CODE OF CONDUCT: PARENTS

Parents are responsible for the behaviour of their children.

Accordingly, parents should **ensure their children are aware** of the Code of Conduct for travel on buses. It is expected that parents will cooperate with bus operators, and our school in the management of student behaviour. Parents who have an issue to raise with a driver need to contact the bus operator or the school. It is not appropriate for parents to approach drivers about an issue whilst the bus service is in operation. Please be aware, although the bus drivers will try to remind children, it is the responsibility of students to disembark at their correct designated stop.

Bus drivers

The bus drivers have the important role of driving the bus in a safe manner, as well as ensuring the safety and security of all passengers. Drivers are also required to issue directions to ensure the safety of all passengers. Consequently, it is important that all passengers respect the authority of drivers while they are in control of a vehicle.

When the Code of Conduct has been breached action may range from a caution to refusal of the student's future travel on the bus. Students may be refused travel for a temporary period or in some cases permanently. A 3 warning system is in place:

1st warning: Verbal/written

2nd warning: Suspension for a week

3rd warning: Permanent suspension

Bus operators will make the final decision to refuse travel to a student. This will be done only after the matter has been discussed between the school and the parents. It may be considered, following such discussion, that some form of reasonable action other than refusal of travel is appropriate.
