Machine Training Schedule 2014

To our Valued Customers

Absolute HAITIAN invites you to review our adaptable training schedule for Haitian and Zhafir machinery. This booklet outlines the detailed coursework, along with available dates and tuition information.

We offer a comprehensive curriculum to effectively develop the molding knowledge of your personnel with a combination of classroom and hands-on machinery instruction. Our goal is to provide your associates with the best possible learning experience. We offer flexible training options that can be customized to individual needs and performed at customers' locations or in our state-of-the-art technical centers.

We look forward to serving your training and machinery needs.

Sincerely,

Randy L. Wendling
Director of Aftermarket Operations
