SHIPPING LABELS

Shipping labels are included in this manual, please use them to help expedite handling. You may photocopy these labels as needed.

DIRECT SHIPMENTS TO SHOW SITE

Targeted move-in dates/times have been assigned to all exhibitors. Please refer to the target move-in floorplan included in this manual for your assigned targeted move-in date/time. All trucks delivering shipments to show site must check-in at the marshaling yard two hours prior to your assigned target date/time. The schedule is for the move-in of your exhibit only; your presence is not required for unloading. You are encouraged to, but not required to, start setting your display on the target date.

OFF-TARGET SHIPMENTS

It is imperative that you adhere to the Target move-in schedule shown on the Target Floor Plan. All trucks delivering shipments to show site must arrive at the marshaling yard two hours prior to assigned target date/time. Trucks missing their target time will be unloaded on a first come, first serve basis after the trucks unloaded during their target time.

ALL trucks delivering to site must check in at the marshaling yard for assignment of dock space. See Material Handling Authorization, Material Handling Information, Target Confirmation, and Material Handling 101 included in this manual.

CRATED SHIPMENTS TO THE ADVANCE WAREHOUSE

Exhibitors who wish to have their crated material arrive at show site prior to or at their target date/time may do so by shipping in advance to the Shepard Advance Warehouse.

Shipments that arrive at the Advance Warehouse on or before March 4, 2016 will be delivered to your booth prior to or during your assigned target date/time. Shepard can not guarantee delivery of late warehouse freight received after March 4, 2016 for delivery to your booth prior to, or at your assigned target date/time.

UNLOADING

Priority unloading will be given to carriers who are targeted and checked in at the Marshaling Yard two hours prior to their target date/time. All others will be unloaded after "on-target" carriers are unloaded. Targeted shipments should be accessible on the truck and not blocked by non-targeted shipments or the non-targeted shipment may be considered off-target.

Shepard crews will make every possible effort to begin unloading carriers during their assigned target unload time.

Find Your Target Date!! Review the target move-in floor plan for your designated date and time.
