulation and as otherwise determined by the Office of Student Enrollment.
5. A zoned school has a responsibility to serve all children who live within its attendance zone in accordance with policies outlined in this regulation. Therefore, in no case may a zoned school cap a grade to achieve or maintain reduced class size in any grade. Only the Division of Portfolio Planning may close a grade to further enrollment.
6. In cases where students must be diverted from the zoned school in the student's grade because of overcrowding, the student is entitled to an alternative placement within the district of residence. This entitlement to a placement grants students in this situation a priority to another zoned school ahead of any non-zoned applicants. Any students assigned to attend a different school due to overcrowding must either accept the assignment or find another alternative to the zoned school.
7. Students who have been reassigned to a school other than their zoned school on the basis of an approved capping plan may remain on the waitlist for their zoned school until a deadline as established by the Office of Student Enrollment. In cases when kindergarten students are reassigned, any available first grade seats for the following year will first be offered to the reassigned kindergarten students in waitlist order. Students who have been reassigned may decline a return to the zoned school and remain at the overflow school. By declining their return, such students will no longer have an automatic right of transfer to the zoned school based on place of residence. Such students who were eligible for transportation to the overflow school will no longer be entitled to transportation unless otherwise required or eligible based on guidelines established by the Office of Pupil Transportation. Upon completion of the last grade in an elementary school, such students will have the option to matriculate to middle school based on their elementary school of enrollment or their place of residence.
8. Parental requests for transfer to a student's zoned elementary will be granted subject to available seats.
9. It is the primary obligation of a zoned school to serve its zoned students. If a zoned school is unable to accommodate all zoned students, non-mandatory programs at the school may be reduced or eliminated.

F. Matriculation Policies

1. Matriculation from a "choice" program (elementary and middle school only)

Any student who is admitted through an application or choice process, who is placed in accordance with his/her IEP or is granted a Placement Exception Request (PER), in

an elementary school for which he/she is not zoned, and who remains in attendance through the completion of the school's last grade may choose to matriculate to middle school based on the options that are generally available to students who are zoned to an elementary school in the district where the student attended elementary school. In districts with middle school choice, students may apply to middle school in the district in which they attend elementary school. The student may also choose to matriculate to middle school in the district containing the middle school to which they are zoned. In this scenario, an out-of-district elementary school student who elects to stay in that district for middle school has the same priority as in-district applicants. In districts where there is middle school choice, if an articulating student is not matched to a school of his/her choice, he/she has priority for a placement in the district of residence.

2. Articulation in K–8 and 6–12 schools

A school that is structured as a K-8 or a 6-12 must have multiple entry points. Therefore, when a student is admitted to a school that is structured as a K–8 or 6–12 that student is entitled to and has priority for admission to the upper grades. Such students may, at the same time, apply to any other school or program for which they are eligible. Students who reside in the elementary school zone have a priority to attend the K-8 school for 6th grade if they are not already in attendance.

G. Articulation to High School

1. Students articulating from 8th grade are guaranteed admission to their zoned high school if they apply to the school via the high school admissions process.
2. No high school (except District 75 schools, District 79 programs and transfer schools) may register students. Only the Office of Student Enrollment may register high school students.
3. Students who have been discharged from the NYC public school system, and have been matched to a school (including the specialized high schools, transfer schools and schools for newcomers and students with limited English proficiency) as the result of the high school admissions process, have a right to return to and attend the school to which they have been matched at any time during the school year for which they were matched.

III. READMISSION

A. Readmission/Right of Return

In general, students all have the right to return to their prior school following discharge from the NYC public schools within one calendar year of discharge in accordance with the following guidelines:

1. Elementary/Middle School Students
 - a. for elementary and middle school students, a student who returns to his/her prior address has the right to return to his/her zoned school, subject to available seats;
 - b. elementary or middle school students who previously attended a non-zoned school have the right to return to that school for one calendar year if they continue to be eligible based on their residence;
 - c. students who previously attended district or citywide Gifted and Talented programs may return to a Gifted and Talented program if a seat is available and if they return to the same district (for district programs). Students who attended district Gifted and Talented programs and return to another district may be readmitted to a Gifted and Talented program in their new district if a seat is available.

