

Client Portal: Appointment Reminders & Online Appointment Scheduling

In my practice, I utilize an electronic medical records system that allows for clients to access information about billing and scheduling electronically. Through this system, you can receive an appointment reminder to your email address, your cell phone (via a text message), or your home phone (via a computer generated voice message) the day before your scheduled appointments, E-mail with secure and encrypted software, as well as enjoy the convenience of online scheduling.

Once your account is established, simply visit www.jhoffmancounseling.com, navigate to the *Contact* page and click *Set Appointment Now* to schedule or reschedule your appointments, send E-mail messages, or get billing information and submit payments. You may, of course, continue to schedule appointments in person or by telephone, but if you have Internet access, you are sure to enjoy the convenience of this online system.