2. High School Students
 - a. for high school students, a student who has been discharged from the NYC public school system has the right to return to his/her previous high school (including the specialized high schools, transfer schools and schools for newcomers and students with limited English proficiency) until the conclusion of the calendar year starting on the date of discharge, if he or she has been in attendance for a minimum of one day;⁸
 - b. if there is a question regarding a student's right of return, the Office of Student Enrollment will make the final determination about readmission.
3. A student with disabilities requiring a seat in a Collaborative Team Teaching or Special Class program who has been discharged from the NYC public school system has the right to return to his or her prior school until the conclusion of the calendar year beginning with the date of discharge, if he or she has been in attendance for a minimum of one day.

IV. TRANSFERS

Schools are required to meet with families to review transfer requests and provide all supporting documentation when a transfer is warranted. In all cases except those referenced below, the Office of Student Enrollment determines the school to which a student will transfer.

- A. All requests for transfers as well as all Placement Exception Requests⁹ must be approved by Student Enrollment with the exception of:
 1. Involuntary transfers and voluntary transfers following suspensions, which are handled by the Borough Director of Suspensions in accordance with Chancellor's Regulation A-450 and A-443;
 2. Transfers of elementary schools students seeking to attend their zoned schools (when seats are available), in which case, the receiving principal admits the student; and
 3. Transfers within District 75 and District 79.
- B. Other transfers may be granted to address a particular hardship as described below provided all requisite documentation is presented. In all cases, the Office of Student Enrollment will either deny or approve the transfer request and will determine the school to which a student will transfer.
 1. Childcare Hardship Transfers (students in grades K-5 only): A parent may request a transfer for his/her child because a childcare hardship is created by his/her school's distance from employment and/or childcare location. The parent must provide supporting documentation from his/her employer and/or childcare provider affirming the childcare hardship.
 2. Sibling Transfers (students in grades K-5 only): A parent may request a sibling transfer for his/her child/children because one or more siblings attend different schools.
 3. Medical Transfers: A parent may request a medical transfer for a child to address an exigent medical issue that can be addressed by a change in school. The parent must provide documentation signed by a doctor on the medical provider's letterhead stating the medical condition and the reason why the transfer is recommended. Appropriate staff from the Department of Education (CFN or Student Enrollment) may contact the medical provider to gain further information.
 4. Safety Transfers: The procedures for granting safety transfers are outlined in Chancellor's Regulation A-449. Safety transfers may be granted in the following

⁸ A student discharged to a Code 39 may return to school until the end of the school year in which he/she turns 21.

⁹ Placement Exception Requests are requests made for Fall admission to a school other than the student's zoned or assigned school due to a hardship.

instances: (a) when students are victims of a violent criminal offense on school property pursuant to No Child Left Behind or (b) in situations (including complaints of harassment, intimidation and bullying) in which it is determined that a student's continued presence in the school is unsafe for the student. No Child Left Behind Safety Transfer (NCLB) requests will be coordinated by the Borough Director of Suspensions.

With respect to non-NCLB safety transfers, the determination as to whether or not to grant a safety transfer must be made by the Executive Director of Borough Enrollment within one week of receipt of the required documentation from the principal/designee. The procedures are as follows:

- a. all safety transfer requests and supporting documentation must come from schools; families should not bring the documentation to the Borough Enrollment Office. To be considered for a safety transfer, a school must fax:
 - School Occurrence Report or other school documentation;
 - Police Report, Docket number, or court documentation;
 - Safety Transfer Summary of Investigation Form; and
 - Safety Transfer Intake Form.
 - b. if the supporting documentation does not sufficiently describe the safety issue or if additional information is needed, the Dean, the Assistant Principal Security, or the Principal must provide additional information to the Office of Student Enrollment;
 - c. if it is determined that transferring the student will address the safety issue (regardless of where the incident took place), the safety transfer will be approved and a new placement identified by the Office of Student Enrollment.
5. Sports Transfers (high school students only)
- a. in general, there are no transfers for sports;
 - b. a student athlete listed on the official Public School Athletic League (PSAL) roster in a particular sport who is attending a school that is being phased out and the school building has dropped that particular sport, may apply for a transfer to another school. A student athlete listed on the official PSAL roster in a particular sport who is attending a school where the team ceases to exist may also apply for a transfer to another school. In such cases, the Office of Student Enrollment will identify a school that has a space available and has a PSAL team for that sport and will facilitate an appropriate placement to meet the student athlete's academic and athletic needs;
 - c. a student athlete listed on the official PSAL roster in a particular sport who applies for a transfer under No Child Left Behind Public School Choice (NCLB) is only eligible to be transferred to a school on his/her NCLB application;
 - d. in those cases outlined in b and c above, a student athlete is not guaranteed a spot on the official PSAL team in his/her sport at the new school. He/she must try out for the team;
 - e. all regulations regarding high school athletics are governed by the PSAL Student Athlete Rules and Regulations (available at www.psal.org).
6. Travel Hardship Transfers (high school students only)
- a. a family must present verifiable proof of address to request a travel hardship transfer;
 - b. for a travel hardship transfer to be considered, the commute from home to school must be 75 minutes or greater or otherwise inaccessible by public transportation (i.e., more than three changes).

- C. Placement Exception Request (elementary and middle school only)
 - 1. Prior to the start of the school year, students may request a “Placement Exception Request (PER)” for fall admission to a school other than their zoned or assigned school.
 - 2. Exceptions to placement are considered primarily to address a hardship issue and will be granted to a particular school only if a school has not reached its projected register and there are seats available.

V. ENROLLMENT POLICIES FOR STUDENTS WITH DISABILITIES WHO RECEIVE SPECIAL EDUCATION SERVICES

- A. All policies regarding enrollment for general education students also apply to students with disabilities, including the policies governing student participation in admissions processes. With regard to transfers and placement of students with disabilities, the following policies should be noted:
 - 1. When there is a change in program, students with disabilities are entitled to remain in their current school if that school can provide appropriate services in accordance with the student’s new Individualized Education Plan (IEP). When there is a change in IEP, students with disabilities are entitled to remain in their current school if the changes do not require a unique service or program or District 75 placement.
 - 2. An elementary or middle school student with a disability who is attending a school outside his/her district of residence and has a change in service recommendation has the right to remain in that school subject to available seats or may elect to return to a school in his/her district of residence where there is a seat available.
- B. A student seeking readmission to New York City who was previously identified as a student with a disability who appears without an IEP will be placed by the Borough Enrollment Office or Committee on Special Education, where applicable, in accordance with his/her last New York City IEP. Where appropriate, an IEP meeting must be held at the student’s school within 30 days and a new IEP must be developed.
- C. If a student presents documentation from out of New York City indicating the need for special education services, the student must be referred to the appropriate CSE, where a determination of comparable services will be made and an appropriate school will be assigned.

VI. DETERMINATION OF RESIDENCE

- A. A student’s residence is determined as follows:
 - 1. Residence is determined by a person’s physical presence as an inhabitant within the designated geographic boundaries of a school district with the intent to remain.
 - 2. The residence of a student for school purposes depends upon a factual determination of the care, custody and control of the student.
- B. The following procedure outlines how a person who is not the student’s birth or adoptive parent or legal guardian may register the student:
 - 1. Students must be accompanied by a person in parental relation when registering for school (except for cases of unaccompanied youth as described in Section VIII.D and Chancellor’s Regulation A-780). A person in parental relation includes the student’s father or mother, by birth or adoption, stepfather or stepmother, legally appointed guardian or custodian. A person is regarded as the custodian of another individual if s/he has assumed the charge and care of such individual. Evidence of legal guardianship is not required to register a student.
 - 2. If the individual registering a student is not the parent by birth or adoption or the legal guardian, the individual must provide an affidavit to the school or Borough Enrollment Office with the name, home address, telephone number, name of the birth or adoptive parent(s) or legal guardian, the circumstances under which the student came to reside with him/her, and the duration of the stay (see Attachment No. 1).

3. If there are questions regarding the status of the person seeking to register the student, the student must be registered pending a further investigation by the school into who is serving in custodial relationship to the student.
- C. The following factors should be considered in determining if a student resides with an individual other than his /her birth or adoptive parent(s) or legal guardian:
1. Does the student intend to remain at the address?
 2. Has the birth or adoptive parent or legal guardian relinquished custody and/or control over the student to another person with whom the student lives?
 3. Does the birth or adoptive parent or legal guardian continue to support the student?
 4. Does the adult with whom the student is living provide for the student's care and supervision?
 5. Is there sufficient evidence that the parent has transferred custody and control of the student to the individual with whom the student is living? The school may require sworn and notarized statements or affidavits from the birth or adoptive parent or legal guardian (see Attachment No. 2).
 6. Why is the student living with others? If the sole reason for living with others is to permit the student to attend a certain school or secure a transfer from his/her current school to another school for which he/she is not eligible, then the student's residence is not established there.

VII. VERIFICATION OF RESIDENCY

- A. Proof of address must be provided when enrolling a student in school. The following documents may be used as proof of residency:
1. A telephone bill, cable bill, credit card bill, medical insurance card, or driver's license is not acceptable proof of address. Proof of address may be verified by any two of the following:
 - a. a residential utility bill (gas or electric) in the resident's name issued by National Grid (formerly Keyspan), Con Edison, or the Long Island Power Authority (for the Rockaways) within the prior 60 days;
 - b. documentation or letter on letterhead from a federal, state, or local government agency, including the IRS, the City Housing Authority, Human Resources Administration, the Administration for Children's Services (ACS), or an ACS subcontractor indicating the resident's name and address issued within the prior 60 days;
 - c. an original lease agreement, deed or mortgage statement for the residence;
 - d. a current property tax bill for the residence;
 - e. a water bill for the residence, issued within the past 90 days;
 - f. official payroll documentation from an employer issued within the past 60 days such as a form submitted for tax withholding purposes or a payroll receipt. A letter on the employer's letterhead is not adequate.None of the documents listed above will suffice alone.
 2. If a parent is subletting an apartment or home, or if more than one family shares a living space and there is only one leaseholder or homeowner, the parent must present a notarized "Address Affidavit" signed both by the primary leaseholder as well as the parent affirming that the family is residing in this home, and must attach proof of address of the primary leaseholder as specified in Section VII.A.1 (see Attachment No. 3).
 3. If a parent has more than one residence in New York City, then the residence to be used for the purpose of school registration is the residence where the child lives.
 4. If there is a question as to the adequacy of the proof of the home address, or if the parent is unable to provide the appropriate documents, the Office of Student

Enrollment or the school, where appropriate, will admit the student on a provisional basis. The parent will be given a Provisional Admission Notice indicating that the student is being admitted to the school on a provisional basis pending the outcome of an address investigation (see Attachment No. 4). The school where the student is registered is responsible for initiating an address verification investigation in accordance with procedures below regarding “Falsification and Investigation of Residency”. The student may not be turned away and is entitled to attend class while the investigation is pending.

5. Homeless students are not required to present proof of residency to enroll in school. See Section VIII.D.

B. Falsification and Investigation of Residency

If there is a question about a student’s address or there is suspicion that a falsified address was used to register the student, the school must initiate an address verification investigation within 30 days of discovery of the problem. If it is determined that the student resides at an address that renders the student ineligible to attend his/her current school, the principal must provide the Children First Network Attendance Point Person with the results of the investigation. The Children First Network Attendance Point Person will review the results, and if he or she deems appropriate, will recommend a transfer to the Cluster Point Person. The Cluster Point Person must review the documentation of the investigation and determine whether it is sufficient to warrant a transfer. The Cluster Point Person must then inform the Executive Director of Borough Enrollment of the approval to transfer the student. The Executive Director of Borough Enrollment will then determine the transfer school and effective date of transfer, and will place the student on the register of the transfer school.

1. If the student is to be transferred, the principal must provide the parent with written notice stating the following:
 - a. the findings of the investigation; and
 - b. the child is not entitled to attend the current school and will be transferred to the appropriate school; and
 - c. the name, number and location of the transfer school, and the date the transfer becomes effective as determined by the Executive Director for Borough Enrollment; and
 - d. the right to appeal the results of the investigation to the Cluster Point Person that supports the school within five days of the notification letter.
2. The student will be transferred pending a ruling on the appeal unless the Cluster Point Person, in consultation with the principal and the Executive Director for Borough Enrollment, determines that it is not appropriate. The ruling on appeal should be issued within ten school days.
3. In order to determine an appropriate transfer school, the parent will be required to submit verifiable proof of address. If the parent fails to provide verifiable proof of address documenting the student’s residence in New York City, subject to the discretion of the Executive Director for Borough Enrollment, the student either will be transferred to an appropriate school as determined by the findings of the investigation, or will be considered a non-resident, in which case the parent will be required to pay tuition in accordance with Chancellor’s Regulation A-125

VIII. SPECIAL SITUATIONS

A. Missing Child

If there is suspicion that a student who is being admitted to school may be a “missing child,” a child who has been taken from a parent who has rightful custody, the principal must admit the child and immediately contact the local police precinct.

- B. Emancipated minors (16-17 years of age)
1. Only those students who are independent and living apart from their parents and who are not in need or receipt of foster care may be considered emancipated. If it is determined that a student is emancipated, the student is not required to be accompanied by a parent to register. The following questions may assist in determining whether a student is emancipated:
 - Has the parent relinquished custodial duties?
 - Is the student living separately from the parent or paying rent at home?
 - Is the student managing his/her own affairs?
 - When was the student last in touch with his/her parent?A student may be asked to sign an Affidavit of Emancipation (see Attachment No. 5).
 2. Proof of residence may be shown by a rent receipt in the minor's name, a statement from the person furnishing housing, or an affidavit by the minor.
 3. In cases where the student is under 18 and is married, the student is emancipated.
- C. Children whose parents do not reside together
1. A child may have only one legal residence. For a child whose parents live apart, the child's residence is presumed to be that of the parent who provides custodial care.
 2. If parents have been awarded joint custody, the child's residence is that of the parent who has primary physical custody.
- D. Homeless, Unaccompanied¹⁰ and Runaway Youth
1. Definitions:
 - a. A homeless child is one who lacks a fixed, regular, and adequate nighttime residence. This includes a child who:
 - Is living with a friend, relative or someone else because their family lost their housing due to economic hardship, or a similar reason (referred to as "doubled up"), or is living in a motel, hotel, trailer park, or camping ground due to the lack of alternative adequate accommodations, or
 - Is living in a subsidized publicly or privately operated shelter designed to provide temporary living accommodations (including commercial hotels, congregate shelters, and transitional housing for the mentally ill), or
 - Is awaiting foster care placement, or
 - Is living in a public or private place not designed for or ordinarily used as a regular sleeping accommodation, or
 - Is living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations or similar settings.
 - b. Unaccompanied youth means a youth not in the physical custody of a parent or guardian and who meets the definition of homeless set forth above.
 2. A homeless, unaccompanied or runaway child may either remain in his/her current school of attendance or may transfer to a new school which s/he is eligible to attend based on his/her new residence and for which he/she meets the entrance criteria, where applicable. Homeless high school students are not required to demonstrate a travel hardship before transferring to another school.¹¹ The school selected shall immediately enroll the homeless child or unaccompanied student, even if the child or unaccompanied student is unable to produce records normally required for enrollment. See Chancellor's Regulation A-780 for further information on the rights of homeless students.

¹⁰ An unaccompanied/runaway youth includes a student living in a residential program for runaway youth.

¹¹ Travel hardship transfers are only applicable at the high school level.

3. Children living in residential programs for victims of domestic violence are included in the definition of homeless children. The address of a student living in a domestic violence residence is to be kept confidential by entering a post office address provided by the parent, or by creating an address using the two-digit district number, followed by the letters "DV" and by the county, borough, state and zip code. For example, District 1 = Box 01DV, New York, New York 10002.
 4. The lack of a permanent address does not constitute a legitimate basis for denying a student admission to school. These students are entitled to immediately enroll and attend New York City public schools in accordance with Title VII of the McKinney-Vento Homeless Assistance Act (42 USC 11431) and Chancellor's Regulation A-780.
 5. An unaccompanied student is a homeless child not in the custody of a parent or guardian. An unaccompanied student is not required to appear with an adult in order to enroll in or transfer schools. Enrollment staff or school officials, where applicable, must consider the age and circumstances of the student to determine whether the Administration for Children's Services should be notified.
 6. A homeless student may not be denied immediate enrollment in a school because of lack of documentation, including proof of residency.
- E. Foster care students
- Students in foster care who change foster homes are entitled to remain in the school of origin or are entitled to a school for which the student is geographically eligible to attend based on his/her new address. For foster care students in high school who change residence, if travel from the new foster home to his/her school presents a hardship, the student may be transferred to a school closer to the new foster home without being required to meet the threshold for a travel hardship transfer.
- F. Students returning from Home and Hospital Instruction
- A student returning from home or hospital instruction has the right to return to his/her prior school unless Student Enrollment, in consultation with the family, determines that a different school placement is appropriate.
- G. Students returning from custody
- Students who return to the public schools from the care of the State, City, or private agencies are entitled to expeditious and appropriate educational placement. These facilities include group homes, psychiatric centers, developmental centers, custodial facilities, and residential treatment centers, such as those under the auspices of the New York State Office of Children and Family Services (OCFS) and the Administration for Children's Services (ACS). Students are not required to provide release letters from the custodial agency before enrolling in school.
1. As soon as the agency determines that a placement recommendation to return to school will be made, the agency should send a letter describing the student's change in status with relevant school records, including the IEP, to the appropriate Borough Enrollment Office of the Office of Student Enrollment.
 2. As with other students being readmitted to NYC public schools, students returning from a custodial facility within or outside of NYC may have the right to return to the school he/she attended prior to adjudication within the calendar year in accordance with enrollment policies referenced in this document. The Office of Student Enrollment, in consultation with the student and parent, may determine that the prior school is not appropriate and may therefore identify a different placement.
 3. Students are not required to provide release letters from the custodial agency before enrolling in school.
- H. Students returning from suspensions
1. Students who are suspended have the right to return to the school from which they are suspended unless the student has voluntarily transferred to another school or has

been involuntarily transferred in accordance with Chancellor's Regulation A-450. 8th grade students who have been suspended who have been assigned 9th grade seats for the next fall have rights to those seats upon fulfillment of the 8th grade promotional requirements.

2. Schools may not deny admission to a transferred or articulating student based on his or her former "suspended" status.

IX. LIST NOTICE/TRANSFER PROCESS

A. Transferring students at the end of the school year

1. In June, "sending" schools inform "receiving" schools by list notice of the general education and special education students entering in September as a result of promotion.
2. The principal of the "sending" school must sign the list notices and confirm that the articulation and immunization information is complete and correct. The special education site supervisor or designee must sign the special education checklists.
3. All "receiving" schools should designate a staff member to review incoming students' records. If materials are missing, the "receiving" school should inform the "sending" school as soon as possible.
4. Cumulative records, special clinical packets and other confidential records are reviewed by articulation staff assigned by the principal, packaged and delivered to the "receiving" schools on Transfer of Records Day, which usually occurs the first two weeks of June. All schools must complete transactions by the end of the school year.

B. Reasons for using the List Notice Process

1. Students are moved from one school to another by List Notice in June only for the following reasons:
 - a. promotion to a higher level school (either public or non-public) i.e., from elementary to junior high/intermediate school or intermediate school to high school;
 - b. school closings, openings or reorganizations;
 - c. schools may not list notice students at any other time of year for any other reason.
2. Pre-kindergarten students attending a program at a CBO site will be list noticed to their zoned school unless they have been accepted to another school/program through a sanctioned admissions process.

C. Community School District schools may not List Notice students to District 75 – Citywide Program schools.

D. District 75 may only List Notice a high school student to a non-District 75 school only if the student participated in the high school admissions process and the Committee on Special Education (CSE) re-evaluation has been completed.

E. General education students receiving Department of Education home instruction or attending in-hospital schools at the time the List Notices are prepared cannot be put on a printed List Notice, since they are not on a regular school register.

F. No student is to be List Noticed outside of the five boroughs.

X. WAIVER

This Regulation or any portion thereof may be waived by the Chancellor or his designee if it is determined to be in the best interests of the school system.

XI. INQUIRIES

Telephone:
